

2024 Farm Science Review

The Farm Science Review will be held September 17 – 19, 2024. Chapter 6 will again have a display at the event. Previous displays at FSR have been very successful in many ways.

We had strong merchandise sales, signed up many new members, and have seen an increase in foot traffic through the display each year.

The chapter has received several positive comments from the FSR management and last year, Case/IH Corporate invited us to place seven member's tractors in their display as they celebrated "100 Years of Farmall".

In 2023, the Chapter made the decision to encourage participation of members who have memorabilia and related items. The tent size was enlarged and four cases with viewing areas that lock were constructed. Chapter members responded with items that filled not only the new cases, but several brought their own cases. The result was a unique display that drew many questions and positive comments.

The chapter also began the tradition of giving a commemorative medallion to each participant. The 2024 medallions can be viewed in this edition of the Binder.

Now is the time to make a commitment to participate in the 2024 show. A phone call, e-mail or text message is all it takes to sign up.
