

THE SPOTLIGHT

VOL. VI, NO. 1

CARDINAL DOUGHERTY HIGH SCHOOL, BUFFALO, N. Y.

NOVEMBER, 1964

Captain to Crew

In Cordibus Unum

Mottos have often revealed themselves driving forces in the lives of Saints or other great men. Who has not heard of the "what has this to do with eternity?" of Saint Aloysius, or the "eternal, not temporal" of the saintly boy Stanislaus Kostka? They have always served as constant reminders, in the midst of the materialistic pleasures of the world, that man is not merely an animal.

Usually mottos on school shields are meant to create a stimulus on the whole student body. Our own motto "Of one heart" (literally, in hearts one) contains, I believe, a driving force which should stimulate the whole student body. Whenever there is union, there is strength. Our motto suggests that union.

UNION OF SENTIMENT AND THOUGHT

The ambition of all Catholic students should be one of charity in Christ-like love of God and neighbor-love for one another in the Christian manner because we are all children of God through our Baptism.

It should be the ambition of all students to seek the truth, to make every effort to learn the truth. Do not be afraid of it — seek it everywhere: in religion, in history, in science. Educate your-

UNION OF WILL

The ambition of all the students in a school should be the desire to strive for excellence. Excellence in your studies, in your homework, in your tests. Banish all mediocrity, work half done. What deserves to be done at all, deserves to be done well. Excellence in all the other activities of the school: sports and other extracurricular endeavors.

If all the students of Cardinal Dougherty have that same desire, union will be an accomplished fact, enthusiasm will radiate, and a true school spirit will be easily achieved. It will soon be a tradition at Dougherty that all hearts are one in the pursuit of excellence in all areas of our school activities.

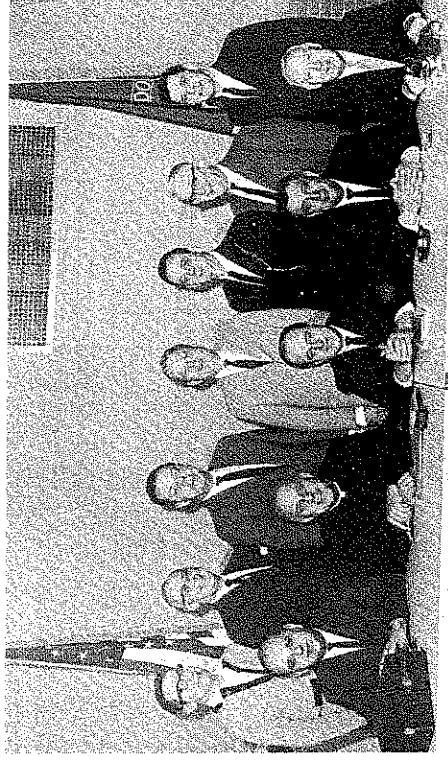

M. POIRIER, C.J.M., Principal

PARENTS CLUBS DESERVE PRAISE AND GRATITUDE

Every school takes pride in the stellar performance of its students in sports and in academic activities. The coaches and moderators share in the glory of the feats of their players or club members. But there are also the unsung heroes — usually too numerous to be mentioned — whose contribution to the success of the students is none the less invaluable.

In our first publication this year we wish to train our SPOTLIGHT ON THE FATHERS AND MOTHERS CLUBS OF CARDINAL DOUGHERTY HIGH SCHOOL.

No one has done more than these dedicated men and women to promote sports and culture in our school. The financial assistance they have provided is simply fantastic. Few of us realize the incredible amount of personal sacrifice involved in the organization and operation of bingos, card parties, fashion shows, and other activities which have enabled our young school not only to have its place in the sun, but to rise to enviable heights in the domains of culture and sports. They have literally put Dougherty on the map! We, who never seem to be able to find the time to participate in sports or in some school activity, must feel rather embarrassed to note that several parents sacrifice every single Saturday night of the school year to work long hours at bingo so that we may enjoy the best tools for learning or in sports equipment.

OFFICERS '64-'65

We who never find time to come out to a football or a basketball game to support our teams, must wonder how these overburdened men and women manage to find the time and the strength to work at the gates or in the canteen and to shout their encouragement to the players at every game.

