Martin Luther King Day, January 15, 2018

By MICHAEL ROSENZWEIG, Editor in Chief

Martin Luther King, Jr. Day is a federal holiday observed on the third Monday of January each year. It is celebrated to commemorate the birthday, January 15, and achievements of Martin Luther King, one of the pillars of the Civil Rights movement in the United States.

Martin Luther King, the chief spokesman for non-violent activism in the Civil Rights movement was assassinated in 1968. The Martin Luther King Day holiday was signed into law in 1983 by President Ronald Reagan. It was officially observed in all 50 states in 2000.

When the idea of a national holiday honoring Martin Luther King was first proposed, it received some opposition from a few members of Congress. The bill was eventually passed by Congress and supported by many labor unions.

Today, only two other figures have national holidays in the United States honoring them: George Washington and Christopher Columbus. All 50 states now observe Martin Luther King Day. Initially, in New Hampshire, the holiday was known as Civil Rights Day until 1999 when the state legislature voted to change the name of the holiday to Martin Luther King Day.

MM Electronic Transition

Dear CVE Residents:

After long consideration, CVEMM is bringing monthly payment processing and collections in-house as of January 1, 2018.

With the goal of improving efficiency, ease of processing and to reduce costs to the Community, the CVEMM Board has adopted a policy of moving to collect all monthly fees through all electronic forms of payment, whether through ACH or by direct debit instructions given to your own financial institution. At present, over 75 percent of fees are collected in this way.

After further Community consultation and feedback, we recognize that for a number of our residents this transition will require more assistance and also more time. In order to make this transition a positive experience for all, we are taking the following steps to provide time and help.

Time: While hundreds of residents have recently changed to electronic billing, others will require more time, including those snowbirds who have not yet arrived; therefore, CVEMM will extend the transition period to electronic collections for four months until April 30, 2018. At that time, the cost of processing other forms of payments (checks, cash, money orders, etc.) will be evaluated.

A decision will be made on whether to pass on the processing costs of non-electronic payments to the whole Community or only to those who don’t use electronic payment.

Assistance: Setting up an ACH transfer or authorizing your bank to do a direct debit is a quick and simple one-time process which forever eliminates the monthly inconvenience of writing checks, postage, etc.

CVEMM will be providing assistance and instructions to those who require it. There are plans for public meetings, information provided to individuals and Association Boards, and other forms of personal help. Please watch for further information and a schedule of information meetings and transition services.

Thank you in advance.

What is Elder Abuse?

Each year hundreds of thousands of older persons are abused, neglected, and exploited. Many victims are people who are older, frail, and vulnerable and cannot help themselves and depend on others to meet their most basic needs. Abusers of older adults are both women and men, and may be family members, friends, or “trusted others.”

In general, elder abuse is a term referring to any knowing, intentional, or negligent act by a caregiver or any other person that causes harm or a serious risk of harm to a vulnerable adult. Legislatures in all 50 states have passed some form of elder abuse prevention laws. Laws and definitions of terms vary considerably from one state to another, but broadly defined, abuse may be:

- **Physical Abuse** - inflicting physical pain or injury on a senior, e.g. slapping, bruising, or restraining by physical or chemical means.
- **Sexual Abuse** - non-consensual sexual contact of any kind.
- **Neglect** - the failure by those responsible to provide food, shelter, health care, or protection for a vulnerable elder.
- **Exploitation** - the illegal taking, misuse, or concealment of funds, property, or assets of a senior for someone else’s benefit.
- **Emotional Abuse** - inflicting mental pain, anguish, or distress on an elder person through verbal or nonverbal acts, e.g. humiliating, intimidating, or threatening.
- **Abandonment** - desertion of a vulnerable elder by anyone who has assumed the responsibility for care or custody of that person.
- **Self-neglect** - characterized as the failure of a person to perform essential, self-care tasks and that such failure threatens his/her own health or safety.

What are the warning signs of elder abuse?

While one sign does not necessarily indicate abuse, some tell-tale signs that there could be a problem are:

- Bruises, pressure marks, broken bones, abrasions, and burns.
- Unexplained withdrawal from normal activities.
- Sudden changes in financial situations may be the result of exploitation.
- Bedsores, unattended medical needs, poor hygiene, and unusual weight loss are indicators of possible neglect.

Most importantly, be alert. The suffering is often in silence. If you notice changes in a senior’s personality or behavior, you should start to question what is going on.

Remember, it is not your role to verify that abuse is occurring, only to alert others of your suspicions.

To report elder abuse 24/7 call 1-800-962-2873. TDD: 1-800-955-8770
Tips for Traveling

Research and Plan Ahead

Planning, reserving and confirming must be accomplished sooner rather than later. When the destination is resolved with target dates, research airlines, Amtrak, buses, cruise lines. For air and land transportation, seek the most direct and shortest travel times.

If there is a choice of three airlines, for example, enroll in the no-cost frequent flyer program for each. This should give you access to the lowest fares and possible benefits at the airport and aboard the flight, as well as for requesting special services.

Know that once very common, most senior discount fares are history except for Southwest Airlines and Amtrak. To find other senior-special offers, go online to SmarterTravel.com.

Request and Reserve Special Services

Request seat assignment in the rows designated for disabled travelers. And, importantly, request cost-free wheelchair service at every airport origination, connection and arrival location. If there is meal service aboard, advise the reservation system of any dietary needs.

If traveling alone, ensure you will have human assistance from the counter, through security, to the gate and then to board the aircraft. If staffed by an airline employee, there is no cost for wheelchair or assistance. If staffed by Red Cap-type personnel, you will be expected to tip for that assist. If you are traveling with family, they can offer to handle the wheelchair.

If you don’t make and confirm all of these requests at the time of reservation, the airline, train or bus line has no obligation to make them available on check-in or while en route.

The Mayor’s Message

By Bill Ganz, Mayor / City of Deerfield Beach

Century Village Friends and Neighbors,
I hope you enjoyed your holiday and are ready for a healthy and exciting 2018. Your City Commission is incredibly busy with a number of new projects planned for the new year, but there are a few specific projects that I am particularly enthusiastic about.

First is the construction of the North Beach Pavilion. This is a Community Redevelopment Agency (CRA) project that is entirely subsidized through tax increment funding collected strictly from the CRA district. This project will keep a low profile and natural appearance, while drastically enhancing the pavilion’s look and functionality for beach patrons.

Secondly, the CRA is pursuing the Greater Deerfield Beach Chamber of Commerce property to expand the award-winning Sullivan Park with a new Community and Education Center. The City Commission believes this enhancement is the perfect complement to Deerfield Island. This facility will provide a venue for coastal and natural resource programming, along with community events and private rentals.

This year we are putting significant emphasis and resources in the central core of our City which is from the newly-established Pioneer Grove District (NE Second Avenue from NE Second Street to SE Fifth Court) through the Dixie Highway business/residential corridor to Military Trail. Our biggest priority is the simultaneous acceleration of development in the Pioneer Grove District and the Dixie Business/Residential (DBR) corridor.

The plan for both of these areas is to mix old Florida traditional architecture with a mixture of nature elements like rooftop gardens, wildflowers and modern day industrial façade treatments such as brick, steel and wood. This will come with enhanced infrastructure for pedestrians, bicyclists and vehicles.

Friends, momentum is picking up and we are already seeing new growth in Pioneer Grove. Construction of the Townhomes at Village Park is nearly completed. This spring, the Everglades Rum Distillery and Craft Brewery will begin construction where the old Deerfield Beach Builder’s Supply used to be located. These are just a few of the projects on your City Commission’s plate. We have a very busy 2018 ahead of us, but we wouldn’t have it any other way. Change and responsible development is coming to Deerfield Beach!

Finally, if you have any questions about these projects or comments about anything at all, please feel free to email me at bganz@deerfieldbeach.com.

Happy New Year, Friends!

From the Commissioner

By BERNIE PARNESS, District 3 Commissioner

Hello neighbors;
I want to wish you a Happy New Year and good health in 2018!

Century Village has been buzzing about the redevelopment of the old Hillsboro Pines Golf Course, so I thought it would be a good idea to take a trip down memory lane. I recently had the great privilege of sitting with former Deerfield Beach District 3 Commissioner, Marty Popelsky, who filled me in on the history of this property. This month’s article could perhaps serve as a history lesson for all of us.

According to Popelsky, the owners of the course built the first nine holes in 1974. Coincidentally, these were the same developers who constructed Century Village. Hillsboro Pines Golf Course went on to add another nine holes in 1976. But by 1991, the costs of maintaining and operating the course was more than the profit margins. I’m told the owners sold the course for $550,000 to a corporation made up of CVE residents and non-residents. This group elected Marty Popelsky as its President; and according to him, ownership of the course changed at least a couple more times until it was finally shut down in 2013. Century Village attempted to purchase the course, but the deal fell apart.

I write all this to make a critical point. CVE has never owned or operated the golf course. It has been privately owned since 1974. The owners who sold the course never needed our permission to sell, nor our input, because the property has never belonged to our Community. Property owners have rights.

Toll Brothers Luxury Home Builders is interested in purchasing the golf course property and building 200 luxury townhomes on 25 acres along Military Trail. The deal would include donating 57 acres of that land to Century Village for the development of a park. A private park in our Community that would be accessible only to residents in CVE. I believe this deal is a win for us and potentially the very best compromise that we will ever see.

Folks, the land isn’t ours. Someone is going to build something there whether we like it or not. I want a deal that benefits our Community, and I would rather see development on 25 acres instead of 80 acres of land. If you would like to discuss this further or have any questions, please call me at 954-870-0214. Have a great January!
Sheriff’s Report

By SHERIFF SCOTT J. ISRAEL/Broward County

Respect is built on this important foundation of a strong relationship and the many ways we work to get even better.

Throughout the year, we will share stories through our social media platforms on Facebook, Twitter and Instagram, as well as on our website at www.sheriff.org showcasing the acts of compassion that go above and beyond. And we protect. The people who respect our profession and the acts of compassion that go above and beyond. And we protect. The people who make a huge difference in our Uniting Broward initiative which actively unites Broward’s vibrant and diverse community groups across racial, religious, ethnic, cultural and sexual orientation boundaries, to make Broward a better and safer place to live, work and raise a family.

As a law enforcement officer for nearly 40 years, I quickly learned that treating everyone with the kindness and respect they deserve produces massive results. That’s why I’ve made community policing a cornerstone of my belief system and have made it a priority during my time at BSO.

Far too often we focus only on the small number of bad people, when we should also be focused on the 99 percent who are good people. These are the people who can and will make a difference, and help us make Broward even safer. If you treat people with respect, they are more likely to approach law enforcement officers in control and becomes a public safety issue.

So, to quote Aretha Franklin, I’m excited for you to find out what a little respect means to me … and to BSO.

Risk of Burns from Eruptions of Hot Water Overheated in Microwave Ovens

The FDA has received reports of serious skin burns or scalding injuries around people’s hands and faces as a result of hot water erupting out of a cup after it had been over-heated in a microwave oven. Overheating of water in a cup can result in superheated water (past its boiling temperature) without appearing to boil.

This type of phenomena occurs if water is heated in a clean cup. If foreign materials such as instant coffee or sugar are added before heating, the risk is greatly reduced. If superheating has occurred, a slight disturbance or movement such as picking up the cup, or pouring in a spoonful of instant coffee, may result in a violent eruption with the boiling water exploding out of the cup.

What Can Consumers Do to Avoid Super-Heated Water?

Follow the precautions and recommendations found in the microwave oven instruction manuals, specifically the heating time:

• Do not use excessive amounts of time when heating water or liquids in the microwave oven.
• Determine the best time setting to heat the water just to the desired temperature and use that time setting regularly.

A Message from the Editor

By MICHAEL ROSENZWEIG, Editor-in-Chief

Don’t be a Victim!

In this world, there are many unscrupulous contractors and service companies looking to take advantage of consumers, particularly seniors who may seem to be more vulnerable and easy prey. This is particularly true of H.V.A.C. contractors who may seem to be more interested in making a quick buck when your air conditioning stops working, the average consumer with a limited amount of knowledge.

There is a myriad of reasons why a central air conditioning system stops functioning. Every hi-rise unit in CVE, as well as many garden units, have typical central air split systems consisting of the indoor unit or air handler and the outdoor condensing unit located on the roof, ground or alcove. Each indoor unit consists of a blow-away air filter, evaporator coil, blower and motor, control transformer, fan relay, heat relay, electric heating elements, evaporator drain pan, thermal expansion valve/orifice, optional humidistat and thermostat. Each outdoor unit consists of a condenser coil, condenser fan and motor, compressor, filter/dryer, main contactor, disconnect switch, start capacitor, run capacitor and refrigerant containing copper line set between the outdoor unit and indoor unit. When your air conditioning stops working, and your service technician arrives to troubleshoot your system, each above-mentioned component needs to be checked. A faulty fan relay in your indoor unit can cause your system to stop working and be replaced for as little as $15-$20. Yet, there are contractors in this world who will try to sell the consumer a whole new system for $3,000 or more! A faulty control transformer can be replaced for as little as $30. A faulty contactor can be replaced for less than $50. Each of these components can prevent your entire system from functioning if it fails by itself. So, when your air conditioning stops working, make certain your service technician troubleshoots everything down to the component level. Don’t be fooled! Ask for details as to exactly why your system isn’t cooling.

The more you, as a consumer, know about how your system works, the less likely you will become a victim of a dishonest H.V.A.C. company.

Stop Sign

To the Editor:

If I was an American, I would sue but since I’m Canadian, I will politely insist that the stop sign on Grantham, approaching Century Boulevard, be moved forward immediately before another accident such as the one that happened to my husband occurs.

Approaching the intersection on the bike path, he saw a vehicle he thought was not going to stop at the inappropriately located stop sign and slammed on his brakes to avoid a collision. He fell and had to go to the hospital for x-rays. Fortunately, nothing was broken; however, he’s been out of commission for the past two weeks, only now starting to walk without the aid of crutches or a cane. Fix it now!

Win-Win Situation?

To the Editor: Mr. Farness,

First, I want to thank you for your efforts on behalf of all of us at CVE. I realize that it is a lot of work and mostly thankless. I was shocked to read in the minutes of the October 17 COOCVE Board of Directors Meeting, as published in the CVE Reporter, “Considering all the aspects of this plan, this will be looked on as a win-win situation for CVE residents.” Really? Does this include the residents of Upminster J and K and Richmond A, C, E and F? As a resident and board member of Richmond E, J and many of my co-residents feel very betrayed by one of the very governing bodies that have been elected to do what is best for all residents.

The Mail Bag

We encourage letters that enable our readers to sound off on any subject. However, we will not print letters from the same person on the same subject in two consecutive issues. Also, letters must be from CVE residents, signed and, if possible, include your phone number. When we receive letters about applicable contractors, please remember that the Reporter does not endorse any single company. Residents are free to make their own choices each year. Criteria for letters that will not be published: Letters in poor taste, demeaning and vastly untrue.

Horticulture in the Front Yards

To the Editor: While our state-of-the-art sprinkler system has been installed, most of the building fronts have been planted with beautiful landscaping. It is time for the buildings to address the sides and backs of the buildings with landscaping. Also, the yards (gardens) need to be weeded, fed and watered so those areas will look as nice as the yard in front of the Clubhouse.

Fix it now!

To the Editor:

I want to thank you for your letter on traffic problems. Three days a week I have to cross Hillsboro Blvd., in front of the Main Gate, as my dialysis center is there. I used to bicycle in my three-wheeler; but after two incidents of nearly getting hit by cars making left turns while I was in the crosswalk with the signal, I had to stop using it. Pedestrians and bicyclists always have the right of way over vehicles, but apparently it is more important to zoom past the Main Gate and make that left turn than it is for a bicyclist to get across in 30 seconds. I am on dialysis because I intend to live as long as possible, which would include not getting hit by a car making a left turn out of the Main Gate while I am crossing Hillsboro. Drivers — please look, think, slow down and stop! The life you save could be mine.

The motion carried.

The Pledge of Allegiance and a moment of silence at 9:30 a.m. minutes. Marge moved, and it was seconded by Phil, to waive the reading of the November meeting minutes and accept them as written in the Recorder. The motion carried unanimously.

Bay Management Report: Dan Johnson

Dan discussed the budget and the proposal to increase the Recreation coupon by $4. He mentioned that back in August the indoor showers at the satellite pools were removed due to the misuse by residents. To combat this problem, residents would only have the rinse showers, or extra cleaning crews would be required. The residents have been very vocal on this and would rather have an added expense of extra cleaning crews so that the showers can be reopened. Dan explained that part of the proposed increase is to have two or three flooring types so that the maintenance is easier and the appearance is more consistent throughout the Clubhouse. Since there is a large amount of square footage in the Clubhouse, the cost would be a major determinant in the type of floors; and a decision would be made in the new year. Ron moved, and it was seconded by Marge, to increase the Recreation coupon by $4/month. The motion passed unanimously.

Clubhouse

Air Conditioning: Service Experts/EWI installed a new coil in the air conditioning unit located in the Lapidary Room. Maintenance: The Maintenance team pressure washed and painted the East wall of the bus ramp. Fire Safety: The Electrical Room has been completed and has passed inspection. Empire Fire submitted drawings for the Clubhouse restrooms.

Fitness Center: Stanley Doors replaced the hardware panel in the automatic doors.

Pools: Gutters have been installed at both the Richmond and Upminster pools. A polyurethane sealant has been applied to Oakridge, Ventnor, Westbury, Grantham and Markham to help eliminate the water drips. Pressure washing of all decks, chairs and loungers at the satellite pools is complete. The Clubhouse pool will be next for pressure washing - trying to find time without closeding the pool. A new pump was installed at the Newport pool. A new transformer was installed at the Lyndhurst pool to help control the variable speed drive.

