Dance underwear (Low leg line) the reason it helps the leotards not go up the booty! If you get normal/high leg line they do not do their job. You can find these on Amazon. Around \$20

Period Panties! These are a great new invention for under costumes! You can find them on Amazon

Body glue: keeps leg bands up and sticks leotards to your body. About \$15 on amazon! This is a dance costume life saver you can get any brand you want. Stick it 2 me is the brand that I have found works best. Works for keeping leg bands up for the littles too!

Clear gel deodorant ( do not use normal it will leave white marks all over your costume!

- All shoes, accessories, costuming and hair need to be exactly the same. When we compete we are asking the judges to judge our costuming and appearance along with our skill set. We have to look exactly the same 😊
