

# TANGLER TRASH NEWSLETTER

October 2020

## REMINDERS

**All trash must be bagged, placed in your receptacle, with the lid closed.**

*Why is it important to bag your trash?*

*It keeps your trash can clean.* Your trash receptacle sits near and around your house every day. Ensuring your trash is properly bagged can help prevent leakage and waste residue inside of the can. Waste residue inside of your trash receptacle will lead to foul smells, mold, flies, and other things that would not be pleasant anywhere near your home. Bagging your trash will also help your can last longer as residue build-up can increase wear and tear on the can. Keeping your trash contained helps keep wild animals out as strong odors can attract animals to your property. Lastly, dealing with only bagged trash ensures the safety of our trash pickup personnel, it's the nice thing to do.

\*Don't forget- refer a friend for a discount on your next bill!

## LOCAL EVENTS

**CRUDDTOBERFEST 2020**- The 4<sup>th</sup> annual Cruddtoberfest will feature live music, costumes, a horror movie marathon, laser tag, food, fun, and more.