Outdoor

Petanque: Benches were added at the Petanque Courts that were built and installed over the summer. Pickleball: Paddle racks have been built and will be installed at the Pickleball Courts shortly. Phil complimented Dan on the racks. He mentioned that bolts are sticking out on the back of the racks and asked him to either cut them or put a used tennis ball on the end so that no one can get hurt. He also asked if the windscreen could be removed so that residents can watch the play from the sidewalk. Dan responded that it could be removed as long as the wind doesn’t disrupt the players.

Maintenance

A total of 235 work orders were completed in the month of November; 33 remain open. Special Projects

Clubhouse Restrooms: A final fire inspection has been scheduled for December 8. Dan stated that the restroom should be re-opened by December 12 or 13. Rita mentioned that the remodel is beautiful and that automatic door openers have been installed. Dan replied that the automatic door openers for the Party Room restrooms will be installed sometime in early January.

There were 50,000 people voting or determining a quorum and is from the Officers and Directors Forms that are sent to COOCVE from the associations or property managers, MM and Recre. Each form lists the Association’s Officers and Directors, as well as the Association’s COOCVE Directors and Alternates. The form must be signed by the Association President and have the Association’s seal. Charlie asked that if anyone finds the information incorrect, see him after the meeting. He stated that some residents are confused between the term Director and COOCVE Director. You can be either, neither or both. In most cases, you should be elected by the residents of your Association. An Association Director is usually three to seven people depending on the size of the building. If, and only if, a vacancy occurs, then the Association Board may appoint a Director and/or COOCVE Director. Because you are an Association Director does not mean you are automatically a COOCVE Director. Elections for both positions are held at your Association’s Annual Election. Another reason to get the completed Forms to COOCVE is that the invoices for the 2018 COOCVE dues are sent out via email. If there are changes to the Association Directors, they need to know so that the invoices can get to the correct individuals. A copy will also be sent to Seacrest and East Coast to assist in the process.

On Tuesday, January 16, the election will be held for COOCVE, MM and Recreation. Charlie urged residents to make every effort to attend and vote. There are five seats open on the CVE Master Management Board, four seats open on the COOCVE Recreation Committee. COOCVE has contended positions for President, Vice Presidents and Treasurer. Candidate resumes will be printed in the CVE Reporter. The COOCVE Directors will vote first; after that, if an eligible COOCVE Director has not voted, then an Alternate COOCVE Director from that Association will be allowed to vote. Charlie urged everyone to attend the Candidates’ Forum on January 4 in Room GPA from 1 to 4 p.m. At this forum, residents will be able to hear and ask questions of the candidates.

The Condo Document Presentation for all Association Presidents, Officers and Directors will be held on January 12 in the Party Room. After this presentation, Charlie will email the entire 99-page document, as well as a smaller document to every Association (253), high-water mark. If any changes to the minutes are made, then make a correction on the email address of a neighbor. The other Director has not voted, then the Alternate Director will vote first; after that, if an eligible Director has not voted, then an Alternate Director from that Association will be allowed to vote. Charlie mentioned that, with less than 30% of their cars, he also urged residents not to leave the investigation is ongoing. He mentioned that some residents have been caught and an investigation is ongoing. He will mention this process takes time. Toll Brothers is buying the land, whether or not they give CVE the property. MM feels it is too toxic for CVE to build on it and eventually, Toll Brothers will build on it. The only protection that CVE has for CVE to accept the 60 acres of land and MM will vote on it. Because MM is not a for-profits, they do have to pay taxes on the land, MM will only have to maintain the property. Since CVE never owned the golf course, the owner of the property does not need CVE’s permission to sell; and Toll Brothers does not need CVE’s permission to sell. Master Management – Gene Goldman

Gene mentioned that MM has not yet agreed to accept the golf course property. MM is very hopeful Toll Brothers will meet the demands of cleaning the property. MM has the top environmental attorneys in the State of Florida working with them. In the past, MM offered to purchase the golf course from the current owner for $5.5 million and asked him to clean the property which he refused to do. At that point, MM did not want to spend millions of dollars to clean it up. Even though Toll Brothers wants to give MM the property, MM still doesn’t want to spend millions of dollars to clean it up. The goal is to have them clean it up to a viable level so that CVE can have a clean open space.

Gene mentioned about the Gatehouses and that they should receive clearance from the City in January to begin constructing on them. Construction will begin at the end of March or beginning of April when traffic begins to slow down. They will start with the East Gate, continue with the West Gate and then finish with the Main Gate; all Gatehouses should be completed by November 2018. They will include handicapped restrooms and the noise levels will decrease, as well as new security and landscaping. Gene mentioned that MM has approved the lighting project for CVE and is currently investigating the type of lighting that is best for the Village. Gene also mentioned about the perimeter wall and mentioned that MM will hold a public meeting to discuss the wall and that all are welcome to attend.

C COVEC Vice-President Sandy Schmier called the meeting to order at 9:30 a.m. Sandy stated that Allegiance and a Moment of Silence and asked that everyone keep Bob Gravatt in their thoughts during the silence. Sandy announced that a quo- rum was not present. Motion - Sandy asked for approval to waive the reading of the minutes from the November 15 meeting and approve them as printed in the Reporter. The motion was carried unani- mously by a show of hands.

Treasurer’s Report For the month of November, Expenses were $1,987.00. The YTD Income Balance was $153,071. Expenses were $82,527 which results in a Year-to-Date Net Income of $70,543.00.

President’s Report – Sandy Schmier Sandy read a statement which Sandy made at the City Hall Meeting on December 5 before the Deerfield Beach City Council. “I am Charles Parness – President of COOCVE which is the umbrella organization of over 200 condo associations in CVE. I am speaking today in support of the proposed golf course purchase. The golf course property rights cut right in support of the proposed Village property cuts right now. Over 200 condo associations of COOCVE which is the Village. What it will accomplish is our acquisition of that portion of the former golf course which will allow any future developer from physi- cally dividing our Village, impeding resistance to other buildings and facilities and destroying our Village security. To the Village Community, we urge that the purchase be approved. Motion – It was mentioned that at the City meeting, the Commission approved it unani- mously in passing it to the next step. Sandy then turned the meeting over to Sylvia Smaldone, Chairperson for the Council of Area Chairs. Chairperson of the Coun- cil of Area Chairs – Sylvia Smaldone Sylvia thanked everyone for coming to the meeting and thanked MM for the coffee.

Master Management – Kel- ly Hampe and Michael Johnson Joseph Robey, Treasurer for MM, read the following press release release which will be the way MM will handle collections and processing of dues: After today’s meeting MM will handle collections and processing in house as of January 1, 2018. With the goal of improving efficiency, ease of processing and to reduce costs to the Community, the MM Board has adopted a policy of moving to collect all monthly fees through a variety of electronic forms of payment, whether through ACH or by direct debit instructions given to your own financial institution. At present over 75 percent of fees are collected in this way. After further Community consultation and feedback, we recognize that for a number of our residents this transition will require more assistance and more time in order to make this transition a posi-
tive experience for all, we are taking the following steps to provide time and help. While hundreds of residents recently changed to electronic billing, others will require more time, including those snowbirds that have not yet arrived. Therefore, CVEMM will extend the transition period to electronic collections for four months, until April 30, 2018. At that time, the cost of processing other forms of pay- ments (checks, cash, money orders, etc.) will be evaluated. A date will be made on the MM’s website to pass on whether to pass on the pro- cessing costs of non-electronic payments to the whole Com- munity or only to those who don’t use electronic payment. Setting up an ACH transfer or authorizing your bank to do a direct debit is actually a quick and simple, one-time process which forever eliminates the monthly inconvenience of writing checks, postage, etc. CVEMM will be providing assistance and instructions to those who require it. There are plans for paper payments, infor- mation provided to individ- uals and Association Boards, and instructions on how to help. Please watch for further information and a schedule of information meetings and transition services. Kelly added that since this was just done, MM is still going through the details. She thanked Seacrest for their assistance and patience through this process. Gene asked if those that have been signed up need to sign up again. Kelly replied that they could still come back and enroll to fill out a new direct debit form in the next 30 days since many of them are very old. She also mentioned that copies of flyers and the press release are available after today’s meeting and urged Directors to distribute them in their areas. The MM meeting will be held on Thursday, December 14. A resident asked about the status of the properties for a number of our residents told that it is something that is still in the permitting stage, and they hope to begin after the season in April, all three Gates will be completed in 2018.

Recreation – Dan Johnson Trunk Show and Winterfest: At the last MM Meeting, the Winterfest will be held on December 20 from 10 a.m. to 4 p.m. at Le Club. At the Trunk show, clothes, jewelry, hand- bags, sunglasses and other items will be for sale. At the Winterfest, a craft area will be set up for residents to make winter and holiday crafts; children are welcome. On December 28, the movie Frozen will be shown in the high school pool at 7:30 p.m. Bring your own chairs and blankets.

CVE Lecture Series: Begin- ning on January 4, in the Theatre, a lecture series will be held. The first four lec- tures will be about musicals, plays and Broadway shows. Tickets are $7 and will be held at Thursday, January 4, 18, 25, and February 1. Tickets will go on sale at the Box Office on Monday, December 11.

Cohen-Carlucchi Wedding: This is an interactive show and wavelength will be held in Le Club on January 22. The doors open at 5:30 p.m.; at- tendees should arrive as if they were going to a wedding. This show is a wedding between a Jewish man and an Italian woman. A full dinner will be served; tickets are $55/person and are on sale at the Box Of- fice or through the website.

Cohen’s Bagel and Deli: Co- hen’s will be serving dinner before every show beginning Saturday, December 9. Din- ners will be served on show highlight every Friday and Saturday (and Wednesday) for the rest of the season. Take out is available and reservations are suggested.

Election Committee – Pat Bidol-Padva Pat reminded residents that there will be a Meet the Candidates Forum on Thurs- day, January 4, 2018 from 1 to 4 p.m. in the Clubhouse Room GP-A. There are 25 candidates and two of them are unopposed, urged all residents to attend. Pat stated that the candidates are listed in the Reporter.

Seacrest – Seacrest thanked everyone and wished every- one a Happy Holiday.

East Coast – Nothing to report and no questions.

First Service Residential – Nothing to request and no questions.

Stevens – Thanked Kelly, Dan Johnson and Michael Johnson for coming to the meeting and thanked Seacrest.

Areas

Berkshire: Mentioned that the change in view has been an improve- ment in the janitorial services and thanked Seacrest.

Elliott: Thanked Kelly, Dan Johnson and Michael Johnson for coming to the meeting and thanked Seacrest.

Grantham: Gene asked Dan when the satellite pools will be turned back on and did this is a difficult task as many requests are coming in asking for a build to repair dump- sters or replace them.

Uptown: Harriett men- tioned that the golf course has placed hurricane debris in the parking lot. Mayor Harriett Up- minster J. They have reported this once since October to Code Enforcement, and the debris is still not removed. Dan replied that it is important to leave your name and number when you call Code Enforcement. He also suggested making an appointment for someone to meet you at your parking lot so that you can show them where the issue is. Someone stopped by Dan’s office looking for debris on the golf course, and he did not know where to send him. Kelly replied that she would call Code Enforcement and try to get it removed. Michael replied that there is a District 2 Meeting at the Clubhouse today at 1 p.m. with Bernie Parness, and this would be the perfect place to bring this issue up.

Irrigation Project. The budget will be presented to the Board for the next fiscal year.

Per member inquiry, Gene confirmed the $6 will be added back to the coupon to what it was two years ago to pay for the additional work being done, to include an eight-foot concrete perimeter wall which will be installed to replace the current 40-year-old deteriorating fence. This will make the community safer, more appealing looking for the Community. He stated he was hopeful the much-needed Lighting Upgrade Project would be completed within one year, and he was excited for the new projects under- way. He complimented the staff’s efforts and thanked Joe for his report.

President’s Report – Gene Goldman (1:47:41 p.m.)

1) Golf Course Property Upgrade

Gene reminded residents they had not received communication from Toll Brothers, but he was assured the funds were received and said the property would only be accepted if MM standards are met. He also advised one of the State’s lead- ing environmental attorneys, MM’s legal firm, that deals with property transfers are in discussion to prepare a response to Toll Brothers and was hopeful for a good outcome and will receive the property. He stated “it will be close to a year before Toll Brothers will be in possession of the property; therefore, MM will not receive said prop- erty until their acquisition.

Gene thanked Recreation, MM, East Coast, Lake’s, Seacrest and everyone in- volved for their efforts in the hurricane cleanup, noting the 26 miles of road- way repaving work. The MM Board was hopeful for a great outcome and will receive the property. He stated, “it will be close to a year before Toll Brothers will be in possession of the property; therefore, MM will not receive said prop- erty until their acquisition.”

Gene acknowledged the in- bus routes. She reported a Village bus was totaled in a car accident last week and was pleased to report the two residents on board will be okay and will make a recovery. A leased bus will be utilized until replacement is finalized. The bus company con- ducted the transportation company, as well as the Board, met 98 percent of the Com- munity objectives in their decision, which included ex- tensive discussions, meetings, public forums, Community feedback, ridership analysis, and data collection; after this, it was decided the buses would be utilized until replacement is finalized. Gene acknowledged the nu- merous calls received regard- ing light outages. She advised FPL Lighting (2:01:35 p.m.)

Gene reported MM met the hurricane.

Gene reported MM ques- tions/answer meetings were held regarding the Paving Project, advising Associations and those who have pay- ing questions were, and are, welcome to attend. She stated there are flyers in the back of the room for directions.

Gene stated the new bus schedules were available in the back of the room, the Clubhouse and via the website. Kelly requested Communication for Open Mic. Kelly and Gene offered alternative transportation for those in need for the hurricane.

Mel stated he was thrilled to have the new employees because he believed it would improve the efficiency of the Accounts Receivable being internal as one area of finan- cial improvement. He also appreciated the Board’s collaboration and efforts and expressed grati- tude to everyone for their participation.

Village Meeting Minutes

Master Management Board Meeting – November 16, 2017

Vic-President Michael Routburg called to order the regular meeting of the elected volunteer Board of Directors of CVE Master Management Corporation at 9:30 a.m. Michael introduced the members of the Board. The meeting minutes were signed in the back of the room if they wish to speak at Open Business.

Roll Call
Present: Michael Routburg, President; Joseph Ciocca, Joseph Roboz, Barry Warhohit, Marie McGleenon, Amanda Kaczor; Absent: Gene Goldenman; Michael noted in attendance: Charles Parness, President of COOCVE; Rita Pikar, Chair of the Recreation Advisory Committee; Silvia Smalndra, Chair of the Areas Chairs and Michael Rosenzweig, Editor-in-Chief of the CVE Reporter.

Following the Filing of the Agenda, Michael Rutnbug called to order the regular meeting of the Board of Directors for November 16, 2017 MM Board Meeting and Financials, Thursday, 9:30 a.m. to 11:45 a.m.

President’s Report
– Michael Routsburg (9:33:42 a.m.)

Michael announced he has a motion to take action at the end of the meeting under Members Comments; some of the items from the meeting will also come out during the course of the meeting. (See Members Comments below at time stamp.)

Financial Report – Joseph Roboz (9:34:12 a.m.)

For the month ending October 31, 2017, the revenues were $5,114,000 and the expenses were $3,129,000 with Total Liabilities of $3.55 million and a Deficit of $1.3 million. MM’s expenses exceeded Revenue by $10,000,000 and YTD Expenses were $115,000. YTD Revenue was $1,114,000. The Net Expense was $999,000 and Expenses were $1,114,000. The Net Expense will be financed for up to a Deficit of $1.3 million. MM’s intention is to finance the deficit with a loan, up to $3 million, to be financed for up to a five-year term with no repayment, due to the increase in the residents.

Joseph Roboz moved that the 2018 Budget as presented, including a Maintenance Fee of $122 per month, a Capital Project Budget of $1.5 million budget and a Deficit of $1.3 million be approved for 2018.

Following discussion, the vote was taken and the motion passed unanimously.

Joe applauded Kelly and the layers of efforts over the past several years. A round of applause ensued.

Joseph Roboz moved to accept the audited Financial Statement for 2016 as presented by MM’s Corporation’s auditor for fiscal year 2017.

Joe noted that MM has acquired property which will be sold to Centurion for $153,648 for a remaining balance of $153,648. Joe requested motion that the Board authorize the corporation to sell such property.

Following discussion, in formality, the vote was taken and the motion passed unanimously.

Joe noted that MM’s 2016 income was $2.7 million. Joe also noted that the Corporation’sitals/boards are mostly committees/boards are mostly made up of volunteers and have the desire to work for the Century Village which has been helpful and accommodating throughout the process. The Board approved the 2018 Capital Budget to include: a Capital Project Budget of $1.5 million for General Administration; Capital Project Budget of $3.5 million for Capital Projects to be underwritten for up to a Deficit of $1.3 million. The predominate expenses from previous years are Capital Replacements and Planned Projects. MM anticipates expenditure of $3.5 million for projects commencing 2018 and into 2019 and beyond, dependent on approval and construction schedules and speed at which work can be done.

Joe noted that the Board has reviewed and approved the 2018 projects. (Refer to video at time stamp for full discussion.)

4) 2018 Capital Replacements and Planned Projects (9:41:21 a.m.)

Joe noted that MM is planning a breakdown of Expenses to include $1.2 million for General Administration; $1.0 million for MM’s Corporation’s auditor for fiscal year 2017; $450,000 for Villa-

Additionally, MM is not authorized to make repairs to FPL property. Kelly concurred, adding FPL is also experiencing a shortage in parts. Village lighting discussion ensued.

