

Summer Camp News

January 6, 2025

Families,

Happy New Year everyone! I know this is hard to believe, but we are beginning to plan our Summer Camp program. To do so, we need to know who will be attending over the summer. Would you please take a few minutes to complete the attached form to let us know which weeks and days you would like your child to attend? If you are not planning on having your child attend, please still put your child's name on the form and cross out the bottom, indicating no care will be needed. All spots are filled on a first come, first serve basis.

Our summer program runs much like our program throughout the year. Teachers plan instruction based on themes that they choose, with a focus on math and literacy. I encourage you all to take advantage of our program; even if you decide to do fewer days, it's a great way to keep your child engaged and provide the structure and routine that they all need at this age.

1. You can choose how many days a week you would like your child to attend and which days. However, once you choose, you will be contracted for the same days each week and be required to pay for those days regardless of your child's attendance.
2. Though I know that we open summer camp enrollment early, and it is difficult to know what your summer plans will be, many families already know, and they need the reassurance that they will have care for their child. Just a reminder, this is a first come first serve program. There are no guarantees that your child will get a spot.
3. To enroll your child for summer camp please complete the attached forms and submit the nonrefundable deposit which includes a \$50 registration fee for each child and the first week's tuition.
4. There is a two ½ days a week per week minimum to register!

I would like to receive all forms back no later than April 25th, so staff can plan their own vacations as well. However, **spots are not guaranteed and are held on a first come, first serve basis!** Let me know if you have any questions.

Warmly,
Erin