Should we say it is heartening or heart-rending to hear them say they are GLAD TO DO THEIR SHARE for the school?

Parents are like that. They seem to be receiving a favor from their children when they are giving of their time, money and health to

make our lives a little happier. Perhaps we are a little too inclined to take their love and devotion for granted. It is high time we expressed publicly our everlasting praise and gratitude to this noble group of devoted workers for the months and even years of service they have given to the students of Cardinal Dougherty. Their school spirit is unmatched, their dedication unparalleled, their heroism too long unsung. Truly, they are the pillars of this institution, the greatest all-star team ever to honor this school. Parents we salute you!

DSPA Newspaper Trainshop

The Cardo-gram staff is entirely new this year with the exception of Ronald Grey, last year's co-editor, who naturally has taken over the helm. Everyone else must be initiated to the rudiments of journalism. It was, therefore, a stroke of luck for us to have a newspaper trainshop held in Buffalo by the Detroit Student Press Association on October 17, just as we were about to get started on the first edition of our 1964 publication.

Father Townsend, our Faculty Advisor, routed ten of us out of bed at an ungodly hour for a Saturday morning, and drove us to Fallon High School where we were hard at work by eight-thirty. It is hard to be very enthusiastic so early in the morning, but this proved to be a most pleasant and enriching experience.

There were over 400 boys and girls from several schools, and all seemed quite eager to learn a bit of journalism from those who make it a career. The atmosphere was delightfully friendly and stimulating. After the opening session, we were each sent to the sections assigned to us by our advisor where each attended three sessions to become sufficiently acquainted with a particular field so as to function as expertly as possible. We take this opportunity to communicate to you the aims of a newspaper as suggested at the trainshop. "The goal of the high school press is service to the students, teachers, alumni, parents, and friends who make up your school community. The high school press achieves this goal by:

- 1) Providing the members of the school community with the information they need to take a rich and intelligent part in school life.
- 2) Promoting discussion on school issues and problems so that the school community can arrive at workable solutions.
- 3) Providing entertainment — features, human interest, humor — to keep the school press fresh, alive, interesting, readable, and looked-for. D.S.P.A. Commentator.

OFFICERS '64-'65

OVERHEAD PROJECTORS

The Mothers' Club does it again! Six new overhead projectors have been purchased and placed into the classrooms, bringing the total to thirteen. Gone are the days when

a teacher had to borrow a projector after painstakingly assuring himself that it would be available at the exact date and time he needed it. A projector is now available to all teachers at all times.

The Mothers' Club had in the past provided the school with considerable material aids to teaching, contributing thereby to the

obtention of accreditation for the school. This was only a beginning in their desire to promote culture in our school.

The advantages of overhead projectors in classrooms are too numerous to mention. Since they can be used in broad daylight, they are a most effective tool of learning. Overlays make very complex information a simple matter to all students. Time is saved, and learning is greatly facilitated. Our gratitude is expressed to the Mothers' Club.

Drastic Changes In The Marking System

The Catholic High Schools of the diocese have adopted a new system of marking which, when announced, had a terrific impact upon the students. Instead of the customary ten percent allotted to each quarter and twenty per cent for the mid-year examinations with a final examination evaluated at forty per cent, this year each quarter will be worth twenty per cent, the mid-year examinations will be suppressed and the final examinations will also be allotted twenty per cent.

The reason for the change seems to be to get the students to work regularly throughout the year instead of merely cramming for the exams. Moreover, forty per cent for the final examination seemed to be excessive.

The students at first welcomed the news, but now that they realize they must take their work more seriously and give more attention to their daily work, the feelings towards the new system are mixed, insofar as we can see. May it prove to be an asset to education.

Magnificat — Let's Get Our Catholic Newspaper into Every Home

From the Editor

PARENTS SET THE PACE

The words, School Spirit, although used frequently, apparently have not been clearly defined to some students. They mean more than just the number of people attending a football game or cheering at a pep rally. Their real meaning lies in the co-operation and enthusiasm generated from the student body.