Michael mentioned the FDOT meeting on November 15 regarding 10th Street which was an informative presentation wherein a number of questions and topics were raised. There will be additional meetings through 2019; one meeting will take place in Century Village, preferably in season, so that as many people that will be here can present; and Michael offered the literature he had on hand for review; Kelly provided a bus for the residents of the six buildings that will be impacted by the Toll Brothers’ future development for a tour on November 27 for an overview of their plans for landscaping, perimeter wall and housing views.

Commissioner Bernie Parness and a Toll Brothers’ representative will be there to answer questions. Everyone was wished a Happy Thanksgiving; a District 3 Meeting will be held December 13, 2017 at 1 p.m. in the Clubhouse. Commissioner Bernie Parness will be in attendance; there will be an Annual Hanukkah celebration at Century Village on December 12, 2017; flyers will be sent out and everyone was wished a wonderful, safe season.

CoOCVE President’s Report

By CHARLES K. PARNES, President/ COOCVE

I am Charles Parness, President of CoOCVE, which is the umbrella organization of over 200 condo associations in CVE. I am speaking today in support of the proposed golf course purchase. The golf course property cuts right through the center of our Village. A few years ago, over 80 percent of the residents of 8,508 apartments voted to acquire the golf course to prevent physically dividing our community and destroying our security. It is unusual for a community leader to speak in support of a developer’s efforts; but I do so because in this specific case, the result of the purchase will accomplish what we need. I sympathize with those residents that are concerned about losing the current view from their units, but no one is ever guaranteed a specific view, especially when it is not on their own property. Furthermore, if this project is not approved now, what project may come next – a cemetery, a factory, or a low-cost housing project? Are any of these options better than the high-end gated community being proposed? The change in view must be weighed against the enormous gains for the entire Village. What it will accomplish is our acquisition of that portion of the former golf course which will prevent any future developer from physically dividing our Village, impacting resident access to other buildings and facilities and destroying our Village security. To preserve our community, we urge that this purchase be approved.

A Successful Year for Islewood D

By REBECCA MEDINA

Thirty-five condo owners attended their November Board of Directors’ Budget Meeting held in Room G-P-A in the Clubhouse. Addressing the condo owners, Board President Ralph Wilner stated, “Islewood D had a busy year with the insta-lling of an addressable fire alarm system, passing our 40-year inspection with flying colors and preparing to refresh our catwalks and building, all without an assessment.”

Deerfield Progressive Forum Enters 40th Year at CVE

By GILDA BRODSKY and PHYL-LIS KERNOFF MANSFIELD

The Progressive Forum celebrated the start of its 40th year here at CVE with an exceptional film portraying the life of James Baldwin, world-renowned author and black activist. An audience of Baldwin and other famous black leaders such as Martin Luther King and Malcolm X; these courageous men taught us, by their words and writings, what it was like to be black and live in America. Significantly, both King and Malcolm were assassinated. The following week we enjoyed hearing from Gerry Grayson, Professor of Labor Studies at the College of New York (CUNY). Professor Grayson gave us a very interesting history of the American Labor Movement; he started with the Revolutionary Period in America through the Civil War, continuing through the Industrial Revolution, the Roosevelt era and WWII and finished by describing the decline in union power today.

Grayson suggested that President Ronald Reagan’s breaking the airline controllers’ strike was largely responsible for the subsequent downfall of unions in the USA. After our holiday break, we started with a topic that is central to all our lives but often makes us uncomfortable to discuss: it is Facing Mortality: Making End-of-Life Decisions. Offering this talk was Win-nie Downes from the group Compassion and Choices in Sarasota. All were welcome and certainly came away with a better understanding of the issues involved.

Our other talks in January include the following: On January 13, one of our favorite presenters, Brian Jones, will question the future of public education; on January 20, we will have an open discussion of current topics, led by a lively and knowledgeable FAU professor, Ronelle Delmont. Our final January presentation will be by the renowned speaker, Mark Solomon, who has entertained and informed us for more than a decade; his topic is How to Combat the Fascist Threat looming in this country.

City Commission Approves Zoning Change

By MICHAEL ROSENZWEIG, Editor in Chief

At a public hearing on Tuesday December 5, 2017 the Deerfield Beach City Commission unanimously approved an ordinance amending the land use plan map for the CVE golf course from recreation commercial to residential moderate and recreation open space. This is one more step in the process for Toll Brothers to build 200+ townhomes on parcel #5 adjacent to Military Trail and enable the remaining four (4) parcels to be deeded over to Master Management as a passive park.

Scott Backman, lawyer for Toll Brothers, made a ten-minute presentation illustrating the project. After his presentation, the floor was opened for comments from Commission members and the public. Commissioner Gloria Battle voiced concerns regarding the traffic on Military Trail. Commissioner Bernie Parness stated the project would be beneficial for Century Village. The following individuals spoke in favor of the project: Rhonda Pitone, Newport L; Joseph Roboz, Islewood D; Michael Routburg, Upminster E; Charles Parness, Ventnor O; David Savinsky, Westbury E and Martin Wolf, Upminster J.

Mr. Roboz stated it was a “good news/bad news” situation.

Mr. Routburg stated the details regarding arsenic removal and land conditions are being negotiated by the legal representatives of both sides. Helen Lehrer of Upminster J, along with Jerry Lee of Crystal Lake Dr. and Dan Hurst of Deerfield Beach spoke passionately as to why the project should not proceed, i.e. traffic, noise and loss of green space.

After listening to those wishing to speak publicly, Mayor Bill Ganz voiced concerns he has regarding traffic control and responsible land usage. The resolution was then voted on and approved by the Mayor, Commissioners Parness, Drosky and Battle, Vice Mayor Miller and City Manager Hanson. The next public hearing on this subject will be held on January 16, 2018 in City Hall, 150 NE 2nd Ave.

Editor’s Comment: A passive park for the residents of Century Village is a great idea! But, prior to deeding the property to Master Management, Toll Brothers needs to provide a written guarantee to the people of Century Village that the property is suitable to be used as a passive park as is with no further removal of contaminants, e.g. arsenic.

MAINTENANCE BILLING & PAYMENTS

Dear Unit Owner - The monthly fee for Master Management has increased in 2018 to $122 per month to cover the costs of the increased number of capital projects planned for the year. Please review the following information on how to make your monthly payment. Those that have not elected to use direct debit initiated by Seacrest in the past will receive a coupon book in the coming weeks. The coupons will be delayed, if this is your preferred way to make a payment with a check, please plan to mail it directly to the address indicated below or drop it off at the Master Management office.

ONLINE PAYMENTS & E-BILLING

We are happy to offer several options for making electronic payment of your monthly fee. Direct debit authorizing Master Management via the direct debit authorization form to withdraw your monthly payment from your bank account is the preferred method of payment. This is a fast, convenient, and FREE way to make your payment. If you have previously signed up for direct debit you do not need to take any action at this time. Your payments will automatically be debited between the 5th and 10th of each month. If you’d like to sign up for direct debit, please complete the authorization form and return it to the Master Management Office.

www.cvedb.com/index.php/resident-dashboard/

As of January 1st, we are happy to be able to provide the use of ClickPay as another option for electronic payment of your monthly fees. We invite you to set up automatic recurring or one-time payments online by e-check (ACH) from your bank account for FREE or by major credit and debit card for a fee.

To get started, simply visit the web address below and follow the instructions listed:

www.cvedb.com

1. Click Make a Payment and then create your online profile with ClickPay
2. Connect Your Home using the account number found on your coupon book
3. Set up Automatic Payments or click Pay Now to make one-time payments

For any questions, please visit ClickPay’s support center at www.ClickPay.com/Help for access to FAQ’s, step-by-step walkthroughs, email and phone support, and live chat.

MAILING ADDRESS FOR PAYMENTS

If you choose to submit your payments by paper check, money order or through your bank’s Online Bill Pay feature, please mail your payments to the address listed below.

P.O. Box 30134
Tampa, FL 33630-3134

Please make all checks payable to CVE Master Management, include the coupon slip with your payments, and write your account number found on your coupon book in the notes section of your check. The mailbox at the clubhouse will remain available for dropping off checks, if more convenient.

Thank you for your attention to this matter,
CVE Master Management

**CANDIDATES FOR COOCVE COMMITTEE**

**DONNA CAPOBIANCO** - CVE Board experience includes Oakridge V Board for 13 years, 12 as President; responsible for keeping building in excellent condition saving our owners thousands of dollars by passing the 40-yr. Inspection. Master Management Board for seven years, six as President; responsible for moving the Board away from running the company to hiring professionals like Kelly Hampton; COOCVE Director for five years. I wish to help CVE improve how it operates to benefit our associations and owners. I believe COOCVE, Recreation and Master Management, working together, can improve our Community and all our lives. I want to help make that happen.

**HOWARD DRANDOFF** - I am seeking reelection as the Treasurer of COOCVE. I am a full-time resident of Century Village residing in, and Treasurer of, Upminster J. I have a BA from LIU and was employed by the Joint Industry Board of the Electrical Industry as a computer operator for 28 years. In the past, I was a member of the Knights of Pythias (Unipar Lodge) and held the rank of Past Chancellor. I achieved that rank by serving first as treasurer and then secretary for about 14 years. I was instrumental in combining records when we merged with another lodge (Canarsie Lodge).

*RAFAEL ESCOLASTICO* - Worked from 2006-2009 at Stimpson Company in the Airport Security Division for American Airlines, offering services at the Airport of the Americas as Customer Service, Santo Domingo, Dominican Republic and worked at Sterling products, Santo Domingo, Dominican Republic. From 2010-2012, worked at Spirit Airlines, Aviation Longport; currently working in Customer Service at Scotia Bank. Familiar with using various computer programs and phone at the same time; also systems like SABRE, AS-400, CAT and CITRIX.

From 2008-2012, Study Education at Utesa University, Santo Domingo, Dominican Republic.

**PATRICIA O’DONNELL** - MA in Business Education, NYU, New York, NY; former COOCVE Director for two years; currently Farnham Area Chair. I am a six-year resident of CVE and can be seen at many of the various Village meetings year-round. I attended condo classes for five years, presented by two different law firms. I am a former high school teacher (five years) and a former secretary (25 years) to doctors, lawyers and engineers in a corporate environment.

I would like to help out where I am needed in the Village.

**MICHAEL RACKMAN** - Have a BA, BS, MS, all from Columbia University; LLB from NYU. Presently, am Director for Berkshire C; member COOCVE Bylaws Committee; past Board member of Berkshire C; founding partner of NYC Intellectual Property Law Firm. Have been a full-time CVE resident for five years; committed to preserving the quality of life, safety and real estate values. How CVE is governed is mysterious to most residents; I want to participate in any revamping that is coming, and my legal background should help.

**RICHARD ROSENZWEIG** - Year-round resident of CVE for eight years; previously was snowbird for many years. President of Farnham E Association and COOCVE Director; Co-President of Temple Beth Israel; member of the Deerfield Beach Democratic Club; Veteran; Commander of Post 265 of the Jewish War Veterans; Past Commander of the JWV Department of Florida; Volunteer for Honor Flights of South Florida; member of the Broward Veterans Coalition.

Owned the Band Box Music Store at age 22; ran my own food distributorship; served as Deerfield Beach City Commissioner; serving on the Broward County Planning Board.

*ALAN SCHWARTZ* - Former COOCVE Treasurer – serious accident required that I relinquish this position. In my capacity as former Treasurer, I acquired a working knowledge of what is expected of the Comptroller.
mandate, that is; examining cash receipts and disbursements, reviewing bank statements in conjunction with the periodic audit process and provide the Board with accurate reports.

A 40-yr. resident of Farnham Q; graduated Adelphi University, BA; Veteran; Peace Corp. Volunteer; Management Analyst, Paramount Pictures where I produced policy and procedure manuals. I believe that I have the unique, hands-on ability to assume the position of Comptroller.

SYLVIA SMALDONE - Proven leader with exceptional organizational skills; ability to complete projects on time and within budget; possess excellent analytical/problem-solving skills. Positive attitude; strong work ethic and proven ability to direct, motivate and train staff. Secretary on Board of Directors of my association; Tilton Area Chair of 24 associations.

Strong, administrative relationships; excellent customer service; payroll and office operation management. Hired and supervised all new employees; improved monthly accounting service; effectively managed staff schedules to reduce overtime. Exceeded planned goals of 100 percent on all new business; studied management methods in order to improve workflow; successfully spoke to clients and insurance adjusters.

ALEXANDER ZILBERMAN - I have an M.Sc in Electrical Engineering; am COOCVE Director for Islewood D; supervised successful completion of the 40-yr. inspection.

In 1977-1980 was Chief Power Officer, State Electrical Power Plant; in 1980-2016 was President, CEO and Treasurer for Computer Consulting Corporation, providing services to international banks and brokerage corporations. Senior Partner, President and CEO of Professional Engineering Corporation, providing services to domestic and overseas architectural, construction and industrial companies; President and CEO, Treasurer, Chief Operational Officer of International Shipping Company, providing worldwide freight forwarding to corporate and private clients; Director of Operations, establishing solar panels manufacturing facility in Puerto Rico.

*By Acclamation

CANDIDATES FOR MASTER MANAGEMENT COMMITTEE

JOSEPH DICK CIOCCA - During my 15 years of residence in Berkshire C, I have served as Secretary/Treasurer of the Berkshire Area. I have served on the COOCVE Board of Directors for 10 years; Chair of the COOCVE Insurance Committee for four years; served on the Master Management Board of Directors for nine years; served on the Board of Berkshire C for ten years.

Served as National President of the National Association of the Prudential Retirees; currently, Board member for NRLN, a national non-profit organization for retirees of large corporations; served on the Board of Young Israel of Deerfield Beach Synagogue.

JAMES R. COLLINS - Graduated Fordham University, BA, Economics; member of Tennis Club; Current Events Class; Director, President of Durham R; tutor for Broward and Palm Beach County Library Literacy Programs; Mentor, NYC public schools, Mentoring USA; Credit Analyst, American Express; Principal Bank Examiner, State of NY Banking Department; Volunteer - Public Employees Federation.

Commissioned Examiner in Charge of teams in the performance and completion of statutory bank examinations, acquiring skills requisite of corporate controllership; responsible for assessing asset quality, capital adequacy, management, profitability, liquidity needs and budgetary requirements; utilized abilities to analyze financial conditions, negotiate and compromise with bank management and supervise subordinates.

MARJORIE L. KOPACSI, PHD - I have worked as an educator for 47 years as a certified teacher, guidance counselor and college professor.

As a new resident of CVE in April 2016, I spent a great deal of time in meetings of Master Management, Recreation and COOCVE to observe the function of these organizations; currently serving on the CVE Master Management Board.

I served on the Board of Directors of the (55+) Sea Oaks Community in NJ prior to moving to CVE and am very comfortable as a member of Master Management and would like to have the opportunity to continue serving the CVE Community.

PIERRE LALIBERTE - Current member of CVEMM; after four years, I have a good comprehension of issues involved in a village this size. The Board is a dedicated team and needs to maintain its continuity, stability and integrity – so important to our residents and employees. We worked hard to re-establish good relationships with all Committees, made customer service our top priority and rebuilt our finances.

I am proud of the improvements we have done: irrigation, new trees, paving, lighting, security, collections and transportation. Vote the current board back, and let the positive roots we have laid down take hold and carry us forward.

H. JOSEPH MANEY - Education: BS in Accounting from Merrimack, a Juris Doctor from Boston College Law School and MBA from Northeastern.

I am VP of Farnham D; Director of L.I.F.E., Inc. which is a 174-unit elderly housing; Director of Essex Retirement System. Last position was Town Administrator for 12 years for Lynnfield, MA. I was in the government electronics field for 32 years, including 16 years in my own company. I believe my background in management positions would suit me well to be on the Board of Master Management.

My wife passed away 13 years ago. I have 4 children and 12 grandchildren.

MELVIN NASS - I am Vice President/Treasurer of Oakridge U; Chairperson of Oakridge Area; on Marine Advisory Board of Deerfield Beach and a Director of Deerfield Island Park.

Since being on Master Management, I have contributed to all projects and my personal project – working to replace the rusty, recyclable dumpsters.

The next years are crucial to CVE’s growth and direction. I want to continue improving our Community by calling upon my success of founding and operating my agricultural business for 40 years and 20 years with IBM. My goal is to invest your money wisely to increase the value of your unit.
ELI OKUN - Leader and results-driven executive with expertise in expanding leadership, steady innovations and improved operation efficiencies. BBA, City College of NY in Accounting and Management. President, Fortune 500 music company; grew $1 million to over $85 million annually; supervised team of 80; negotiated major contracts and inspired success for team and company. Treasurer of Berkshire C and attends Master Management meetings; former President of local synagogue; obtained $75,000 Homeland Security Grant; responsible for House Committee. Six years full-time CVE resident committed to quality of life, safety and real estate values. Finance and management skills, team player, builds consensus and easily approachable.

MICHAEL ROUTBURG - I live in the Village full-time and have served as President of Upminster E, been the Upminster Area Chair and Vice Chair and have served on Master Management for the last three years. I try to attend not only the Master Management meetings but also the Recreation, Area Chair and COOCVE meetings monthly. I was a career design engineer, and my focus at Master Management has been to help address concerns in the Village (with emphasis on poor lighting, irrigation system lightning protection and fence safety) and to work with other Board members and staff to address those needs.

CANDIDATES FOR RECREATION COMMITTEE

JAY R. BAIME - Educational achievements include CPA and MBA. CVE positions include three years as President and Treasurer of Lyndhurst N; Lyndhurst Area COOCVE Director; cruise organizer for 65 Social Club. I have rendered financial and tax services yielding significant cost-effective results for 50 years. As a full-time resident, I attend Master Management, Recreation and COOCVE meetings to remain informed and participating in a collaborative process within the framework of issues and respective organizational documents. Your vote will permit me to apply my sensible perspectives toward fulfilling the mission of the Recreation Committee as a respected organization serving our CVE community.

