Practitioner Statement of Disclosure

We are not Veterinarians; We do not diagnose medical issues, offer medical advice, prescribe drugs, or perform surgery.

Our role as a Canine Bodywork Practitioner is to assist your animal by maintaining a naturally, healthy state. Massage and bodywork are cooperative modalities to your Veterinarian and are never considered to be a substitute. Every effort will be made to achieve positive results, but the beneficial effects of massage and bodywork are not guaranteed. If, after 3 sessions, no improvements are achieved, different modalities will be suggested.

Gratefully,