Unfortunately, after a good beginning, Dougherty's spirit is quickly wearing down. For example, only 31 students tried out for cross-country, including J.V. and Freshman. Moreover, approximately 85 tried out for football, both Varsity and J.V. combined, bringing the total number of participating athletes to 116. This is about 20% or 1/5 of the school's attendance. Surely, there must be more students than this who have enough pride in themselves and their school to at least make an attempt to join an organization. Granted, there are some who are not physically capable to compete in sports; but there are other activities. All one has to do is look around him, for there are Chess, Debating and Musical Clubs, as well as Library, Journalism and Yearbook positions. You name it and chances are that you can join it. Furthermore, there is always the possibility of organizing new clubs and activities. All that the students need to do is show an interest.

But so far, the parents have put the students to shame, for they are showing such tremendous spirit that one begins to wonder who really attends Dougherty? However, if you can honestly answer "yes" to the question, "Have you shown enthusiasm or response to any of the school's activities this year?", you've done your share; if not, it's only November!

SPOTLIGHT

on Cardinal Dougherty

The change in the name of our newspaper will come as a surprise to all our readers. The old guard may even feel a bit slighted by our decision to replace the Cardogram by the Spotlight. Less we appear iconoclastic, we offer the following apology.

After reading the Editorial by Bill Rowland in the June 1961 first issue of the Cardogram in which the choice of this name is vindicated, we fully understand how representative it was to the students of this school: Car - cardinal, Do - Dougherty, Gram - written word.

Unfortunately it sounded too much like the medical term cardiogram and meant nothing to the majority of students even of this school, let alone to outsiders.

The school has grown, the activities have multiplied, and for all practical purposes our newspaper must be of tabloid size. Henceforth the SPOTLIGHT will be trained on the salient news in every sphere of student activity.

In the words of Shakespeare the world is a stage where everyone must play his part. The principal actors in the tragi-comedy of our student world will occupy the spotlight in our monthly news reports. This month, for example, we feature the Parents Clubs whose prominence on the scene of Cardinal Dougherty is the undisputed contribution of the first quarter.

It is this desire to focus the attention of our readers on the best expression of life and development at Cardinal Dougherty that has decided us to give it our brightest - SPOTLIGHT.

JUNIOR ACHIEVEMENT

By Joseph Reardon

On September 24, 1964, Mr. Charles A. Volkert, a former director of the Buffalo Junior Chamber of Commerce, addressed the students at Cardinal Dougherty. He clearly outlined the advantages and the organization of Junior Achievement.

Mr. Volkert told the students that J.A. can give a student a taste of competition, can provide an opening for his future, and valuable experience which is always an asset for employment. He also said that J.A. works on a big business basis, and therefore presents a better understanding of owning one's own business.

He stated that J.A. was founded in Mass. in 1919. This organization was introduced in Buffalo in 1950. Mr. Volkert revealed that about sixty firms back up J.A. in the Buffalo area. These firms provide most of the equipment used in J.A. They also lend three executives, dealing with accounts, sales, and management to each J.A. company. Junior Achievement meets once a week for two hours. And surprisingly, the only cost for a student is one dollar for one share of stock in his own company. A large number of students requested application forms for consideration.

BUILD WITH BINGO

Everybody knows that bingo is something of a gold mine at our school. Without it we would not have gone far in financing either sports or the academic program. As it is we now are privileged to enjoy and profit by a considerable amount of equipment in both dorms.

But little thought is given to the miners or prospectors - call them what you will. It has taken years of hard work, of untold sacrifices and of exemplary teamwork on the part of the Parents' Clubs to fill the coffers. Particularly all our re-

sources have come from bingo. On the surface it may seem a simple matter to sell cards or handle the canteen on bingo night. But it involves several hours of work on Saturday afternoon to prepare the halls and to clean up after the bingo is over.

When we consider the fact that this has been done for years every Saturday, we begin to appreciate the unselfish dedication of the parents to the cause. How they must love the school! And how grateful we should be...

HELP WANTED PART TIME

PARENTS ONLY

No experience required on job-training. Pleasant surroundings, free refreshments. Job security for four years - more if desired. APPLY in person any Saturday evening, or call Bingo Chairman Mr. Chester Malinowski at TR 6-2532. Fathers are also needed to assist at the football games for the rest of the season.