BRENDA BERKOWITZ - Attended Beth Jacob Teachers Seminary; graduated from NY Law School with an A average. I have contact with many famous entertainment people; I would like to bring some of them to Century Village. They are in the same caliber as Dudu Fisher whose performance sold out on the first day. Being very active in many organizations, I organize trips, entertainment, cruises and other fun things. I have many good ideas for the Village; and if you elect me, I will try to implement them.

MARJ CAMPBELL - I worked for Barnes and Noble’s college bookstores. I was employed as a University Bookstore Manager in five different states, became a Regional Manager and ended my career here in Florida where I was the Regional Manager for twelve college and university bookstores. I successfully managed a $17 million budget and supervised 400 employees. Since moving to Century Village, I have served as President of Ellesmere B. I have worked for COOCVE as both 1st and 2nd Vice-President; been an Area Chair and am currently serving on the Recreation Committee, a job which I enjoy immensely.

JOSEPHINE CRICCHIO - I graduated from high school and had one semester of college at CCNY. I have held the position of President of Durham C for the past four years. I served as COOCVE Director and am currently Chairperson of the Durham Association, a position I’ve held for the past three years. Worked as a Legal Assistant for 15 years and was a cost analyst in foreign currency for 12 years. I’m interested in the workings behind Recreation and wish to contribute in any way that I can. I understand the responsibilities of holding any position and the time involved.

MAUREEN T. DOHERTY - Attended St. Mary School in Charlestown, MA. From there, I went on to Charlestown High and attended Bunker Hill Community College for Advanced Education. Served on the Recreation Board for two years; was Team Captain for Relay for Life and am in the Citizen Observer Patrol for the Deerfield Beach District. I worked as a stock market accountant and owned my own cosmetologist full-service salon. I would like to make a difference in my life to be elected to the Recreation Board.

SUSAN DOVE - I have been a resident of Century Village for the past 18 years. I have been a member of the Recreation Committee for the past six years and am currently Co-Chair. I serve as President of my building, Tillford B, and am a Director of COOCVE. For the past 14 years, I have been volunteering at the Reporter newspaper as Advertising Consultant and Collections Clerk. I also reside on the Reporter Board of Directors. I hope I am re-elected to the Recreation Committee to continue with the betterment of our Village.

ZITA FLAM - I am a permanent resident and want to contribute my share to always maintain our unique home. I feel it’s time for me to give back after receiving so much. My Associate college degree was received at Kingsborough Community College in 1976 and then I worked as a secretary in the NYC school system. Prior to that, I was employed at Pan-Am Airlines in Security. I helped in my husband’s optometric practice at his home office. I respectfully request the opportunity to continue the work as those have in the past.

PHILIP RAYMOND - Graduated 1969 and joined the USMC; served in Vietnam and was wounded in combat. Full-time resident; current President of two buildings; on Board of Directors’ Alliance Francophone; on Board of Recreation Committee. Owner and President of a computer company; President of St. Thomas Aquinas College Parents’ Association. Seeking reelection to the Recreation Board to stay involved in the future of CVE; have been involved 100 percent with this Committee. Many decisions and improvements have been made; many of them you have seen; many are behind the scenes. I am here to represent all residents of this community.
2018 COOCVE Election Committee

Rules for Voting

You must show your ID Card to vote

1. Only the currently elected Director may vote in this election. If the currently-elected Director is certified as absent, then and only then, may the alternate vote and this will be done after all currently-elected Directors have voted.

2. The list given to COOCVE is the official list.

3. Put ☒ or a ☐ mark only for the candidate of your choice.

4. “Scratch out” and “write ins” will invalidate your ballot.

5. a) When you are called to your designated voting table, you must present your CVE ID Card to the Committee member in order to establish your eligibility to vote.  
   b) After your eligibility is validated by the Committee member, you will deposit your ballot in the ballot box.

6. Please wait for your building to be called.

Election Procedure

Director(s) and/or Alternate(s) (if the Director(s) has not signed in) will be given a ballot as soon as they sign in at the Board of Directors’ Meeting. This will enable voting to take place immediately following speeches by the candidates.

After all candidates have been presented, Directors will be called to five tables set up for this purpose in the front of the Party Room. The 2018 COOCVE Election Committee, chaired by Patricia Bidol-Padva, will be stationed at the tables assigned to collect ballots for designated Areas. Picture IDs of each Director will be verified, and each Director will then put his or her ballot in the Ballot Box. The Alternates will then be called, and the same procedure will be followed. This will speed up the time needed to collect and tally the votes. Only currently-elected Directors can vote.

Your cooperation is appreciated.

Senior Driving

Know the warning signs of unsafe driving

Issues with health

Health problems don’t always mean that driving needs to be stopped, but they do require extra vigilance, awareness, and willingness to correct them. Some health problems include:

• Conflicting medications. Certain medications or combinations of medications can affect senses and reflexes. Always check the label on medications and double check with your healthcare team if you are taking several medications or notice a difference after starting a new medication.

• Eyesight problems. Some eye conditions or medications can interfere with your ability to focus your peripheral vision, or cause you to experience extra sensitivity to light, trouble seeing in the dark, or blurred vision. Can you easily see traffic lights and street signs? Or do you find yourself driving closer and closer, slowing by a sign to see it? Can you react appropriately to drivers coming from behind or to the side?

• Hearing problems. If your hearing is decreasing, you may not realize you’re missing out on important cues to drive safely. Can you hear emergency sirens, or if someone is accelerating next to you, or honking the horn?

• Problems with reflexes and range of motion. Can you react quickly enough if you need to brake suddenly or quickly look back? Have you confused the gas and brake pedals? Do you find yourself getting more flustered while driving, or quick to anger? Is it comfortable to look back over your shoulder or does it take extra effort?

• Problems with memory. Do you find yourself missing exits that used to be second nature, or find yourself getting lost frequently? While everyone has an occasional lapse, if there’s a pattern that is increasing, it’s time to get evaluated by a doctor.

Issues on the road

• Trouble with the nuts and bolts of driving. Do you see yourself making sudden lane changes, drifting into other lanes, braking, or accelerating suddenly without reason? How about failing to use the turn signal, or keeping the signal on without changing lanes?

• Close calls and increased citations. Red flags include frequent “close calls” (i.e., almost crashing), dents and scrapes on the car or on fences, mailboxes, garage doors, and curbs. Increased traffic tickets or “warnings” by traffic or law enforcement officers.
Special Needs Residents Visiting the Clubhouse

We have many residents with special needs (handicapped, mobility challenged, etc.) who are not able to access the Clubhouse without assistance. Fortunately for some residents, they are able to enjoy the Clubhouse amenities through the assistance of an aide, family member or friend. Whoever accompanies a special needs individual should never leave that person unaccompanied.

INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To Management
CVE Reporter, Inc.
Deerfield Beach, Florida

We have reviewed the accompanying financial statements of the CVE Reporter, Inc., which comprise the balance sheets as of June 30, 2017 and 2016 and the related statements of income and expenses and changes in retained earnings and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the organization's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility
Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA (American Institute of Certified Public Accountants). Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion
Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) NATURE OF ACTIVITIES
The CWE Reporter, Inc. (the "Reporter") is a regular corporation incorporated January 7, 1999 under the laws of the State of Florida. It is a wholly owned subsidiary of the Centurion Owners Organization of Century Village East, Inc. commonly known as "COOCVE," which is a not-for-profit corporation established primarily to operate a日报 newspaper called "The Reporter," which is distributed to 15,164 units of the 253 condominium associations and 5,908 units of Century Village East, Deerfield Beach, Florida. Each year the Reporter publishes between 12 and 14 monthly newspapers for members of the community. It publishes the minutes of the various legal entities operating in Century Village East as well as some of interest to the community. The Reporter is subsidized primarily by volunteers and it derives its primary revenue from the sale of advertising.

B) INCOME TAXES
The corporation is liable for federal and state income taxes as a regular corporation. Income tax expenses incurred for the years ended June 30, 2017 and 2016 were $3,452 and 30, respectively. The Company has no income tax returns under examination by the authorities. However, the Company's federal and state income tax returns for the years ending June 30, 2017, 2016, and 2015 are subject to examination, generally for three years.

C) FIXED-ASSETS
The corporation owns a three and one half stories office building and equipment purchased for $250,000 which is depreciated over a useful life of 20 years. Certain equipment is replaced or updated as and when new equipment is acquired.

D) SUPPLEMENTAL DISCLOSURE

See accompanying notes and independent accountants' review report.

CVE Clubhouse Library News
By CINDY SCIACCA, Board of Directors

Welcome to the New Year! With the New Year comes a new Board of Directors for the Library. We will announce the individuals on the Board in next month’s issue since our Annual General Meeting will not be held until January 9. Our Boutique has some interesting new items such as, two golf bag push carts, a lamb skin bicycle seat cover, designer handbags and a multitude of DVDs. We also have a 50 percent off shelf for the really good bargains. Come in and look around.

Some of the new books that we have recently received or will be receiving shortly in regular print and large print are as follows:

Unbound by Stuart Woods - In the wake of a personal tragedy, former CIA operative Teddy Fay—now a successful Hollywood film producer known as Billy Barnett—takes a leave of absence to travel and grieve and lands in Santa Fe by a cutout that gave the State of Israel plausible deniability, he disappears without a trace.

Promise Not to Tell by Jayne Ann Krentz - Seattle gallery owner Virginia Troy has spent years battling the demons that stem from her childhood time in a cult and the night a fire burned through the compound killing her mother. And now one of her artists has taken her own life, but not before sending Virginia a last picture: a painting that makes Virginia doubt everything about the so-called suicide—and her own past.

As they set up by her boss and finds no home or money, Sydney Wells’s perfect life with her wealthy, devoted husband vanishes when he dies suddenly in an accident. But when Anna, gazing out of her artists has taken her own life, but not before sending Virginia a last picture: a painting that makes Virginia doubt everything about the so-called suicide—and her own past.

The Wanted by Robert Crais - When single-mother, Devon Connor, hires Elvis Cole, it’s because her troubled teenage son Tyson is flashing cash and Tyson and his girlfriend Connor, hires Elvis Cole, it’s because her troubled teenage son Tyson is flashing cash because her troubled teenage son Tyson is flashing cash and she’s afraid he’s dealing drugs. But the truth is devastatingly different. With two others, he’s been responsible for a string of high-end burglaries, a crime spree that takes a deadly turn when one of them is murdered and Tyson and his girlfriend disappear.

What Unites Us: The Voted Reporter - At a moment of crisis over our national identity, venerated journalist Dan Rather has emerged as a voice of reason and integrity, reflecting on, and writing passionately about, what it means to be an American. Now, with this collection of original essays, he reminds us of the principles upon which the United States was founded. Looking at the freedoms that define us, from the vote to the press; the values that have transformed us, from empathy to inclusion to service; the institutions that sustain us, such as public education and the traits that helped form our young country, such as the audacity to take on daunting challenges in science and medicine, Dan brings to bear his decades of experience on the frontlines of the world’s biggest stories. As a living witness to historical change, he offers up an intimate view of history, tracing where we have been to help us chart a way forward and heal our bitter divisions.

CVE’s Temple Beth Israel Begins Fifth Decade

By MANNY STRUMPF

T
emple Beth Israel is about to embark on its fifth decade of commitment to the Conservative Jewish community of Century Village and surrounding areas. “We are a hardy lot. We have experienced numerous positive changes and have experienced adversities during the past 40 years,” said Congregation Co-President Judy Schneider, “but we continue to look forward to a bright future in the years ahead.”

It was on March 13, 1977 that CVE developer Irwin Levy and the Century Village East Management presented Jewish worshipers within the Village with a gift of a parcel of land fronting Military Trail to be used specifically as the future site of a new Conservative synagogue. “Our own synagogue, once thought to be only a dream, would soon become a reality,” said Congregation Vice President Ted Schneier.

As the Jewish congregation of Century Village continued to grow, the need was felt for a place of worship; a place to keep their interest alive while achieving the ultimate goal of having a temple we could call our own,” one member recalls. Consequently, therefore, Friday night Sabbath services were held outside the Village: at a bank, a church or a school. That’s the secular community was accommodating.

To and From Texas

An early founder, Mrs. Sylvia Beckman, then flew to New York to purchase a Torah scroll for the synagogue. It was lent for the High Holy Days to the Jewish chapel at an Air Force base in San Antonio, TX, where her son was stationed. When Yom Kippur was over, Mrs. Beckman returned to Texas and brought the Torah back to Temple Beth Israel. It sat next to her in a reserved seat on the commercial airliner. This was one of several important gifts bestowed by the Village resident. Other synagogues members made substantial gifts as well.

As the Jewish congregation of Century Village continued to grow, services were moved to the CVE Clubhouse and later to the Clubhouse Theater. Earliest membership dues were $10 per person per year. High Holy Day tickets were priced at $10 as well.

Despite the trials and tribulations that have occurred during Temple Beth Israel’s first 40 years, it continues to fulfill its commitment to the community and area residents. There have been numerous rabbis and cantors, each of whom has added his own dimension. Rabbi Craig Eiring, a vibrant individual with a sparkling personality, continues to bring excitement and enthusiasm to Sabbath services, and social events such as concerts, and holiday celebrations continue to draw members and guests. Since the synagogue is egalitarian, women are called to the ark for yizkor and participate equally with their male counterparts in services.

But “I knew if the hurricane was as bad as they were predicting they might sustain damage. It’s not a way to treat a Torah!” Temple Beth Israel is in need of extensive repairs and renovations. “Therefore,” said Mrs. Schneider, “the temple is planning an emergency fundraising appeal in order to make the work possible.”

More information about the synagogue’s fundraising campaign will be forthcoming. “Please remember that our doors are always open on Saturday mornings. Services start at 9 a.m. and all are welcome. We also have a dynamic Kiddush following services,” she added.

Sugar Pops Concert

Text and Photos by SID BRINS

Going back a few years (my few years), there was a radio program called, The First Nighter. It was about people who always attended the opening of a show the first night; the announcer would always say, “And the first nighters are rushing to their seats, the house lights are dimming, the curtain is going up and the show begins,” or something to that effect.

Well, I kinda liken that era to the night my wife and I attended the Sugar Pops Concert here in the Clubhouse Theater. The only difference is that here in the Village, it’s a bit more casual, people look to see if there is anyone coming down the aisle that they know or spot someone already seated and then go over and start chatting. A lot of schmoozing goes on before the curtain goes up to add to it, with today’s modern technology, you can see bright spots here and there where people are either texting or talking on their smartphone.

All that aside, when the house lights dim, the show begins. The show was very entertaining with a surprise guest, ten-year old pianist, Jacob Velazquez, who played Beethoven’s Piano Concerto No.1 in C Major, with the orchestra being conducted by Peter F. Fuchs. When Jacob finished playing, he was given a standing ovation; and that’s one terrific way to finish a concert.
Does your Homestead Exemption Automatically Renew?

After your initial application for Homestead Exemption has been filed and the exemption approved by our office, it automatically renews every year unless there is a change of ownership or eligible use of the property. Each January, our office mails a Homestead Renewal Notice and Change Card to all Homesteaded properties. This card allows property owners to verify the status, use and ownership of the property has not changed. Florida law requires the property owner to notify the Property Appraiser of any change of property use or ownership status.

If anyone named on the Homestead Exemption has passed away, you should notify our office to avoid potential penalties. The Homestead Exemption of an deceased person must be removed in the year immediately following the individual's passing. The surviving spouse of a Homesteaded owner is entitled to keep this valuable exemption and lower Save Our Homes value; however, will need to apply for Homestead if they have not already done so. Homestead Exemptions do not transfer to other family members and cannot remain with the property after the Homesteaded owner passes away. If you are a co-owner and sole beneficiary to the property in the will, you may apply for a homestead exemption while the will is probated as long as the property is your permanent residence.

If there are no changes to the use and/or ownership of the property, simply keep the card as your receipt verifying you were automatically renewed for another year; however, if there are changes, please mail the Change Card accordingly and return it to our office.

Protecting Yourself at the Pump

Many Floridians travel to see friends and family during the holiday season, and the U.S. Department of Transportation reports that about 91 percent of long-distance holiday travel is by personal vehicle. It is important to take precautions against scammers aiming to profit off holiday travel.

Card skimmers are small, electronic devices that capture information from the magnetic strip on credit or debit cards when swiped during a transaction. Over 900 of these skimmers have been found on gas pumps in Florida since March 2015, and individual skimmers have been found to hold as many as 100 credit card numbers. These devices were commonly attached to card readers on the outside of the pump, but some criminals now install skimmers inside the pump and use Bluetooth technology to transmit card and pin information. These devices are undetectable unless the pump is opened for maintenance or inspection. Here are a few tips that will reduce your risk of encountering skimmers at the pump:

• Pay inside with either cash or a credit card.
• Use a prepaid cash card to pay for your gas at the pump.
• Do not use a pump that looks as though it has been tampered with.
• Use the pumps closest to the front of the station as scammers usually place skimmers in pumps furthest out of sight.
• Monitor your credit and bank accounts regularly for unauthorized activity.

If you identify unauthorized activity on your accounts, contact your bank or credit card company, file a report with local authorities and consider placing a credit freeze or fraud alert on your accounts.

