

PRESIDENT'S Message

Hello NAWIC Sisters!

Wow—what a whirlwind August has been! We kicked off the month with a lively Membership Meeting at the AGC Building, which was filled by a night of laughter and music with Singo Bingo. A

huge thank-you to our Membership Committee for organizing such a fun-filled evening. Your hard work truly made the event a hit!

In even bigger news, NAWIC hosted its Annual Conference in the historic and beautiful city of **Boston, MA**, celebrating **70 incredible years of Leadership & Legacy**. This milestone event was truly something special.

It was my first National Conference, and I'm beyond grateful for the opportunity to attend. From the moment I arrived, I felt the energy and passion that radiates throughout this amazing organization. We witnessed the installation of new National Board Members and connected with inspiring women from Chapters all across the country.

One of the most impactful moments for me was hearing **Tamara Crooks** speak about the "Why" behind what we do. Her dedication to our Region and unwavering commitment to NAWIC's Core Values was nothing short of moving. She reminded us all of the deeper purpose that fuels our work—and I can't wait to see how her leadership continues to shape our Region.

Looking Ahead to September

As summer winds down, we turn our focus to an exciting new chapter: the installation of our **2025 Board of Directors**. September marks a time of renewal and fresh leadership, and we're so excited to welcome the incoming board. Each new leader brings their own unique strengths, passion, and vision—and we're confident they will continue to elevate our Chapter in meaningful ways.

Let's carry the momentum of this summer into fall, and keep building, supporting, and lifting each other up.

Dana Cookson,
NAWIC Tulsa Chapter 76 President

Heat Acclimation for Construction Workers

This summer has been hotter than usual. The safety committee wanted to take this month to focus on reviewing the OSHA recommendations for heat acclimation. Most outdoor fatalities from heat related illnesses - **between 50% and 70%** occurs within the first few days of working in warm or hot environments.

This is because the body needs to acclimate to heat gradually over time.

One of the main ways to prevent heat related illness is to encourage workers to:

- Consume an adequate amount of fluids like water and sports drinks
- Work shorter shifts
- Take frequent breaks
- Quickly identify any illness symptoms

OSHA has a Heat Hazard Recognition Tool on their website:

<https://www.osha.gov/heat-exposure/hazards#metabolicheat>

<https://www.osha.gov/heat-exposure/calculator>

This tool is a really useful guide to gauge how hot is too hot for work to be completed for acclimated and non acclimated employees.

How Does It Work?

There are charts for environmental heat, physical activity load, and clothing adjustment factors that are then put into the chart. This will help determine if it is too hot for work to be performed and can help employers plan necessary tasks.

Prevention » Heat Stress Calculator

Fill in the following form to determine whether a worker's heat stress is above recommended limits. Please read OSHA's [Heat Hazard Recognition page](#) for more information about WBGT, workload, acclimatization status, and clothing.

Wet bulb globe temperature (WBGT, degrees Fahrenheit):	<input type="text" value="65"/>
Workload:	<input type="text" value="Moderate"/>
Acclimatization status:	<input type="text" value="Acclimatized"/>
Clothing:	<input type="text" value="Normal work clothing"/>
Body weight:	<input type="text" value="Normal weight"/>
	<input type="button" value="Submit"/> <input type="button" value="Reset"/>
Result	<input type="text" value="Heat Stress is Below Limits"/>

General Membership Meeting – July 22, 2025—was our Annual Summer Social at a Drillers Baseball Game. No minutes were taken just food, fun and fellowship at the game.

NOTES TO THE PRESIDENT

We Value Your Feedback!

We've set up a QR code for you to easily share any comments, questions, concerns, or compliments. If you have suggestions on how we can address a concern or improve something, we'd love to hear from you. Likewise, if there are any ideas or features, you'd like to see, please let us know!

If you'd like your comment to not be anonymous, please feel free to include your name. Additionally, I'll have a box available at each meeting where you can leave messages as well.

We are committed to providing transparent communication, and each newsletter will feature updates on any concerns, questions, or compliments we've received, along with responses when appropriate.

Thank you for helping us improve!

NAWIC Meetings/ Dinners/Events Policies

A reminder of our Tulsa chapter policies concerning all of dinners and events. Please RSVP by the deadlines. We need confirmed counts for our restaurants ahead of time. If you are bringing guest(s), please supply their name and company.

All guests are paid for by the chapter the first time they visit, as well as new members—your first meeting is on us! After that, meetings/events will be charged unless otherwise indicated.

Members shall RSVP to attend the monthly meeting the Friday prior to the meeting (unless otherwise communicated) and will be billed for said meeting. Even if you cancel at the last minute, we need you to pay.

Our BOD has decided we need to be more vigilant. We run the risk of losing money as a chapter without this policy and we can't afford that.

We very much appreciate your understanding and your cooperation!