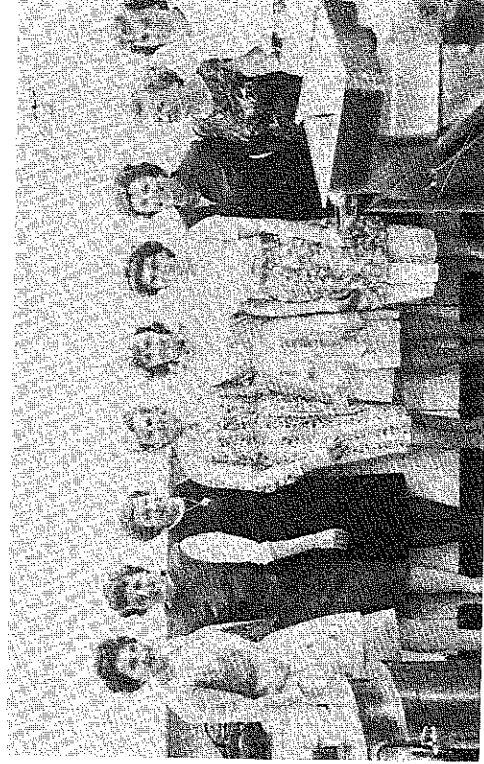

Walter Martin, Pres.

THANKS

The Card-O-Gram staff wishes to thank Mr. F. X. Elinski for the excellent work he did as advisor to our newspaper last year. On behalf of all the students, we wish him the best of luck in his new post as teacher of English at Tonawanda Jr. High. His competence as a teacher and as a faculty advisor for the Card-O-Gram will long be remembered.

PLEASE SON

Time and again several parents have complained that they have never seen the school newspaper. It is difficult to understand why the students do not take the paper home to their parents who, perhaps, would enjoy reading it although their school days are over. As a matter of fact the paper is published with them in mind as well as the students of this school and of other schools. Won't you please take your paper home. Thank you.

MOTHERS ON THE JOB

THE MOTHERS' CLUB

A Membership Tea was held by the Mothers' Club in the school cafeteria on Sunday, October 11, to introduce the new members to the old ones and to one another. Staff members were also on hand to welcome the visitors.

A few days later the Mothers' Club also presented a Wine demonstration which was highly appreciated by a large group of men and women interested in the progress of the school.

Under the chairmanship of Mrs. Theresa Schihi, a Card Party was held on October 21. Many beautiful prizes were awarded and refreshments served. This was the first of the fund raising activities planned by the Mothers' Club for this year.

FATHERS' CLUB NEWS

A program sponsored by the Fathers' Club is planned for November 19. Guest speaker will be Monsignor Hammerl who will discuss the scope of the Diocesan High School program.

Inquiring Reporter

Question: If you were old enough to vote, who would you vote for, Kennedy or Keating? Why.

Thomas Syroczyński '65

KENNEDY - Kennedy could do no worse than Keating. This state needs a change - and Kennedy is the man. He has the credentials to be a fine senator from New York.

Norman Petri '65

KEATING - He has a vast experience in the Senate and Congress. Also I feel that Kennedy has been nominated and might be elected because of his association with his late brother, John F. Kennedy.

Donald Arcara '65

KENNEDY - Because he is affiliated with the Democratic party, well known for his clear points and effective ideas as a member of cabinet, his vast understanding of the nations problems leaves me no other choice.

Joseph Savatteri

KEATING - Because he is well aware of all the problems of New York and has tried very hard to give the people what they want.

Alumni News

Nebraska Takes

Tom Brinkworth

Tom Brinkworth, three-sport participant at Dougherty High, has won a full four-year athletic scholarship to the University of Nebraska.

Brinkworth, who will major in physical education, reached his sports peak at Dougherty two track seasons ago, when he snapped the Msgr. Martin Catholic League high jump record.

Brinkworth represented Dougherty in the high and broad jump events three years. He played halfback for Tom Hersey's Cards three years and was on the baseball team two seasons.

ED KWANSNIEWSKI '64

We are happy to learn that Ed, who graduated from Dougherty last June totaled 670 Saturday in the CYO-CYAC Bowling League at the Amherst Bowling Center. Congratulations and best wishes from the bowling pals at Dougherty.