Gift Cards

Gift cards are increasingly popular. The market research firm, Packaged Facts, reported that American consumers spent $64 billion on gift cards in 2016. Retail gift cards are sold by retailers and restaurants and can be used only with those merchants. Retail gift cards issued in Florida do not have an expiration due to the expiration period or any type of post-sale charge or fee, including: service fees, exchange fees, account maintenance fees or cash-out fees; however, there are some exceptions:

• A gift certificate can have an expiration date of no less than three years if it is provided as a charitable contribution.
• A gift certificate can have an expiration date of no less than one year if it is provided as part of an employee incentive program or part of a loyalty or promotional program when the recipient doesn’t pay for the certificate.
• If it is provided as the logo of a payment card network such as American Express, Discover, MasterCard or Visa, and can be used wherever the brand is accepted.

The restrictions on retail gift cards issued in Florida do not apply to cards issued by financial institutions. The Federal Trade Commission recommends the following tips for buying and using gift cards:

• Buy from sources you know and trust. Avoid buying gift cards from online auction sites, because the cards may be counterfeit or may have been obtained fraudulently.
• Inspect the card before you buy it. Verify that none of the protective stickers have been removed, and make sure that the codes on the back of the card haven’t been scratched off to reveal a PIN number.
• Both retail gift cards and bank gift cards are required to print key terms and conditions on the card itself including: fee information, expiration information, a toll-free number for additional information and a website, if available.
• Give the recipient your original receipt so they can verify the card’s purchase in case it is lost or stolen.
• If your card is lost or stolen, report it to the issuer immediately. You may need to show proof of purchase and the ID number on the card. Most issuers have toll-free telephone numbers you can call to report a lost or stolen card.

Gym Memberships

Gyms see a marked increase in memberships after the first of the year. Health studios are required under Florida’s Health Studio Act to register with the Florida Department of Agriculture and Consumer Services and may be required to provide a bond or other financial security to protect consumers’ funds if the studio fails to meet its contractual obligations to its members.

Consumers should consider the following before signing a membership:

• Search the Business/Complaint Lookup at Floridacustomershelp.com or call 1-800-HELP-FLA (435-7352) to check for complaints and how they were resolved.
• Use the credit card, debit card or check to pay each month. Setting up an automatic withdrawal from your checking account may result in problems if there is ever a dispute.
• The contract should include a provision for penalty-free cancellation in writing within three days, exclusive of holidays and weekends, of signing a contract.

The Florida Department of Agriculture and Consumer Services is the state’s clearinghouse for consumer complaints, protection and information. Consumers who believe they have been victimized should call the Department’s Consumer Protection and Information Hotline by calling 1-800-HELP-FLA (435-7352) or visit online at FloridaConsumerHelp.com.

Bicycle Safety

Bicycle riding is fun, healthy, and a great way to be independent, but it is important to remember that a bicycle is not a toy; it’s a vehicle! Be cool – follow some basic safety tips when you ride.

Safe Riding Tips

See and Be Seen. Whether daytime, dawn, dusk, foul weather, or at night, you need to be seen by others. Wearing white has not been shown to make you more visible. Rather, always wear neon, fluorescent, or other bright colors when riding day or night. Also wear something that reflects light, such as reflective tape or markings, or flashing lights.

Watch for and Avoid Road Hazards. Be on the lookout for hazards such as potholes, broken glass, gravel, puddles, leaves, and dogs. All these hazards can cause a crash. If you are riding with friends and you are in the lead, yell out and point to the hazard to alert the riders behind you.

Avoid Riding at Night. It is far more dangerous to ride at night than during the day because you are harder for others to see. If you have to ride at night, wear something that makes you more easily seen by others. Make sure you have reflectors on the front and rear of your bicycle (white lights on the front and red rear reflectors are required by law), in addition to reflectors on your tires, so others can see you.

Many bicycle-related crashes resulting in injury or death are associated with the bicyclist’s behavior, including such things as not wearing a bicycle helmet, riding into a street without stopping, turning left or swerving into traffic that is coming from behind, running a stop sign, and riding the wrong way in traffic.

For more information on bicycle safety, visit the National Highway Traffic Safety Administration (NHTSA) Web site at: www.nhtsa.dot.gov

The Art of a Dog's Life

What did you get for Christmas? How about Hanukkah? These are the questions that kids ask each other after the Holidays. All are concerned about receiving presents. None are really interested in giving. At least, not until you are a grandparent. These mature family members enjoy watching their grandchildren’s faces and happiness.

How about the family pets? They are not forgotten either. There was always mention (as we recall in our early years) the phrase, “it’s a dog’s Life.” Few love animals more than me. Almost any four-legged creature is in play. I have had dogs as part of our family since I was married. Such friends as Miniature Schnauzers, a Cockapoo and, best of all, a Shih Tzu, Shayna Maidel.

The latter, Shayna Maidel, was our perfect child. She was only six weeks old when we met her and, for the next 17 years, we took care of her and she took care of us. Growing up with our children was a wonderful experience.

Shayna would, on occasion, visit the sick and ailing in various hospitals in New Jersey. Their day (the ailing) would be fulfilled as they were able to play, pet and participate in the daily routine of simply loving an animal. Most can relate. Simply focusing on another can and did take the burden of pain, aging and illness away if only for a few minutes.

Our family member was even allowed in my grand-daughter’s classroom for visits, to play with all the children. This pooch was an example of the love and hope a dog or any pet can bring to others.

Recently, I came across a photo of another dog. This is only one more example of how much we love our extended family members and will do anything for them to improve their lives. A photo is worth a thousand words. Maybe more.

IN LOVING MEMORY

Carmella Haughom

A good friend is a person who is caring, considerate, kind, generous, giving, truthful, available, and always accepts you as you are. To all who knew Carmella Haughom, she was such a person.

Sadly, she will not be with us in 2018. She passed away suddenly of a heart attack in North Broward Hospital on September 27, 2017. Ironically, throughout her life it was that very heart that beat with love and kindness to all who knew her.

She was born in Green- wich Village, New York City, and resided in Staten Island and New Jersey most of her life. She raised two children, Michelle and Paul David, and although divorced, remained best friends with her ex-husband, Paul, until her death.

She worked for the Railroad Retirement Board in New York City; and in her work showed compassion and kindness, helping employees who were ill, disabled, or retiring to obtain their benefits. Through the years, Carmella traveled to Southeast Florida visiting her mother Nicoletta who lived in Fort Lauderdale.

Finally, retired in 2004, she moved permanently to Florida settling in Durham N in Century Village. Her door was always open and her home filled with neighbors and friends. A fabulous cook, she was famous for her sauce, or as she called it, gravy, her meatballs, sausage and peppers and homemade pizza. She invited one and all to join her for meals, and no one ever went home empty handed.

She was Sargent-at-Arms, Treasurer, and President of Durham N. She was active in organizing and raising funds for Relay for Life, and the past two years volunteered at Tuesday night bingo in the Clubhouse and loved it. She was the hostess with the mostest, arranging birthday parties, social functions and holiday get-togethers. To the residents of Durham N, she lent a helping hand and was highly respected by them and Century Village Management.

Her favorite place to relax was the Durham Pool. Everyone wanted to sit with her and listen to her stories. At times, it was like being at a comedy club. The fun and laughter we shared with her will never be forgotten.

Fittingly, a celebration of her life was held at the Durham Pool. Her son, Paul David, led the ceremony. There was laughter and tears as friends and family shared happy times they had with Carmella as they said their goodbyes.

Since she was diabetic and longed to eat cookies, she had given instructions, “When I die, I want my ashes put in a cookie jar.” Her request was granted, her ashes put in a cookie jar.

Robert Gravatt

Robert Gravatt, Prescott Area Chair and President of Prescott I, passed away on November 29, 2017. Bob, as he was known, had lived in the Village since 2007. He was originally from New Jersey.

Bob was appointed as Vice President of COOCVE by Charlie Farnes and continued in that position until recently. He was a dedicated volunteer and will be sorely missed.

IN LOVING MEMORY

Marvin Cohen

Our dear neighbor, Marvin Cohen, recently passed away. He was a very sweet man who moved here in 2013, from New York, where he was a private investigator for many years.

We send our condolences to his family.

P resident Donald Trump is not one of my favor- ite people, and I am certain I am not alone. However, though many of his some- times ridiculous outbursts should not be taken seriously, this writer agrees with at least one of them.

That one is his frequent criticism of the daily press and news programs. We may not be on the same page as to what our actual complaint is, but for me and probably many others, it is about the media in all its forms, featuring lurid headlines and stories reminiscent of that bygone era called yellow journalism, epitomized by the many publications owned by William Randolph Hearst and others when yellow journalism was still in full flower.

Fast forward to today where our news programs are often breathless, sometimes shocking stories of sex malfeasance and other forms of sexual harassment go back go back many years with many of these characters still in the public eye today, and new ones seemingly being added daily. Crafty news edi- tors are astute at manipulating these stories into the news of the day. This writer consid- ers them as entertainment.

The real reason is that sex sells, then, now and always. However, I do not believe, as the President has vaguely suggested, that the press oc- casionally reports just plain lies. There is no need to lie there is no need to do this.

Further, there is really no point in reacting to this. I have not the energy to go around and reread these, reliving my reaction to your new home. It is not the place it is not the place.

I have lived here like a snowbird since 2004. That was a joyful move. I was glad to make the effort to belong and to get to know neighbors and people in various classes and clubs. It was fun my warbling was a big hit and the surrounding communi- ties. I never regretted making the move. I love it here, and best of all, I still had my other home in Bedford, Mas- sachusetts where I enjoyed many others, it is about the

Happy New Year!
A Great Event

By ROFL GRAYSON

Just before we close the books on the year 2017, let us highlight, once more, a positive event so very rare in our Jewish history books. To be sure, we have indeed much to be proud of having been around for so long and are still people who are looked upon as standard bearers for the advancements of civilization.

It is, therefore, proper and appropriate to mention just one more time the Balfour Declaration, a paper issued by the British government whose first centennial commemoration was last month, affirming the Jewish people’s right to establish a homeland in Palestine, their ancestral home. It was during the heat of battle in the First World War, when in recognition for Chemist Chaim Weitzman’s one more time the declaration was a very important event for the Jewish community, it was highly overshadowed by the horrors of the ongoing war and was therefore lacking much of the otherwise deserved enthusiasm. At this time, although still one year away from ending, the tide of the war had turned into Allied favor where victory was almost certain. This engendered a new optimism among the European Jews in favor of easier assimilation and emancipation, seeing their participation of high numbers of Jewish volunteers made this prospect very positive and attractive. Not to be left out, a considerable show of dismay and solemnity came from the Palestinian leadership which is extremely noteworthy as their claim to have this day observed was of no interest to them.

As indeed at that time, their great hope and aspiration was not Palestine at all; it was their fervent hope and aspirations to become part of the Arab world or better – Greater Syria as it was known then. Unfortunately for them, this was something all of Islam totally rejected out of hand as they were the outcasts among Arab nations and remained thus as a zero possibility until the new, more hated enemy Israel came into being.

It was not until the last and final route of the combined Arab forces under Colonel Nasser in June of 1956 (Six-Day War) that the Egyptian-born, Yasser Arafat, took charge of those Palestinians and began, for the first time, to develop them as a cohesive group in search of a homeland. Yes, we did indeed recall the slaughter of Jews by Palestinians in Hebron in 1929, but those were some of the isolated and non-coordinated attacks by marauding gangs, largely equipped and supported by Jordan. The added fact that Anwar el Sadat, President of Egypt, came to Jerusalem after Egypt’s 1973 defeat and jointly, with Israel, created the still working peace agreement between between the two countries is also a very meaningful example. His refusal, however, to once more accede to the JCIA or Gaza as they had since 1981 and again offered him by Prime Minster, Menachem Begin, created an ultimate vacuum giving Hamas (Iran) another terrorist foothold in this area. It should therefore be clearly remembered that Israel’s right and opportunity to their own homeland came into being in the same manner, and at the same time as if it did for Israel, which was in 1947 after the partition.

It was the imperative deterrence of the Arab world to ultimately defeat Israel and kill or drive out all Jews for their own benefit which denied Palestinians the opportunity to accept and develop. It is now more than 50 years since those wild promises by the Arab World where countless Palestinians live in deplorable misnamed refugee camps while Israel grew into world prominence, something that could have been the same future for Palestinians. Ultimately realizing their inability to ever defeat Israel militarily, they have, over the last decade or two, resorted to a well-paid, internationally-financed Lying Machine. The still ongoing need for oil and willingness to once again open their minds to the old world latent anti-Semitism, they overlook, or do not wish to know, the truth and believe those Lies. Even the constant attacks by fanatic Moslems worldwide about terror- ism kills thousands of innocents all over the planet, are cleverly put at the doorstep of Israel, a people who live on a small spot of land barely visible on the world globe.

The continuing effort to create a peace agreement between Israel and the Palestinians is, at this juncture, an impossibility since most Arabs do not even in the remotest accept Jews on their own ancestral land to which their only historic connection is the short-lived military control of the Ottoman empire lasting maybe two centuries. To this day, Palestinians live or work closely with, or in Israel, and see their huge and unbelievable advantage.

The Truth and Nothing But...An Analog World?

By MICHAEL ROUTBURG

The analog world is being increasingly viewed digitally. Let me explain. Analog and digital are specific ways to describe a signal or a situation. Analog looks at a situation as a continuum – shades of color moving from one to another in a rainbow is an example. Digital technology deals in 1s and 0s. Therefore a digital signal is either on or off (1 or 0). If you turn on many lights at a time and adjust which ones I turn on or off to get the lighting I want, then I am creating a digital approxima- tion to the light (some of the light switches are set to on (1), and others are set to off (0). Digital sound and videorekorders are approximations to an analog signal by increas- ing the number of 1s and 0s to describe the event (sound or video at 64 bits or more). If you are still with me, I am going to stop the analog/digital tech discussion. Politics seems now to be going to one bit digital. Either it is a 1 or 0 (depends who is talking and what they are talking about). Neither is correct. What happened to actual discussions of something that pointed out the pluses and minuses? I don’t see it. I don’t hear because everything nothing is all good or all bad.

Greta Van Susteren used to host a show on FOX in which she would interview knowledgeable people on both sides of an issue. They were not allowed to debate each other. She would question and analyze their arguments individually – bringing out their benefits and limits in an assertive, but not adversarial, way. This was good reporting. But in the last several years we seem to have moved away from balanced reporting.

The world is analog, but we are processing the world through increasingly more digital data. What we are losing is the ability to perceive, accept and analyze shades of grey. We are constantly bombarded by political sound bites of all good or all bad. But, what is being discussed is not all good or all bad. We need to develop new ways to look at the politi- cal shades of grey if we are to be able to evaluate them. So, put your political sunglasses on! Can the truth be true or false for yourself. If you listen to MSNBC, listen also to FOX. If you listen to FOX, also try CNN. Then form your own shades of grey.
Let me tell you why.

I realized that my parent’s dream of writing a book, 25 years. Then, I turned 60, day, she had been gone for 18 days, I kept a minute of that his place was at his wife’s working, so I told my father entered in the discussion; My father didn’t want to go. didn’t want to go there alone. town of Asbestos, and she had to go back to her home- passed away. My mother I was 17. My mother’s father I was thunder-pered, “Your mother is not this with anyone. It is a secret of Catholic family, going between you and me.” I re- added, “Don’t ever discuss en! More than encouraged, we continued our research and found that Gérard Letellier, six months later, had been arrest- ed in Montreal. In Montreal! We went to La Presse’s archives for the same week of 1944; and there, on, on the front page, we found: “Gurn- man and gang leader, Gérard Letellier, was arrested yester- day.” He was later sentenced to 15 years in jail! This is my mother’s story – La vie derrière soi; The Life Behind You. If you read French and wish to read the book, or if you wish to offer it to someone who reads French, you can buy it directly from the author, Lison Dubreuil, at lisdubreuil@hotmail.com or you can buy the book at the publisher’s site: https:// bouquinbec.ca/boutique/la-vie-derriere-soi.html It will be shipped to the ad- dress of your choice. Across America to Little Norway and Little Denmark

PART 1 – Deerfield Beach to Mormon Country

I had grandparents who, in 1884, docked at Ellis Island after a long sea voyage from Oslo, Norway so when I discovered, through one of my many West Coast cousins, that another of our cousins was still living at the age of 93 in America’s Norwegian Capital, Poulsbo, Washington, that clinched it – the destination for another cross-country road trip.

By the beginning of August, I had my itinerary set and six weeks of hotel reservations made. Then came the startling news – the eclipse of the sun I would be driving through the Midwest would be 93 miles to the left of total eclipse, the first to ever pass straight over the U.S., could generate a glaucoma-like sightseers’ record-breaking traffic, expressway and freeway jams and the potential for people to be trapped in cars, unable to get home due to the worst roadway mess in history.

August 21, the day the center of the eclipse was to pass directly over St. Charles, Missouri, was the day I had planned to have breakfast with a childhood chum – one with whom I had graduated both grade school and college many years in that very city! I canceled our breakfast date. I shredded our sticker was on the car’s window, this time with the slogan, “We Take It All – Deerfield Beach USA rifle emporium and post-store, this time with the slogan, “We Take It All.”

While the event did not generate much excitement, many in silent prayer, others stood transfixed before it – watching as people entered, dimmed and silent, spotlights were trained on the statue of Joseph Smith, founder of the Mormon Church – presented a stark downtown reality against the backdrop of the City’s perpetually-maintained million-dollar Mormon building and owned and ordered sites are open and free to the public. Through the middle of the mall, a creek originating from the mountains just to the east of downtown, has been rechanneled to flow over rocks and through ponds of the two-story, open air, several glassy seasons.

I passed a sign that read, “This is built for the purpose of being a Machine Gun Store. This is the world’s Largest Machine Gun Store, and it is open to the public.”

As I was driving, I could see a nearly-naked young boy on a summer road trip with his parents. I planned a three-day stay in a motel which, unfortunately, looked nothing like its photos on the Internet. It was worse! But one good thing about it was that the Salt Lake City light rail line ran directly along the street in front of the motel with downtown just three stops away.

