

# Keep Your Family Safe Poison Prevention Tips

Stay safe at home! Follow these quick safety tips from the 7 modules in your training.

1

## Medication Safety

Store medicines up high, out of reach of children.

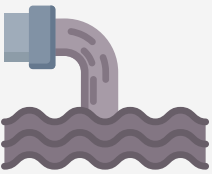

2

## Household Chemicals

Store away from food and drinks; and never mix chemicals .

3

## Chemical Disposal

Never pour chemicals down the drain or in the trash.

4

## Product Labels

Always read instructions before using any chemical or medicine.

5

## First Aid Safety

Call Poison Control: 1-800-222-1222 for help or dial 9-1-1 for an emergency.

6

## Home Certification

Do a safety walkthrough every month and save important emergency numbers in your phone.