SORRY

We had planned to get the paper out by October 29th, but we just couldn't make it. Consequently a few articles pertaining to the elections will perhaps lose their savor after the hurly burly is over. But we have kept them because of the personal attitudes they represent. The reasons for the delay in publication are numerous, perhaps the major one being the fact that we twice changed the size and presentation of the paper. It has also been rather difficult for the editors who have been busy with other activities.

Book Week

The sale of paperbacks during the book week last year was very encouraging and appreciated. For this reason the students will again be able to purchase books at a 20% discount during the week of November 9th. Hundreds of titles will be displayed to suit all tastes. It is hoped that interest in reading and in organizing personal libraries will be increased by the sale.

THE MUSIC MAN

New Course at Dougherty

Cardinal Dougherty High School features a new course this year in Music Appreciation for Freshmen and Sophomore students. The Director of the Music Department is Mr. Dennis Paufler. He has attended the Eastman School of Music and is presently studying at the Pius X School of Music.

We are happy to learn that under the guidance of Mr. Paufler a Glee Club and a Band are also being organized to enliven our assemblies, games, and other school affairs.

It will be remembered that in 1960 a Glee Club and a band had been started under the direction of Mr. D. McComas. The band had played at the Parents' Club Christmas party, and a choir had sung a beautiful Mass for the late Father Roy's twenty-fifth anniversary of ordination. With the departure of Mr. McComas for the National Symphony Orchestra, Washington, D. C., the enthusiasm of the students for music dwindled to the point where it was impossible to continue with these activities.

"Music Hath Charms," and a Glee Club and a Band are certainly valuable assets to the school spirit. Every respectable school stresses these two activities which seem more than anything else to radiate the joy and fellowship of the student body. We have even seen Colleges present delightful songs rendered admirably well by their Glee Clubs during halftime at basketball games. And what of an orchestra readily available at school socials? It is so pleasant to see our own students swing it than to have strangers come in to stimulate a little gaiety. The atmosphere is entirely different. When our own boys do the job, the students cluster around the bandstand, make their own requests and the general feeling is one of a happy family.

Finally, the importance of a school band at football or basketball games is undeniable. Nothing stimulates the fans more than a colorful school band. The success of thousands of High School bands throughout the United States who vie annually for top honors makes one wonder why all High School students do not share the same enthusiasm. Were it only to compete against a well-known football rival team which features its colorful band at halftime, Dougherty should do its best to get up a band without delay.

From the point of view of education, music and singing offer life-long advantages and the promise of fond memories of the dear old school days in later years.

Of course, like anything worthwhile, this takes time and work. But let us hope that the students of Dougherty will find enough pride for their school to boost our new Glee Club and band.

MY TRIP TO ECUADOR

By Kurt Sejda

Part I - FORTUNE SMILES

Seidom does one enjoy the opportunity of traveling abroad at the age of sixteen. But this past summer I had such an opportunity, in spending two months in Quito, Ecuador.

In May of this year, my name was placed with a number of others in nomination for Bishop McNulty's Scholarship to the Foundation for International Cooperation (FIC) a Catholic organization which sponsors student exchanges from Buffalo and Chicago to Quito, Ecuador.

On June 4th, much to my surprise, Fr. Poirier informed me of my good fortune - I had been accepted.

Never having been out of the country before, except for an occasional trip to Canada, I was quite thrilled. Now I was to travel 3000 miles away to a land, foreign in language and custom.

When I first learned of the organization with which I would be associated, I had no idea of its

existence. Now it has become an unforgettable part of my life.

Annually the Foundation for International Cooperation to promote a better understanding of two different and distinct continents, arranges student exchanges for approximately seventy young Catholic men and women.

This organization, only four years in existence has been designated by Bishop McNulty as the Official South American exchange program of the Diocese of Buffalo.

To provide us with a knowledge of what we would be doing, seven meaningful orientation meetings were held prior to our departure. Gradually the preparation for our trip became complete until on July 2, we flew to Quito, Ecuador, making seven or eight stops along the way. The next day we stepped off the plane to a new life with a new family for 2 months.

To Be Continued
Part II - Life in Ecuador.