Surprisingly, many homeless people and seedy drifters – perhaps attracted and kept through the largesse of the Mormon Church – presented a stark downtown reality against the backdrop of the City’s perpetually-maintained million-dollar Mormon building and owned and ordered sites are open and free to the public.

Across the street is the historic, domed Tabernacle from which weekly radio broadcasts of the Mormon Tabernacle Choir have originated for years and where I discovered that the young woman church guide who welcomed me was from Puerto Iguassu, Argentina, the gateway town to famed Iguassu Falls. I told her my visit to those falls remains one of the most favorite memories of my trip to Buenos Aires.

Across the street is the church’s new Conference Center, a real eye-opener. A mammoth indoor arena seating 21,000 (among the largest arenas in the world) is opened through an outdoor waterfall which cascades down the front of the sixty-story building. Its roof is a four-acre roof garden of trees and flowers. Two large Visitors’ Centers (one at each end of Temple Square) feature elaborate diorama and displays of Mormon history. The most impressive North Visitors’ Center contains a huge room with an 11-foot marble statue of Christ at its center. The otherwise empty room is dimmed and silent, spotlights are trained on the statue and a mural of a dark blue, starry sky covers the walls. I watched as people entered, stood transfixed before it – many in silent prayer, others discreetly taking photos.

Stop Lines at Intersections

Stop lines help to set you farther back at an intersection to give larger vehicles more turning space. Always stop behind stop lines.

After a complete stop, you must yield the right-of-way to all other traffic and pedestrians at stop signs. Move forward only when the road is clear. At three-way and four-way stops, the first vehicle to stop should move forward first. If two vehicles reach the intersection at the same time, the driver on the left yields to the driver on the right.

Stop at stop lines

Do not stop in crosswalks

Make a complete stop

A rolling stop is illegal

Yield to pedestrians

Yield to bicyclists

A Joyous Celebration of Chanukah by Century Village Jewish Community

Text by MICHAEL ROUTBURG

The Century Village Chanukah Party was held Tuesday, December 12 on the Eve of Chanukah to help kick start the Chanukah holiday spirit. Eli Okun served as the Master of Ceremony to an overflowing crowd of over 800 who had gathered in the Clubhouse Party Room to hear speeches by Rabbis and politicians; light the first night light on a menorah; hear and sing music; spin dreidels and of course, eat jelly donuts (sufganiot).

The event was sponsored by Young Israel of Deerfield Beach, Chabad of Deerfield Beach, and Temple B’nai Shalom as an opportunity to bring in Chanukah together by Young Israel of Deerfield Beach, Chabad of Deerfield Beach, and Temple B’nai Shalom. Commissioner Berrie Parness and Mayor Bill Ganz, Season were given by Deer- nukah and a Joyous Holiday.

Richard Rosenzweig led the crowd in the Pledge of Allegiance from Broward Commissioner Mark Bogen (he was at a Commissioners’ Meeting and unable to attend.)

Rabbi Yosi Goldblatt (Chabad) asked the question of why Chanukah (a Republican holiday) receives such prominence? His answer was that during the Maccabean times, the Syrian-Greeks were fighting only the holiness within the God-given commandments (not the cultural Jewish religion).

So, we kindle the menorah as a symbol of religious freedom; and we allow a small bit of light, holiness and Godliness to dispel a lot of darkness.

Rabbi Richard Poliner (Temple B’nai Shalom) touched on how Chanukah teaches that God requires us to show Chanukah dedication to be loving people — people who can live in the world acting with both kindness and humility.

Rabbi Yisroel Edelman (Young Israel) quoted Rabbi Yosef Soloveichek on how a chart of the Jewish people through history would be a zig-zag line which mirrors the flames of the Chanukah candles in that their presence would grow and diminish and then grow again. He related this to the Chanukah candles and how we are adding more light each night as we light an additional candle. Videos from Rabbi Etiel Goldberg showed how a young boy was disappointed in his small Chanukah lights, when compared to the Christmas decorations on surrounding houses until a snowstorm left the entire neighborhood in darkness.

Wishing all a Joyous Holiday and to the many hard workers (including Bay Management staff and the wonderful setup crew) that made it possible.

We thank everyone who came to the event. And a special thanks to all the participants and to the many hard workers (including Bay Management staff and the wonderful setup crew) that made it possible.

Wishing all a Joyous Holiday Season!

Name That Landmark Contest

The CVE Reporter is proud to announce the start of a new contest! The new contest is called: NAME THAT LANDMARK. Here’s how it works: each Thursday, the Reporter will publish a photo of a landmark located somewhere in the world. It could be a building, statue, mountain, or other notable structure…either man-made or natural. If you recognize the landmark, send to the Reporter, its name and location via email to evreporter.err@hotmail.com or drop off your entry at our office, 3501 West Drive on Mon.-Thurs. from 9 a.m.-Noon.

The first three correct entries win a stylish CVE Reporter T-shirt. Winners names will be published in each subsequent edition. GOOD LUCK!

Birthdays come and go; some you remember, others you try to forget. Today, however, was a big surprise for Irene Axelrod of Islewood D. At the monthly breakfast that Islewood D has, Irene was surprised with the presentation of a birthday cake. She was taken totally by surprise, and all joined in to sing Happy Birthday to Irene.

So, how old is Irene? A woman never reveals her age... anyhow, who cares; she joined the rest of the group as they all enjoyed a piece of her birthday cake.

Birthday on Sunday, December 10, Ethel was doing double-duty with a brunch for about 25 people celebrating her son Ira’s 60th birthday and the fact that Ira and his wife Carol purchased a unit in Oakridge F. The buffet table was set with all kinds of delish delights like potato latkes, cheese kugel, bagels, lox, egg salad, salmon salad, hummus, chocolate tarts, apple tarts, fruit salad, cheesecake and topped off with coffee or tea. Seconds and thirds were no problem.

After all that, all I could do was sit on the couch, unbuckle my belt two to three notches and enjoy listening to the conversations going on around me.

Les conférences sont commencées à l’Alliance francophone CVE Inc.

By PAUL BOURQUE

Le Club a accueilli plus de 200 membres de l’Alliance pour la première conférence de la saison. Marielle Gascon et Denis Brosseau, responsables respectivement des activités Excursions et Conférences, ont présenté M. Pierre Couture de Atlantic Tours.

Depuis plusieurs années, monsieur Couture accompagne les membres de l’Alliance lors de voyages et d’excursions. Les membres ont plusieurs choix, allant de croisières avec tous les en-deux décrits. L’Alliance se veut une association à l’écoute de ses membres. Plusieurs conférences sont en planification pour les prochains mois. Les dates de janvier restent à confirmer mais on prévoit la venue de Jean Forand de l’Agence Timing qui présentera la programmation du Club Tropical de la saison et celle du docteur Galati, podiatre, qui aura lieu plus tard. Restez aux aguets à ce sujet.

Les membres sont invités à suggérer des sujets intéressants sur le site web de l’Alliance.

Launch of Conference Season at Alliance francophone CVE Inc.

By CAROL O’HALLORAN

Carol purchased a unit in Oakridge F. for several years now, Mr. Couture has accompanied members of AF on various trips and tours. Many options are offered, ranging from local cruises or in the Caribbean, Water Taxi trips, Miami Art Deco District, Wakodahatchee Park to a multi-day trip to New Orleans. Members will be able to fill out their travel diaries with all the places described.

The Alliance is committed to listening to its members. Several conferences are being planned for the coming months. The dates for January are yet to be confirmed, but a conference by Jean Forand of the Timing Agency who will present this season’s program for the Tropical Club is planned as well as a presentation given by Dr. Galati, podiatrist at a later date.

Members are invited to suggest interesting topics on the AF’s Website.

**Anti-Aging or Health Aging?**

By ELLEN KAMHI, PHD, RN, AHG, AHN-BC/The Natural Nurse*

The term anti-aging has become popular over the last decade. I, personally, prefer to use the term Aging Gracefully or Healthy Aging, which more correctly mirrors the practice of slowing down the signs and symptoms that occur as people get older. These include: a change in skin tone and appearance, such as wrinkles and grey hair, as well as functional changes like memory loss, decreased brain function, and an increased risk for chronic diseases including cancer, heart disease, osteoporosis and diabetes. Healthy Aging focuses on slowing these changes and increasing overall feelings of health and wellness, into the golden years. The best way to do this, beyond being blessed with longevity genes, is to eat small meals of mostly organic vegetables and small amounts of high quality protein, drink clean water, and include moderate exercise and stress reduction techniques in your daily routine.

I have been a health practitioner for over 45 years, with a focus on natural health. The usefulness of particular practices becomes more apparent the longer we have to evaluate the outcome. The term Anti-Aging is not regulated by any governing body, and can be widely used as a marketing ploy with no proof to back it up. To understand the attraction that Anti-Aging has in the marketplace, just watch the sales figures soar as soon as this term is thrown on the label. There is an ongoing plethora of products, dietary supplements and skin care applicants that are heavily promoted for their youth-enhancing and anti-aging properties, but only a very short list includes scientific evidence. I have seen thousands of consumers jump on board with the latest Anti-aging craze, only to do the same again (with no effect) when the next product comes along. No matter how much money you spend, and how many pills and potions you pop, none of this will likely yield any kind of measurable response, without the basis of healthy eating, exercise and a stress reduction regime. Both science and practical life observations support several activities that actually do lead to increased health and longevity. A Harvard Magazine article (http://harvardmagazine. com/2005/05/anti-aging-ein-ma.html), includes information on the science behind anti-aging. Sirtuin activating compounds, or STACs are cellular signaling compounds that help cells to defend themselves from the effects of oxidative damage similar to rusting, which causes aging. A few things have been found to increase Sirtuin: caloric restriction, moderate exercise, resveratrol, found in wine and other compounds. Other studies have shown that stress reduction, eating unprocessed vegetables and fruits, along with other supplements, such as alpha-lipoic acid, and curcumin, also offset the pro-aging effects of oxidative damage. Excellent foods to include in your youth-enhancing diet are pomegranate, kale, Swiss chard, brussel sprouts and most other fruits and vegetables, and fatty fish like wild salmon, halibut and sardines. In general, the smaller the fish, the better, since toxic chemicals accumulate as we move up the food chain, with large fish, such as Tuna, harboring the highest level of pollutants, such as heavy metal, aluminum and mercury. This issue is so solidly proven, that women who are pregnant are advised to avoid or limit eating tuna! What about the rest of us? Lifestyle choices that have the opposite effect, and lead to increased oxidative damage include consuming trans-fats, all highly processed, refined, and other junk food, high levels of stress, and lack of exercise, or over-exercising, and a sedentary lifestyle.

The best day to start to focus on healthy aging practices is when you are ready to commit to a healthy lifestyle. Of course, in hindsight, you can admonish yourself for not starting sooner, but one of the main tenets of recognizing the healing power of mind, body and spirit is to be kind to yourself for past mistakes, and to learn to use uplifting self-talk. It is certainly true that the sooner the better is the best policy. For example, babies whose mothers consumed high amount of DHA while they were pregnant tend to have higher IQ’s and are more capable learners. (Oken E, et al. Associations of maternal fish intake during pregnancy and breastfeeding duration with attainment of developmental milestones in early childhood: a study from the Danish National Birth Cohort. Am J Clin Nutr. 2008 September;88(3):789-96.) Woman who exercise and get enough dietary calcium and Vitamin D while they were pregnant are advised to avoid mercury. This issue is so solidly established that the FDA recommends women who are pregnant are advised to avoid or limit eating tuna! What about the rest of us? Lifestyle choices that have the opposite effect, and lead to increased oxidative damage include consuming trans-fats, all highly processed, refined, and other junk food, high levels of stress, and lack of exercise, or over-exercising, and a sedentary lifestyle.

As the Natural Nurse®, my personal focus has been to write books, host radio and television shows, and teach at conventional medical schools, to teach herbs and supplements and practice stress reduction techniques. I also have the benefit of long, healthy relationships which have been creating a positive genetic influence. Ellen Kamhi, PHD, RN, The Natural Nurse®, is a medical school instructor and author of WEIGHT LOSS, The Alternative Medicine Guide. Dr. Kamhi has been involved in natural health care for over four decades. She offers personal consults, and will be teaching a course at Centurý Village entitled Natural Remedies, Jan-March 2018. Dr. Kamhi will be lecturing at CUNY group meeting on Thurs Feb 1, 2018, 7 p.m., at GPA in the Clubhouse. All CVE residents are invited for viewing 24/7 on the Comfy Chair. You can always be in better shape tomorrow by making different choices today! Although, as mentioned above, the younger healthy lifestyle choices are initiated the better, there is no time like the present, it is never too late. You can always be in better shape tomorrow by making different choices today!

*Note: The natural nurse is not a medical doctor. If you are concerned about a health issue, you are encouraged to consult a licensed health care provider.

Have a wonderful, warm Thanksgiving!

CWE Athletic Class Description

No registration necessary: You must consult your doctor before involving yourself in any exercise program. Aquacise classes will be at the Indoor Pool when air temperature is 60 degrees or below, when it is raining, and when there is lightning. Athletic Classes are restricted to *CWE residents and renters only. Proper footwear is required. You must have your resident ID cards.

**BELTS FOR DEEP AQUACISE WILL BE GIVEN OUT STARTING AT 10AM BY THE OUTDOOR POOL. PLEASE HAVE YOUR CWE ID READY BECAUSE YOU WILL NEED TO SURRENDER THE CARD IN EXCHANGE FOR A BELT. LIMITED BELTS! FIRST COME FIRST SERVED!**

CLASS DESCRIPTIONS:

Aquacise (approx. 45 mins): Get in the pool and enjoy an invigorating class that gives you cardiac respiratory conditioning. It also helps you with any arthritus symptoms by reducing the stress of joints (you must bring your own pool noodle).

Aqua Zumba (approx. 45 mins): Those looking to make a splash by adding a low-impact, high-energy aquatic exercise to their fitness routine. Aqu Zumba blends the Zumba philosophy with water resistance, for one pool party you shouldn’t miss! There is less impact on your joints during an Aqua Zumba class so you can really let loose. Water creates natural resistance, which means every step is more challenging and helps tone your muscles.

Arthritic Aquacise (approx. 45 mins): This is an easy to follow class, focusing on building flexibility, balance, & strength to increase joint mobility and range of motion.

Awareness through Movements (Feldenkrais) (approx. 60 mins): This class is for every one of all abilities and age from individuals searching for relief from pain, though seeking continued well-being to that seeking performance excellence.

Back in Action Fitness (approx. 45 mins): This is an upbeat low impact aerobic and strength training class that may be performed standing or in a seated position. The class includes energizing and easy-to-follow movements that promote heart- healthy, total body conditioning to increase cardiovascular and muscular endurance. The exercises are designed to help you maintain healthy bone mass and prevent age-related muscle loss.

Belly Dance (approx. 90 mins. Beg. 30 mins. Inter. 60 mins): Tone your body while learning traditional belly dance moves that target and isolate areas of the body that rarely get attention. No experience required—just a willingness to shake what you got! Bring a scarf or coin belt to wrap around your hips.

Body Toning & Weights (approx. 45 mins): This is a total body toning which helps those with problems of osteoporosis and muscle density loss.

Bones & Joints (approx. 45 mins): A 45-minute class designed for everyone! We concentrate on joints rather than muscles and perform weight bearing exercises for the bones. This class is a MUST TRY for anyone who has arthritis or joint issues!

Cardio Kickboxing (approx. 45 mins): This is a combination of cardio routines with kickboxing movements.

Cardio Sticks (approx. 55 mins): A challenging class that offers one or a mixture of cardio formats including low impact along with muscle conditioning using various resistance equipment & hand weights.

Chair Yoga (approx. 55 mins): Same great results as Relax with Yoga for people who: 1. Have limited mobility. 2. Have difficulty doing floor exercise. 3. Have arthritis or other physical limitations. 4. Are recovering from surgery. **Doctor Approval is recommended***

Easy Stretch (approx. 45 mins): This is a beginners approach to yoga with low intensity forms of stretching, combining mind and body, to relieve stress, and rejuvinate your spirit. It is a blend of traditional posture or forms and techniques to increase body awareness, flexibility, balance, and strength.

Hatha Yoga (approx. 60 mins): Hatha Yoga is a branch of Yoga that emphasizes physical exercises to master the body along with mind exercises to withdraw it from external objects. The word Hatha means “force” in Sanskrit, and may have this association because the early Indians believed that its practice was challenging and “forced its results to happen” on the Yogis. The term “Hatha Yoga” connects to a system of supplementary physical techniques within the broader concept of Yoga.

Hawaiian Hula (approx. 45 mins): The hula is a Polynesian dance characterized by undulating hips with coordinating movements of the arms and hands.

Indoor Cycling (approx. 45 mins): Indoor cycling, as an organized activity, is a form of exercise focusing on endurance, strength, intervals, high intensity (race days), and recovery. This class involves using a special stationary exercise bicycle with a weighted flywheel in a classroom setting with fun and energetic moves!

Line Dance (approx. 55 mins): An entertaining and fun class with choreographic routines that combine line dance patterns with other rhythms!

Low Impact Aerobics (approx. 55 mins): Low impact aerobics is a low intensity workout designed to help you condition the cardio respiratory system by using a diversity of exercises. The class starts with 30 minutes of aerobic workout followed by 15 minutes of weights and 10 minutes of abdominal work and stretching.

Pilates (approx. 55 mins): Pilates is a way of connecting the whole body and mind through proper breathing and slow, controlled movements to help you develop core abdominal strength and a leaner body by lengthening and stretching the muscles without building bulk.

