

**RESORT VILLAGE OF TOBIN LAKE
BYLAW NO. 05/2018**

WASTE COLLECTION AND DISPOSAL BYLAW

**A BYLAW OF THE RESORT VILLAGE OF TOBIN LAKE IN THE PROVINCE
OF SASKATCHEWAN TO ESTABLISH AND REGULATE A SCAVANGING
SYSTEM FOR THE PROPER COLLECTION AND DISPOSAL OF WASTE AND
RECYCLABLE MATERIALS WITHIN THE RESORT VILLAGE OF TOBIN
LAKE**

The Council of The Resort Village of Tobin Lake in the Province of Saskatchewan enacts as follows:

1. Scope

- i.) This bylaw may be cited as “The Waste Collection and Disposal Bylaw”.

2. Interpretation and Application

In this bylaw, unless the context otherwise requires:

- a.) “Building Waste” means all waste produced in the process of constructing, altering, or repairing a building, including earth, vegetation and rock displaced during the process of building;
- b.) “Collector” means a person who collects waste within the Municipality for and on behalf of the Municipality;
- c.) “Commercial Premises” means premises principally used for the conduct of some profession, business or undertaking;
- d.) “Council” means the Council of the Resort Village of Tobin Lake;
- e.) “Garbage” means putrescible animal and vegetable waste resulting from the handling, preparation, cooking and consumption of food;
- f.) “Householder” means the occupant, lessee or tenant or the person otherwise in charge of any residential dwelling;
- g.) “Municipality” means the Resort Village of Tobin Lake;
- h.) “Putrescible” means capable of becoming putrid;
- i.) “Receptacle” means the container used for storage of refuse/garbage for collection as authorized by Council;
- j.) “Recyclable Materials” means recyclable materials including waste packaging, paper, cardboard, tin and metals as defined in The Household Packaging and Paper Stewardship programs;
- k.) “Refuse” means all putrescible and non-putrescible wastes (except human excrement) including garbage, rubbish, and market waste that does not include liquid waste;
- l.) “Residential Premises” means premises used principally for residential purposes and does not include commercial, agriculture or industrial uses;

- m.) “Rubbish” means non-putrescible wastes, consisting of both combustible and non-combustible wastes, such as paper, cardboard, tin cans, glass and comparable materials;
- n.) “Solid Wastes” means refuse, rubbish and other discarded solid materials resulting from domestic activities;
- o.) “Transfer Station Waste Disposal Site” means an area maintained by the Municipality supplied with bins for disposal of residential household garbage and recycling.

3. Provisions for the Disposal of Waste

- i) The Municipality shall be responsible for the public collection and removal of residential solid waste and recyclable materials within the limits of the Municipality.
- ii) Council may provide for the collection, removal and disposal of solid wastes and recyclable materials within the limits of the municipality by contract with any person on any terms and conditions that Council considers expedient.
- iii) Solid wastes shall only be removed to the waste disposal grounds by an employee of the Municipality or a person who has contracted with the Municipality for that purpose.
- iv) The collection, removal, and disposal of wastes from residential premises in the Municipality subject to such modifications as may be deemed necessary by Council shall be on a weekly basis year-round and on a twice weekly basis for the months of May to September.

4. Pre-collection Practices

- i.) Garbage shall be thoroughly drained of all liquid and placed in one (1) bag designed for the collection of garbage before it is placed in a waste receptacle for removal.
- ii.) The occupant of every premise shall deposit their refuse/garbage in a waste receptacle with a fitted lid which they must supply.
- iii.) Bags must be securely closed in a manner which prevents water from entering the bag.
- iv.) Bags and waste receptacles shall be handled in a manner which dissuades wildlife from interfering with the contents.
- v.) No person shall open or interfere at any time with the contents of any waste receptacle placed for collection.
- vi.) Bags shall not exceed seventy-five pounds in weight.
- vii.) Unless otherwise approved by bylaw passed by Council, no person shall burn any household garbage or refuse.

5. Collection Practices

- i.) Collectors and inspectors appointed by Council shall have the right to enter at all reasonable times all premises and yards for the purpose of performing the duties assigned to them.
- ii.) The following wastes are excluded from the Municipal collection:
 - (1) Wastes not properly prepared for collection;
 - (2) Wastes not placed in proper receptacles;
 - (3) Wastes placed loosely and not secured in one large bag;
 - (4) All building refuse, industrial refuse, commercial refuse, liquid waste refuse and hazardous refuse;
 - (5) All yard clippings and tree trimmings;
 - (6) All dead animals, including fish.
- iii.) No person shall remove garbage to the transfer station waste disposal site unless authorized to do so by Council.

6. Penalties and Orders

- i.) The Council shall issue such orders as they deem necessary for the effective application and enforcement of any provision of this bylaw. Where a condition of premises is in contravention of this bylaw, the Municipality shall issue orders to resident occupants, with copies to the registered and assessed owner(s).

7. Coming Into Force

- i.) This bylaw shall come into force and take effect on the final date of approval.
- ii.) Bylaw No.01/92 is hereby repealed.
