QUICK AND SIMPLE UPDATES

MEET EVOLVING REGULATORY REQUIREMENTS

REDUCE COSTS AND IMPROVE EFFECTIVENESS AND EFFICIENCY

◆ Do the responders in your operating areas have access to the critical information in your response plans?

◆ Are you confident the communities you operate in will take effective actions in the initial decisive hour of response?

◆ Do your systems make it easy to update the critical information responders rely on?

*Buxus™ is a new communications app that can instantly put your response information into the hands of responders. **Free for responders, subscriptions for pipeline operators.***

To learn more about how Buxus™ can help your company more effectively communicate with responders in preparation for a potential emergency, or to arrange a product demonstration, contact **(844) 888-3318** or **info@buxus.io**.
