I started wake surfing in 2014 and started competing in 2015 as an amateur, moving up to semi-pro in 2016. After an undefeated semi-pro skim season I advanced to the pro division in 2017. I'm super stoked to win **First Place World Wake Surfing Championship of 2017** in my first year as a professional.

I'm presently a Sr. in high school at Westford Academy preparing to attend college and study marketing.