Relax with Yoga (approx. 45 mins): Yoga is a practical self-discipline to gain mastery over body and mind, to increase strength, flexibility, balance, stamina and endurance in a positive mental atmosphere. There is special emphasis on proper breathing, relaxation and meditation techniques.

Senior Balance & Flexibility (approx. 45 mins): The participants sit on and stand behind chairs while they move to the music through a variety of exercises designed to deepened core connection, agility, boost overall well-being, and gain improved balance. Followed by complete body stretch that will give you more freedom of movement for your everyday activities.

Senior Fitness & Weights (approx. 45 mins): This is a program to increase strength, flexibility, and energy through weight lifting and cardiovascular exercises.

Salutation Yoga (approx. 60 mins): The Sun Salutation, or Surya Namaskara (SOOR-yuh nah-muh-SKAR-uh), is a series of poses performed in a sequence to create a flow of movement. Sun Salutations build heat in the body and are often used as warm up sequences for a yoga practice. One of the means of honoring the sun is through the dynamic asana sequence Surya Namaskar (better known as SunSalutation). The Sanskrit word Namaskar stems from namas, which means “to bow to” or “to adore.” The familiar phrase we use to close our yoga classes, namaste—te means “you”—also comes from this root.

Sunset Yoga (approx. 60 mins): Designed to acclimate your body and soul to the setting sun. You will practice pranayama (breathing techniques), mantras and mudras for the season/day, asanas (postures suited to your individual needs), and 10-15 second holds. Expect breath awareness, deep openings, and guided visualizations that will bring you to full equilibrium. This class is recommended for all levels and is particularly good for stress or anxiety or for those who just need a break from moving too quickly.

This is also a great class for students who are recovering from injuries.

Silver Fit Dance (approx. 45 mins): Have fun and move to the music through a variety of exercises designed to increase muscle strength, range of movement and activities for daily living. Hand-held weights, elastic tubing with handles and a SilverSneakers ball are offered for resistance. A chair is used for seated exercises and standing support. This class can be adapted by the student depending on their fitness level and abilities. It is suitable for beginning to intermediate skill levels.

Tai-Chi (approx. 55 mins): A series of slow, graceful, low impact movements developed thousands of years ago in China. Helps with balance and posture!

Yin Yoga (approx. 45 mins): Yin yoga is a slow-paced style of yoga with postures, or asanas, that are held for longer periods of time, for beginners it may range from 45 seconds to two minutes. Yin yoga poses apply moderate stress to the connective tissues of the body, the tendons, fascia, and ligaments with the aim of increasing circulation in the joints and improving flexibility. A more meditative approach to yoga, yin aims at cultivating awareness of inner silence, and bringing to light a universal, interconnecting quality.

Zumba Gold (approx. 45 mins): The original concept of Zumba combines a dance workout with a party-like atmosphere. Zumba Gold takes the popular Latin-dance inspired workout of Zumba and makes it accessible for seniors, beginners or others needing modifications in their exercise routine. Zumba Gold builds cardiovascular health by challenging the heart and working the muscles of the hips, legs and arms with dance moves.

Zumba Toning (approx. 45 mins): Those who want to party, but put extra emphasis on toning and sculpting to define those muscles! The challenge of adding resistance by using Zumba Toning Sticks (or light weights), helps you focus on specific muscle groups, so you (and your muscles) stay engaged! Lightweight maraca-like Toning Sticks enhances sense of rhythm and coordination, while toning target zones, including arms, core and lower body.

Yoga Stretch (approx. 45 mins): This class is designed for those at the intermediate level to engage in the endless benefits of the yoga practice by enhancing your mind/body, increasing strength and flexibility.

Have a wonderful, merry Thanksgiving!

Deerfield Beach Computer Club

By MAY INCARDONA, Director of Public Relations

The Deerfield Beach Computer Club welcomes you to start New Year 2018 with us. We meet every Friday in Century Village at Le Club Activity Center from 10 to 11:30 a.m. (excluding holidays).

Each week we have different topics. Some of our meetings feature local and national guest speakers. This month, Bob Anstett of the Creation Station at the Broward Main Library in Fort Lauderdale will present Introduction to Voice Assistants. Also, another week, Bob Gostischa of AFCUG will talk about protecting your devices. Please keep in mind that topics may change from time to time.

It doesn’t matter how little knowledge you may have (Google, Facebook, Windows, etc.), there is always something new to learn. Please check out our website at https://www.db-cc.net. If you have any questions, please contact Barry Cowen, Club President, at 954-725-9331 or send an email to president@db-cc.net. You may also contact Pete Zambito, a resident of Century Village, at 954-941-4870 or email petezambito@bellsouth.net. Remember, we always have a place for you at one of our tables.

CVE Fishing Club Meeting at Clubhouse

By MEL NASS

CVE Fishing Club meeting to be held on Tuesday, January 16, 2018

Century Village East Fishing Club will host their Fishing Club Meeting for CVE residents and visitors on Tuesday, January 16, 2018. The meeting will be held on the second floor of the CVE Clubhouse. Please phone Mel Nass at 954-684-6881 or email Greg Kucharewski at Gkucharews@jcaa.org for the meeting time and room number.

The CVE Fishing Club is inviting novice and veteran anglers a chance to join a fishing club that is geared towards promoting healthy outdoor recreational fishing opportunities in and around the Deerfield Beach community. The goal is to connect CVE residents and visitors to recreational fishing, community coastal parks, access for the disabled, build social relationships and develop an appreciation of sport-fishing by utilizing skillful anglers to support local community projects.

All CVE residents are welcome to join the club. If you are an experienced fisherman that would like to share your wisdom with other CVE residents or a great cook that is inspired by sharing recipes, we are happy to have anyone interested make this a fun club.

Come out and enjoy some fishing fun. Bill Montgomery is catching fish within the borders of our community. Learn how and where to catch large-mouth bass.

CVE Choraleers

By DEBBIE JUNIPER

Mark your calendars for Sunday, January 28 at 3 p.m. in the CVE Theater for our 2018 Benefit Performance featuring the CVE Choraleers soloists with Lucille Graveline; special guest artists:

- Tenors Andrea Garofalo and Marcel Rasa with Supranor Marcela Rasa.
- Andrea Garofalo is a versatile entertainer who enjoys performing in Italian, English, French and Spanish. He has a flair for a variety of music from pop to opera! Marcel Rasa is said to have the voice of an angel and loves the romantics. Marcel also does the pop to opera variety of music. Marcela Rasa, sister of Marcel is a soprano and has earned her Bachelor of Arts degree in Theatre Performance at the University of Florida. She has performed in many musical productions, short films and music videos in Los Angeles and Florida. Our director, Linc Lackey, is assistant conductor to the famous Sugar Pops Orchestra and the Hallandale Pops Orchestra. Billy Mac Cumber is a professional pianist who has accompanied such greats as Louis Prima, Frank Sinatra and Judy Garland. Lucille Graveline has won the Senior Star Talent Contest award for best senior female vocalist in all of Canada! She also came in second place at the Tri-Rail Senior Idol contest held in Florida. Ted Schneider is our trumpet player and vocalist; he is one of the original members of the local band called The Village Vagabonds.

Tickets for the Benefit Performance are now on sale at the CVE Ticket Office for $10. Also, be sure to save the date of Sunday, March 4, 2018 at 3 p.m. for the 44th Annual Choraleers Show, featuring the Choraleers Chorus and Soloists with special guests from the January 28 Benefit Performance and more!

Italian-American Club Winterfest

By TONI PONTO

The Italian-American Club will hold its annual Winterfest/Installation of Officers on Valentine’s Day, February 14, 2018 at the Deer Creek Golf Club at 5:30 p.m.

A five-course dinner will be elegantly served starting with a mimosa and continuing with wine throughout dinner. Rock and Roll Music Club Welcomes Back Snowbirds

Text and Photo by DEBBIE JUNIPER

The Rock and Roll Music Club welcomed back our snowbirds last night. We had a great crowd and enjoyed playing Name that Tune’s artist or group.

Our jam session was wonderful and ended on a high note with Mike and Jerry doing an amazing rendition of Jerry Lee Lewis’s, Great Balls of Fire, with Ken Ireal on the piano. No one could refrain from shaking in their seats.

Much thanks to Mike, Jerry, Ken and Paul. We had a blast!

CVE Fall Bowling League Update

Scores keep improving, and the standings are getting tighter as we begin play of Week 11. The Mulligans hold a half point lead over the Golden Greeks, followed by the Fun Bowlers and Halos tied at five (5) points back.

The Beatles; Three Guys and a Girl; Lucky Strikes; High Lites; Marvinettes; Ebowlia and Silver Peppers remain in the hunt.

High scores scratch for the men: Mark Simpson (Fun Bowlers) 278; Joe Emery (Lucky Four) 246; Bryan Stone (The Ringers) 234; Chris Danias (Golden Greeks) 232; Warren Stricoff (Mulligans) 226.

High scores scratch for the women: Cheryl Dodes (Ebowla) 208; Loula Barakos (Golden Greeks) 200; Carol Hornby (Marvinettes) 196; Ethel Salit (Marvinettes) 192; Norma Arndt (The Sweeties) 185.

The current Fall League will end on Thursday, January 4, and the Winter League will begin play starting on Thursday, January 18. There is still time to come down to Strikes of Boca and join us for lots of fun!

Our Holiday Party this year was catered by Jimmy Johns, Deerfield Beach. A big thank you for your generosity!

The Elvis Experience

Text and Photo by DEBBIE JUNIPER

The Rock & Roll Music Club is having a very special guest on Wednesday, January 17 from 7 to 9 p.m. in Room GP-A, located on the second floor in the Clubhouse to celebrate the birth of the King of Rock & Roll, Elvis Aaron Presley.

We are fortunate to have the incredible Elvis tribute artist, Scott Ringerson, who has been entertaining audiences for over 20 years. Scott has opened for the Platters, the Coasters and the Crests and has appeared at Bally’s in Las Vegas. Scott also performs songs by Bobby Darin, Dean Martin and Frank Sinatra. Be prepared to be wowed by the King.

Mark your calendars for January 17 so you don’t miss this exciting evening! Come early to get a good seat; there is no charge for tickets to buy. Lots of surprises and giveaways!

For further information, contact Debbie Juniper at 954-609-3893.

Welcome Dinner

Text and Photos by SID BIRNS

The dinner was probably one of the most successful dinners to date. There were 35 tables and that accounted for 345 people. I attribute the success of the dinner to our many dedicated volunteers,” said Canadian Club President Ala Gamulka.

The dinner was a Welcome Back to all the snowbirds, giving everyone a chance to meet and greet friends they haven’t seen since a year ago. This was a deli night dinner; and for those that don’t eat meat, there was a vegetarian buffet table set up for them.

One thing I have to say is that disk jockey, Dean Richards, played music that everyone could dance to; he truly covered the spectrum. The entire evening moved like a well-oiled machine; everything that was supposed to happen did happen.

All in all, it was a great night; the Canadian Club did it again!

Volleyball Club Season

BY LARRY COHEN

The Volleyball Club season is well under way. We play Monday, Wednesday and Friday from 9 to 11 a.m. The volleyball court is located behind the Clubhouse tennis courts. If you enjoy an action-packed sport, come and play. Both men and women play this game and we all have a great time. See you there!

New York Style?

Text and Photo by SID BIRNS

You know, I’ve always wondered exactly what does the word style actually mean; I won’t give you the dictionary meaning just yet. And I’m sure you’ve seen this just about anywhere you’ve gone throughout the United States and as well, in many other countries – New York Style Pizza, New York Style Deli, New York Style Bagels. What does that really mean? What makes a New York Style bagel, a pizza or a deli sandwich any different from one bought in a Deli that doesn’t advertise New York Style?

Well, without going into too much of the College American Heritage Dictionary description of the meaning of style, this in part is what their definition is, “...a quality of imagination and individuality expressed in one’s actions and tastes.” Of course, there’s another full paragraph of definitions but I’m sure you get the idea.

So, with all the definitions of style, I still don’t know what New York Style means. Is it a taste; is it a look? I’m sure I would get at least a hundred interpretations, maybe even a thousand, all explaining your version of New York Style.

Therefore, I’ve decided to drop this hot potato in your lap and challenge y’all for your interpretation of New York Style by sending it into the Reporter. If you’re feeling so inclined, you can send me your version at: sbirns7@gmail.com. Have a Happy New York Style Holiday....Ho, Ho, Ho!

Knight in Shining Armor in the Village?

Text and Photos by CAROL CARR

My husband and I were so surprised when we saw this very interesting car being hauled by an antique truck through the Village. When it turned into Harwood, we decided to stop and inquire about it. The owner, Tony Batterson, was very pleasant and happy to spend time telling us all about both the car and the truck. He said that he was visiting his girlfriend who lives in the Village.

He explained that it was custom made by a friend of his at a cost of around $65,000 but that it would be much more if it were to be designed by someone other than his friend. He said that he goes to many different events with it. It is certainly one of a kind, and we have never seen anything like it before! It must be such a thrill to ride in this knight’s helmet; and of course, you notice his license plate says Medieval! – how appropriate!

The truck that was hauling it was also very interesting. It is a 1948 Ford that Tony said he had painted in a color and matte finish to retain its vintage look. Keep your eyes open; and you may be lucky, too, to see it some-time!

Jerry Gray: Canada's Iconic Traveller

The iconic Travelers, Canada’s state of the art folk group
Cris-crossed Canada in 1967 our centennial year in a placid landscape
An encircled event with a national acknowledgement of its importance
Singing, This Land is Your Land, the Canadian version weaving elements together
Popularizing the lyric, From Bonavista to Vancouver Island,
Led by Jerry Gray, the persona and the person with a complex psyche
Always searching for authenticity more sensual and unbuttoned
Without invitation to old folksies transgressions, Gray possessing
A powerful voice a most perceptive and eloquent realist entertainer
Captivated by the unique pitch of his voice, his eye for perceptive detail
His meaningful insights like a symbiotic relationship between the powerful and powerless
Never wanting the impermanence to be permanent…innovative new music
Always within the parameters of credibility and transparency
On the road…gig after gig, across Canada bringing joy and folk music
Country wide, with no ludicrous ideas, with empathy and compassion
To where the air carries a hint of what’s coming to the folkie corridor
Traveling obscure town to town, rural village to village, province to province
Where his’s come to value the simple things like a clean motel room,
Reliable hot shower, an employee that respects a do not disturb sign.
He’s learned the sublime wisdom from his mentors, Woody Guthrie, Theodor Bikel, Pete Seeger
From a labor song called, Which Side Are You On? by Pete Seeger and the Weavers
Fighting for truth and justice for the oppressed working man
You’ll either be a union man or a thug for J. H. Blair.
Always on a sacred mission, telling his loved ones
“I’ll be back when I’m back.” Knowing that
Always trying to influence the reins of power… discovering there are no horses attached
When I stressed the fact we loved Deerfield Beach
They up and moved within close reach
This guy has talent beyond belief
Designing tile floors and cutting glass,
He writes plays that shine with class.
His jokes are funny, the stories are true,
He keeps us laughing the whole night thru
As you can very plainly see
I’m surely not poetic as he.
However, his tribute has opened my eyes,
To have a friend I didn’t realize
So, thank you Roger for making my day
And let’s play Rummy Cube on Saturday!

My Daughter, Myself

I taught my daughter things
when she was very small,
now she shows me new things
that I never knew at all.
I cooked and shopped for her
and fed her all her meals,
now that she’s a mom
she gives me her recipes
and great shopping deals.
She knows this,
she knows that.
She watches her weight,
exercises and walks
and eats so healthy too,
She tells me what foods I should eat,
and what is good for you.
I’m so proud of her,
how did she get so smart?
and know everything about What to do?
When I ask her this she says,
"Mom, I learned it all From you!"

The Simple Things of Life

What's Important

I'm going to a fancy dinner party with my friend
his name is Arty.

As I dressed I discovered a hole
In my stocking.

How can I go, my feet would be knocking?
But then I say, under the table, who would see, not anyone, not even me.

And if I didn't have a pair of black dressy shoes
and wore brown ones instead, who would see my shoes under the table? they'd look at me, my face instead.

Doo Wop: Cover Shows

Are we supposed to be teary eyed and fuzzy feeling?
Is it an illusion that being retrospective or introspective heals everything?

As the musical nostalgia knocks on the door of our innocent youthful memories
Does it guarantee happiness as we hold on to sweeter times of the past?

While looking to the future, musically vibrant, dramatically slapdash
Watching the rebooted septuagenarian recycled Teen idols perform on our stage
Performing before greying snowbird audiences
Recapturing the songs of their teenage years, swaying, moving, clapping
Charging up our latest endorphins of reminiscing nostalgic baby boomers
Recreating indelible voices, the soundtrack of our youth

The music of our lives… feeling the Beachboys iconic Good Vibrations
On our Apollo Theatre Harlem-like stage of our own Century Village
Reprising their creaky premeditated dance steps visually anachronistic
Listening to their iconic old hits, remembering our high school sock hop songs

Or Barry Mann asking the most important question of our teen years
Emphasize… the most important question

“Who Put the Bop in the Bop Shoo Bop Shoo Bop?
Who put the ram in the rama Llama Ding Dong?”

Or the Tokens sing the iconic

“Then He Kissed Me
We lap up these prompts of the past
Spinning like a whirling dervish a spinning top, singing in his falsetto voice
A little boy with a grown man’s soul… passion fervent unplugged
The Greek word for return is Nostos, Algos means suffering
Nostalgia means suffering by an unappeased yearning to return
To the past, to what was and isn’t anymore… invoking natural dreamscapes
Not to give up attitude, with a sparkle in our eyes, the honeyed croon of…
The Mama’s and Papa’s singing California Dreamin…on such a winter’s day

While we lucky Snowbirds in Florida riding on endless bike paths, sharing M & M’s
Looking back, swapping stories, inexhaustible memories, remembering
About the people we knew and loved or the experiences we shared
Like mountain people… hillbilly’s whose limited choices were…

Coal mine, moonshine or just walking down the line
The pleasure and pain of looking backwards, shaking off the dust
Stirring it up again on the shelf space of our minds
Should we trade all our tomorrows for just one amazing yesterday?

