Greetings

Spring is here and it is a Great time to enjoy the outdoors. Meetings are the 2nd Thursday of each month and are the best place to stay informed of happenings at the club. A reminder that new members must attend at least 2 meetings and 3 work parties, ask an officer to sign your membership card. Club membership is open for people who are willing to support the club and its activities. All new members must be NRA members. NRA membership sign up is available at club meetings. We are looking for someone to take over the NRA committee. Harry has been doing a great job and needs a break. Please contact Harry if you are interested. Our second amendment is under attack, it is our duty to contact our congressmen and senators and let them know that no infringement of our second amendment rights will be tolerated. Everyone has a few minutes to make a call or send an email.

Events and Information

The club will be going to a keyless entry system to the club and shooting ranges, talk to an officer for the combination if you did not receive a hard copy of this newsletter. The numerical code is to be used by members only and is not to be given to any non-member.

Thanks to Gun Bash Committee for putting on the gun bash that raised a significant amount of money that will bring needed improvements to our club. Thanks to all the members who purchased a gun bash ticket and other fund-raising tickets that keep our club running. Currently we have a \$5 food, beer, cash ticket, please contact Shad at 724-331-9992 if you could help him sell some tickets. Shad has been doing different tickets for well over a year now and like the Gun Bash the money will be used for much needed club improvements.

We are looking to do some maintenance work on the pond, a meeting is scheduled for May 27th 7:00 PM. Some members started to remove the algae at the May work party. We are going to attack the algae with some natural chemicals and possibly an aerator system.

Adam and Shad are working on the new 1000-yard range. Excavation bids have been approved and progress is being made. Berms were added to the pistol range. Adam and Shad and members of the Range Committee installed a new gate at the pistol range along with some new steel. The range is looking Good. Contact Bob King if you know any youth that would like to participate in rimfire target shooting.