SENIOR PROM '65

The Senior Class of 1965 will plan to hold their annual Prom on Friday, May 14. This festive occasion, which is considered the social event of the senior year, will be held at the Cordón Bleu, located at 3909 Genesee St.

The Prom committee consists of the following seniors: Tony Marconi, chairman; Bill Baier and Joe Bongiovanni, co-chairmen. Father d'Eon will be advisor of the gala affair. All the seniors are encouraged to attend. For details contact any of the committee members.

DEBATING

Debating develops many worthwhile qualities in those who participate in it, such as self confidence and poise. Because of the extensive research done in debating, it enables one to know the pros and cons of what he is speaking about. It also tends to teach one to think more clearly and express his ideas logically and well.

Another benefit of debating is that it helps one gain a better understanding of today's problems. One expects surprises in debating, and alertness is developed. Debating is not, therefore, useless talking, but a valuable preparation for one's adult life.

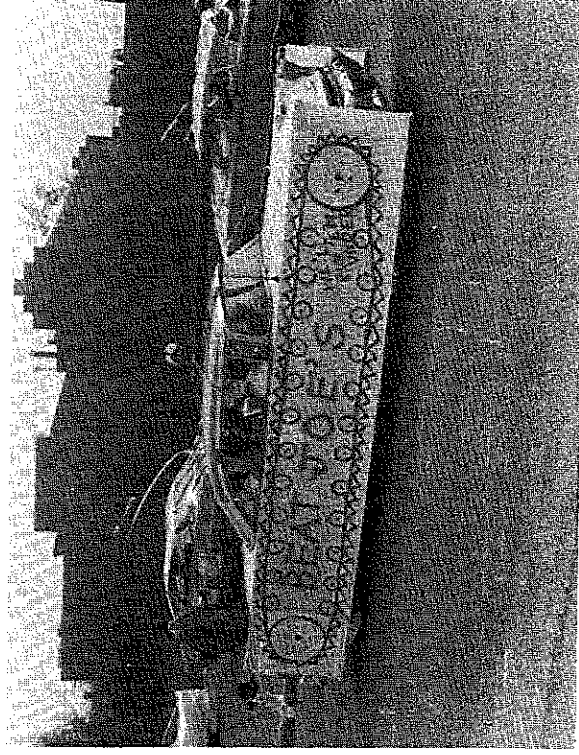

Recently the Debate Society entered a tournament and did extremely well. During the year, members will participate, not only in Diocesan tournaments, but also in interschool debates. It is hoped that our school will be represented in the finals in New York City by one of our excellent teams.

Senior Retreat

The Seniors of Cardinal Dougherty highlighted the inception of their school year with a closed retreat at the Saint Columban Retreat House in Derby, N.Y. One group went on September 28, and a second group on October 19-21.

This pause in their daily lives provided them with an excellent opportunity to evaluate and enhance their spiritual development. A closed retreat is undoubtedly a most important grace which God gives a young man to become a better Christian and a more zealous apostle.

The students attended religious conferences and devotional exercises and had ample time in between for their personal meditation. Silence was required at all times, save during the recreation periods following lunch. For those who humbly attempted to cooperate with the grace of God, the retreat was undoubtedly a milestone in their spiritual life.

Senior Motoreade

On Friday, September 18, under the supervision and direction of Mr. Thomas Hersey, the senior class staged its fourth annual motoreade to St. Joe's.

Approximately twenty-six decorated cars portrayed the enthusiasm generated by the seniors for the Dougherty-St. Joe's game. In a difficult choice, Frank Terrose and Michael Trudeau's were rated the two most colorful cars.

Signet '65

Although last year's yearbook was a tremendous success, the 1965 edition promises to be even better. Plans are now underway to increase the yearbook from 126 pages to 225 and possibly more. It is also planned to give each Senior the equivalent of a full page. There will also be many more informal photos in Signet '65. The response of the students has thus far been very encouraging, but, as in all things, there is still need for a more enthusiastic effort. They have been provided with a special kit to assist them in their drive to obtain patrons. Let us hope that every student will show his appreciation of the untiring work of Father Leger and his staff to produce the best of yearbooks.

