## Need Commercial Roll Off Services? We Can Help.

TTS has focused its service in residential pick up in order to maintain excellence in customer service. However, we would like to remain #1 for all of your trash removal needs and welcome inquiries for commercial roll off services. Our sister company CCS Transport provides front-load and roll-off services for refuse removal. Give us a call and choose option 3 for a referral. 252-204-6041

## STEPS FOR SAFE FIREWORKS DISPOSAL

**Soak-** Completely submerge all combustibles, pyrotechnics, used and unused fireworks in water and allow to soak overnight.

**Wrap-** Double wrap the soaked fireworks in plastic wrap or plastic bags to retain moisture.

**Dispose-** Place wrapped bags in your regular household garbage and dispose of in your waste receptacle.

Do not recycle your fireworks. Although they are made out of paper, fireworks are not recyclable- ever.