As the Penguins perform Earth Angel singing about…
The vision of our happiness, The Crystals, Then He Kissed Me
Then he asked me to be his bride, I’ll always be by his side
And then he kissed me. We lap up these prompts of the past
Thinking about the way things were… sad about what we’ve lost
When losses hurt, nostalgia may be a natural anesthetic
Nostalgia may be a motivator for action
Like Running Away with Del Shannon’s Runaway

Wishing you we’re here to end this misery
Like a selection of ostentatious antique musical trinkets
What’s past is prologue…now for new beginnings
What you end up remembering may not be the same

As the oldies lyrics of Kenny Vance’s Looking for an Echo
For seniors who are older, somewhat wiser, looking back
Listening to the blending symphonic harmony and drifting away
Contemplating the hands life has dealt them…and how they played them

With perhaps some tinges of regret… knowing that
Hindsight is one hundred percent… as we lapped up the emotional music
As to what was experienced… as to what we learned

Does it guarantee happiness as we hold on to sweeter times of the past?
Shoes and rings and things are unimportant
They don’t make your day!
That the things that are important is
Who you are and what you say?

Can I still change my Medicare Advantage plan?

Attention Broward resident: Fall Open Enrollment may be over but you could be eligible for a special enrollment period.

Humana can help.

You may have the opportunity to choose or change your Medicare Advantage plan if, for example, you:

- Are newly eligible for Medicare or will soon be age 65
- Have just moved into a different service area
- Receive Medicaid assistance

You may also be eligible to change plans if you have certain chronic conditions such as:

- Diabetes

Knowing if you qualify for a Special Enrollment Period can seem confusing. Humana's local licensed sales agents are happy to talk with you on the phone or in the comfort of your own home. Let us help you find out if you qualify.

Tips for Traveling

Be Practical When Packing

Pack light. For a person traveling with at least some limitation, aim to pack everything necessary in a roll-aboard suitcase plus a medium size over-the-shoulder carry-on. Do not check the roll-aboard as luggage, as in-cabin flight staff will gladly stash it in the overhead rack. Such will save a lot of time at the final destination airport.

All prescription and over-the-counter medications should be placed in a one quart zip lock freezer bag, including also copies of any prescriptions and/or physician statements in the hand carry bag. Do not place the pill combinations separately into a separate plastic box as “the next combined dosage.” Such will never get through security. Enclose also any medical appliances such as extra braces or first-aid needs.

If toting gifts to relatives, do not wrap them. Place the items in the roll-aboard luggage.

Think about Safety, Security and Comfort

There are thieves everywhere and, particularly, in high-traffic travel centers. Don’t give the scalawags any opportunity to steal from you.

Women should not carry a purse but, instead, a money belt worn under a blouse or a neat Passage Wallet hidden under a coat by a neck cord. Men should not carry a wallet in his back pocket but, instead, the same Passage Wallet from the neck cord or as a hidden wallet tucked into his pants and secured by a cord to his belt.

If traveling alone, always keep your carry-on between your feet when standing, or with the shoulder strap looped around the leg of a chair when seated.

For comfort, consider the purchase of a travel pillow, a c-shaped balloon that supports the neck and head when resting aboard transportation.

**SUDOKU**

Sudoku doesn’t require any special math skills or calculations. It is a simple and fun game of logic -- all that’s needed is brains and concentration.

There is really only one rule to Sudoku: Fill in the game board so that the numbers 1 through 9 occur exactly once in each row, column, and 3x3 box. The numbers can appear in any order and diagonals are not considered. Your initial game board will consist of several numbers that are already placed. Those numbers cannot be changed. Your goal is to fill in the empty squares following the simple rule above.

1. Fill the grid so that the numbers 1 through 9 appear in each row.

2. Fill the grid so that the numbers 1 through 9 appear in each column.

3. Fill the grid so that the numbers 1 through 9 appear in each 3x3 box.

4. A complete Sudoku puzzle contains the numbers 1 through 9 in every row, column and 3x3 box.

Hint: Start with a square that only has three numbers missing. Look at surrounding squares and grids to see which numbers you need to fill that 3x3 grid.

The Puzzler

By CHARLES K. Parness

In Century Village, many buildings had one color for the catwalk railings and a second color for the doors, although some had the same color for both doors and railings.

A painting company got the job to paint three adjacent buildings (A, B and C) in one of the areas of the Village. For the railings, they had paint in three colors: red, blue and purple. For the doors, they also had three colors: red, blue and silver.

From the three association boards, they received the following instructions:

Each building had a different railing color than the other two.
Each building had a different door color than the other two.

Building A insisted that their doors were painted red. Building C insisted that their doors and railings be the same color.

Based on the above information, what was the color of the doors and railings of the Association B building?

The Solution to Puzzler can be found on page 35-B

Song Search

The CVE Reporter is printing the titles of four famous hit songs of the past and/or present. The song titles will be located randomly in either Section A or B. The object of the contest is as follows:

The four song titles must be located, named and submitted either in person or by email to cverepporter@hotmail.com Attn: Song Search Contest

The group or artist who made each song a hit must also be submitted with each title.

The first three correct entries submitted to the paper will win a new CVE Reporter logo tee shirt. Good Luck!

Winners will be announced in the next month’s issue. Prizes can be picked up in the CVE Reporter office on West Drive after the winners are announced.

Meet Our New Tennis Pro Ron Perry

Text and Photo by MEL WEINZIMER

Welcome our new Tennis Pro, Ron Perry, who arrived at Century Village this summer, replacing Mark Joffey who served in that position for over a decade. Ron will be assuming all Mark’s duties, including organizing and running the daily tennis clinics held at the Clubhouse courts each weekday morning, and also offering private tennis lessons to the Century Village Community.

Ron was hired following an extensive interview process involving many qualified candidates; he has broad experience in playing and coaching tennis. He also managed and directed his own tennis club in Vero Beach, Florida and was Director/Head Professional of several other country clubs, serving on the Indian River Tennis Foundation. Tennis has been Ron’s passion for the last 34 years and it shows in his natural ability to teach many skill levels and ages.

He was born and raised in Washington, D.C., started playing tennis at the age of nine, and went on to play at Morris Brown College in Atlanta, GA. He started his coaching career with The Reebok® Youth Tennis Academy with a part-time job at the age of 24. As a D.C. firefighter, Ron reached the rank of Lieutenant, while also playing local tournaments and teaching tennis.

By 1994, he relocated to Florida to play tennis. Ron has been personally involved in coaching his own children with considerable success. In 1996, he relocated to Florida with his 12-year-old daughter whom he coached and trained since she was four years old. She went on to play on the WTA Tour for 11 years, reaching a high of #40 in the world and the top 100 in doubles. Ron managed and coached her until she retired in 2010.

Ron’s own tennis career includes a State Championship, Father and Daughter National Championship, receiving a gold ball from the USTA, reaching a ranking of #2 after winning several tournaments in Florida and reaching the Round of 16 in the National Men’s Championship.

Our tennis Pro is a valuable resource to the Century Village Community. If you are interested in learning the game as a beginner, or improving your skills, join one of the many clinic sessions that Ron leads at the Clubhouse Courts. Ron also offers private lessons at a fee of $20/half hour. Ron can be contacted at rmperry59@att.net or at 954-560-2613.

CVE Tennis Club Kicks Off Its 2017/2018 Season

By MEL WEINZIMER

The CVE Tennis Club begins a busy and fun-filled season with over 500 club members participating. The Club is organized into 29 teams with each team assigned a daily 90-minute time slot at one of the 17 tennis courts located throughout Century Village.

In addition to team play, the Club will be organizing a series of activities for its members including monthly tennis jamborees, social events and competitive team play. At Tennis Jamborees, held monthly, members play mixed doubles, socialize and enjoy refreshments. Our social events include a barbeque, held at the start of the season, and a formal end-of-season dinner, known as the Tennis Ball.

Members interested in competitive play join our Intramural program. Men’s and Women’s teams compete weekday evenings at the Clubhouse courts beginning at 7 p.m. The Men’s teams play on Monday and Tuesday, and Women’s teams play Wednesday and Thursday. Please come to the Clubhouse courts and support our players.

Century Village teams also participate in Inter-Condor League play. Three teams (two Men’s and one Women’s Team) currently compete. For more information, contact Dave Lieberman at 954-531-0574 or dliebman10@yahoo.ca.

At the General Meeting held on December 9, the Club’s schedule of events was presented. Coming up are the Welcome Back Jamboree on Sunday, January 14 and the Welcome Back Barbeque on Wednesday, January 17.

If you are a new resident of Century Village and interested in playing tennis or a current resident just starting out, consider joining the CVE Tennis Club. You can also take advantage of daily tennis clinics and private tennis lessons open to all CVE residents and offered by CVE’s newly-hired Tennis Pro, Ron Perry. You can contact Ron at rmperry59@att.net. The clinics are geared to all levels of play. You can obtain more information at the Club’s website, www.cvetennis.com, or pick up a tennis clinic schedule at the Clubhouse Staff Office.

One can join the club at any time during the season, and the annual membership fee is $20. Contact Peter Silvermann, the Club’s Membership Director, at 617-834-0124. See you on the court!
The Ubiquity of Electronic Hacking: A Personal Anecdote

By BONGS LAINJO

We frequently have the tendency of excluding ourselves when it comes to electronic crimes and theft. In many cases, we create a comfort zone by believing it would never happen to us. I have often believed that only the careless, uninformed and complacent neophytes are likely to be vulnerable. Was I ever wrong! And as it turned out and based on my own personal experience, at some point in time, we are all vulnerable. Given the current research findings, electronic theft is yet to peak, and the tipping point will take all of us by storm! Even with current painstaking care by some users and providers, the hackers are becoming more and more sophisticated and in general, ahead of the curve. With all the sophistication and advanced technological strategies available to and implemented by some small and large organizations, the challenge is to stay ahead of them with limited green light on the other side of the Rubicon. And this uncomfortable situation becomes even more mind-boggling when trusted insiders are found to be complicit in some of these unacceptable practices. In summary, the jury is still out as illustrated by Figure 1.

Users expect a safe and secure online experience for both business and personal purposes. However, increased data breaches, espionage and cybercrimes have created big challenges. Reports indicate that 178 million records were stolen in 2015 with security breaches highest in Asia and the Pacific region, while Europe and North America reported the lowest (20). In this regard, cloud management is a major, increasingly expensive challenge as shown in Figure 1. Generally, cybercrime damage is expected to cost the world more than $6 trillion yearly in the next five years, up from $3 billion reported in 2016. Costs include stolen money, destruction of data, loss of productivity, post-attack disruption of normal operations, embezzlement and theft of intellectual property. The costs also include reputational harm, forensic investigation and restoration of hacked data. With cloud-based enterprise workloads projected to increase by 29 percent in the next five years, security remains one of the biggest challenges. At a personal level, my experience as a user of many services reminded me of how vulnerable we are especially in circumstances beyond our control. For example, on December 8, 2017, I was going through my annual tradition of contacting my telephone service provider (SP) and suspending my services for a period of time next year, the immediate response was, “No, you can’t.” And when I asked, “Why?” the SP told me I was on a contract plan and holders of such plans are not eligible for any service suspension. There I tend; I smelled a rat and knew the worst was yet to come. Fast forward: My telephone bills have always been automated and have been that way for the last decade. Every month I receive an electronic statement. Unknown to me, and partially because of my trust of the SP, no statements were received in September and October this year even though automatic deductions were made from my account. And thus how it all started. During my earlier phone call to the SP, I received an automated message detailing payments and deductions that were made in the month of October from my account. The amount was more than twice my regular payments and as expected, I then went further to talk with a live being. And that’s when the drama escalated.

So when the SP reminded me about the ineligibility of suspending my services, I then asked, “Why?” and went on to remind the provider that I wasn’t doing anything unusual as I did this every year. The response I received was that because I was on a service contract, I couldn’t suspend my services. I immediately retorted by saying I was on no service contract. The SP insisted and even told me the brand of phone I had, which was provided as part of the contract. I reminded the SP that during the last decade, I had always used my own phone and that contracts were out of the question. We mutually agreed that I verify my automatic deductions to confirm. I did, and found out that more than twice my monthly payments had been deducted from my account. There and then, I also verified my electronic monthly bills and lo and behold, I had not received any bills for the months of September and October! The SP checked and confirmed that bills were sent to my new email address, and that’s why there was no red flag. As it turned out, the perpetrator had modified my account details, including changing my email address to syphon the thief’s payments from my account. The SP then immediately initiated an investigation which was ongoing at the time of this report. The message? While some of us remain vigilant, the reality is that even the most diligent and adept institutions remain vulnerable; and as Murphy says, “What can go wrong, will go wrong.”

Coike’s Look at Books

By RICHARD WILLIAM COOKE

A monthly look at books of interest—new and, occasionally not-so-new, fiction and nonfiction—available at local libraries, bookstores and from online booksellers.

The Cuban Affair
By Nelson DeMille; Simon & Schuster, 433 Pages, $28.99

Nelson DeMille has penned 20 novels, all of them New York Times best-sellers. Critics have written off most of them as macho potboilers but the writer’s fans love him as does Hollywood. John Travolta starred in the film based on his The General’s Daughter, which provided the setting for an up to then unpromising Maxine Elliott, the daughter of a Connecticut fisherman who built the beautiful art deco Chateau and brought together the likes of Somerset Maugham, Noel Coward, the Aga Khan, the Duke and Duchess of Windsor and two very saucy courtesans, Doris Castlesmore and Daisy Fellowes, who set out to be dangerous distractions to Winston Churchill as he worked on his early biographies.

After World War II, the story continued as the Chateau changed hands and Prince Aly Khan, actor to it enter everyone from Elsa Maxwell to the Kennedys and Onassis families, as well as to launch his seduction of, and eventual marriage to, Eva Hebereth. This book provides a remarkably zesty, entertaining history of Jazz Age high society at its best and worst.

The Riviera Set—Glitz, Glamour, and the Hidden World of High Society
By Mary S. Lovell; Pegasus Books, 434 Pages, $27.95

Today, Cannes may be considered one of the world’s most famous year-round playgrounds of the international jet set. But in the early 1900s, it was considered far too hot for civilized living. Modern air conditioning has changed that but in 1923, a stunning dwelling, the Chateau de l’Horizon, had been built on an up to then unpromising pile of rocks.

A young American, Barry Dierks, who later became one of the most famous architects of the art deco period, dynamited the rocks to provide a flat platform for the villa, as well as a deep depression to house a swimming pool. During the next three decades, the opulent house provided the setting for an indulgent, glamorous and even decadent lifestyle where one thought nothing of filling a bath with dozens of bottles of iced champagne after an evening of dancing. From 1920s to 1960s, Coco Chanel made southern French tans fashionable to the death of the playboy, Prince Aga Khan, in 1960, Cote Porter, Picasso, Dorothy Parker, Jean Cocteau and Scott and Zelda Fitzgerald frolicked at the mansion’s private beach. At the heart of the dynastic group was the amazing Maxine Elliott, the daughter of a Connecticut fisherman who built the beautiful art deco Chateau and brought together the likes of Somerset Maugham, Noel Coward, the Aga Khan, the Duke and Duchess of Windsor and two very saucy courtesans, Doris Castlesmore and Daisy Fellowes, who set out to be dangerous distractions to Winston Churchill as he worked on his early biographies.

Sunshine State
By Sarah Gerard, Harper, 359 Pages, $15.99, Paperback

Author Sarah Gerard grew up along Florida’s Gulf Coast. In this new book, she uses her Florida years as the grist for a series of long essays exploring intimacy, addiction, identity, religion, homelessness, incar- ceration and much more.

Florida author, Craig Pittman, calls it, “An insightful look into the darker corners of our sunny paradise...a collection of essays that weaves a portrait of Florida as a place that closer to police brutality reality than the puffery of the tourism promoters.”

One essay starts out grimly, “A line forms outside the Trinity Lutheran Church in St. Petersburg, Florida each Saturday morning at six o’clock. Breakfast is at nine. The people in line share stories of where they slept the night before and who or what woke them and forced them to move; which of their friends and family is missing or dead; who was arrested. They’re clean or dirty, black, white, Latino, sane or im- paired, pregnant, disabled, old, young and poor.”

Other essays are more upbeat, like one about what home life was like when their parents joined Orlando-based Amway as sales reps, and the house was filled with boxes of Nutrilite vitamins, Glister toothpaste and Satinique shampoos and of the family’s drives to Amway rallies at Miami’s Fountainbleau Hotel where thousands of Amway members would be cheered on by screaming Amway boosters.

There’s a beautiful essay about Ralph Hecht, the famous impres- sionable bird sanctuary.

CVE Art Expo 2018
By MAXINE BLOOM, Co-chair of Art Expo 2018

The planning for the CVE Art Expo 2018 which takes place at the Chateau during the first weekend in March is well underway. Over 100 artists have their easels up, their paints and brushes ready and inspiration whirling in their heads!

We are looking forward to seeing the wonderful work of painters, sculptors, photographers, glass art- ists, jewelers, makers of poly- mer clay artists and others. The exhibition includes over 400 pieces and takes place on Saturday, March 3 and Sunday, March 4.

Everyone is encouraged to come and support their friends and neighbors. Admission is free and friends, relatives and art lovers from everywhere are most welcome!
