

PRESIDENT'S Message

Dear Tulsa Chapter 76 Members,

I hope this letter finds you well and enjoying the final days of summer. August has been a month full of energy and collaboration for our chapter!

At our membership meeting we kicked up the month with an empowering program, "Tools for Tulsa Women in Construction," led by our very own Kristi Ostler and Marla Carter. It was inspiring to see the passion and dedication from everyone involved, reminding us of the strength and capability within our chapter.

I'm also thrilled to share that we are actively participating in Tulsa's Women Build 2024. Some of our members attended a fantastic lunch and learn, where female leadership in community improvement was front and center. We're looking forward to contributing even more as we volunteer at the 918 Wall Raising Day. This is such a meaningful opportunity to make a tangible difference in our community, and I couldn't be prouder of our involvement.

As we approach the fall conference, I want to extend my deepest gratitude to everyone who has contributed so far. Your help and support are invaluable as we work together to make this event a success. We're still pushing for sponsorships, so if you have any leads or ideas, please reach out—we're so close!

Looking ahead, I'm excited about our September meeting, which will be held at Chimi's on Cherry Street. This gathering will be particularly special as we install our new board, who will officially take over in October. I want to extend my heartfelt congratulations to Dana, our incoming president, and wish her the very best of luck in her new role. I know she will lead our chapter with the same passion and dedication that makes Tulsa Chapter 76 so remarkable.

Thank you all for your continued commitment to our chapter and our shared mission. Let's keep this momentum going as we head into the fall.

Warm regards,

Chrissie Humphrey,
NAWIC Tulsa Chapter 76 President

August Safety: Hydration Safety

Hydration safety in construction is a key concern when working in the warmer months. Drinking enough fluids is one of the most important things you can do to prevent heat illness.

Hydrate before work

- Begin early! Start the day hydrated.
- If you are dehydrated when you start work, you may not be able to drink enough fluid to catch up with your body's need for water.

Hydrate during work

- Drink before you feel thirsty. By the time you feel thirsty, you are already behind in fluid replacement.
- When working in heat, aim to drink 8 ounces of water every 15-20 minutes.
- However, do not overdo it. Do not drink more than 48 ounces of water in an hour. Drinking too much water or other fluids in a short period can disrupt the concentration of salt in the blood and cause a medical emergency.

Hydrate after work

- Hydrating after work is even more important if you work in the heat on a regular basis. Chronic dehydration increases the risk for several medical conditions, including kidney stones.

What to drink

- Water will almost always maintain hydration during work in the heat as long as you eat regular meals to replace the salt and other electrolytes lost in sweat.

What to avoid

- Energy drinks — Some energy drinks contain more caffeine than regular servings of coffee, tea, or soft drinks. Drinking energy drinks can be risky when added to the strain placed on your body by heat.
- Alcohol — Alcohol can cause dehydration. In addition, drinking alcohol within 24 hours of working in the heat can increase the risk of heat illness.

NAWIC Meetings/ Dinners/Events Policies

Just a quick reminder of our Tulsa chapter policies concerning all of dinners and events. Please RSVP by the deadlines. We need confirmed counts for our restaurants ahead of time. If you are bringing guest(s), please supply their name and company.

All guests are paid for by the chapter the first time they visit; as well as new members—your first meeting is on us! After that, meetings/events will be charged unless otherwise indicated.

Members shall RSVP by Friday prior to attend the monthly meeting (unless otherwise communicated) and will be billed for said meeting.

Even if you cancel at the last minute, we need you to pay. Our BOD has decided we need to be more vigilant and again start applying this to our monthly meetings starting in March. We run the risk of losing money as a chapter without this policy and we can't afford that.

We very much appreciate your understanding and your cooperation!

Dearest Supporter,

This October, the Tulsa Chapter 76 of the National Association of Women in Construction (NAWIC) is thrilled to host the upcoming South-Central Regional Fall Conference. NAWIC is an association committed to championing women to impact the direction of the construction industry. NAWIC provides education, community and advocacy for women, and the Fall Conference is one of two annual opportunities for the NAWIC members in Arkansas, Oklahoma, Texas, Louisiana, and Mississippi to network and share their knowledge.

We have an exciting agenda planned, focusing on the theme "Claim your Seat" - encouraging the empowerment of women and finding our voice. Through a weekend of breakout sessions and networking opportunities, we hope to leave an impact on the attendees. As an event sponsor, you can play a vital role in making this possible.

On the following pages, you can find detailed sponsorship levels and benefits for your review. If you or your organization is interested in becoming a sponsor, please contact either myself, or Nicole Shields (nlshields@garverusa.com)

We welcome and appreciate contributions of any amount. If none of the predefined sponsorship levels suit your preferences, please feel free to enter your desired donation amount below. Your support is invaluable to us.

Thank you so much for your time and consideration, we look forward to partnering with you in the months to come.

For more information, please visit our website - [2024 Fall Conference \(nawictulsa.org\)](https://nawictulsa.org)