College Night

At Canisius

As a generous service to the seniors, juniors, and parents from the Buffalo area, Canisius College held its annual College night on Thursday September 24. Representatives from over forty Catholic Colleges were present to explain what their schools have to offer and to answer questions concerning them. Twenty of the represented schools had individual rooms. Those interested in a particular college could listen to lectures concerning its facilities and requirements. The time schedule enabled the visitors to attend as many sessions as they possibly could. Thus parents and students were presented with relevant information to assist them in making an enlightened decision as to the college that would be most appropriate.

National Honor Society

On October 7, the National Honor Society held its first meeting to elect its officers. Three seniors, Matthew Gryta, John Quackenbush, and James Rymarczyk were appointed president, secretary, and treasurer respectively. It was decided that the vice-president would be chosen from the Juniors after the first quarter marks.

It would perhaps be in order here to mention the goals which the members of this society strive to achieve:

- 1) The advancement of their own scholarship, and an incentive to fellow students to do likewise.
- 2) Performance of acts beneficial to the public.
- 3) Maintaining and promoting high moral characteristics.

The members of the Honor Society will assist the Student Council in organizing the Career Day which will take place on November 19.

Just a Minute

By Rev. B. Bianchini

Who are you voting for? In an atmosphere of presidential and senatorial elections, there is one question which is heard more often and louder than any other: who are you voting for? Let us give it some thought.

The reason why one candidate deserves a vote more than the other are as varied and numerous as the electors themselves. There is one basic quality which every candidate must have, that is love. Should he not have this quality, in the name of God, scratch him off your list!

The candidate who proves to me that he has love in his heart is my choice, and God has told us many times that He endorses this candidate. Jesus Christ, who is called the "King of Kings," the "Lord of the Universe," the "Light of the World," wasn't He Love Incarnate? Wasn't He Mr. Love? The Christ Jesus was the greatest representative of the people who ever lived. He was chosen by God to represent not only one people, but the peoples of the whole world who have existed since Adam and who will ever exist until the end of time. He is the only candidate who has given His all to His people, in order that they may live, not only in a "free society," but that they may live FOREVER.

You'll give it some thought, won't you, even if it is JUST FOR A MINUTE?

Debate Judges

Pick Up

Workshop Tips

Eighteen Western New York Roman Catholic high schools were represented Saturday at a Debate Judges' Workshop held at Cardinal Dougherty High School, 31 St. Florian St.

It was directed by Donald Cushman, director of speech at Canisius College.

The Rev. John Dealy, OSFS, President of the Catholic Forensic League of Buffalo, organized the workshop.

Teams from Cardinal Dougherty and Mount Mercy Academy in Buf-

falo participated in a demonstration debate on Nuclear weapons. Cardinal Dougherty, whose team consisted of David Pribek, and Michael Styn, took the affirmative side and won. The Mount Mercy team consisted of Barbara Maniowski and Sandra Milutinovic.

Coaches Night

Meet the Coach Night was held in the school library on October 16. The turn-out was small, but those who attended thoroughly enjoyed Coaches Hersey, Jackson and Paolini's presentation of the football training program on a day-to-day basis, and a film study of the Timon squad in action, with a preview of the tactics the coaches would use against this team on the coming Sunday.

Dougherty Footballers On Winning Streak

After a rather shaky start of the season against St. Joe and Duffy, the Dougherty Cards have finally found their footing on the gridiron, winning three and tying one of their last four games.

ST. JOE'S

Costly fumbles — ten by two players — was greatly responsible for the loss of the opener against St. Joe's. The Saints taught our boys a little lesson in tackling the arm holding the ball which resulted in six fumbles. Four more occurred on nervous hand-offs and punt receptions. John Rittling scored twice for Dougherty and got an extra point. Jim Heffron also chalked up a point in Dougherty's 34-14 defeat at the hands of the very alert Saints.

DUFFY

Although we lost the second game to Duffy on a rainy Sunday afternoon by a score of 21-0, the Cards played a very good first quarter. Unfortunately they were unable to capitalize on five sweeps to the enemy goal line. A lack of sustained effort on the part of the defensive team allowed the Rapideers to triumph.

TURNER

In the game against Turner, however, the Dougherty gridders finally arose to the expectations of their ardent supporters. A sensational catch by Jim MacDonald of a fifty-yard pass from Jim Heffron resulted in a T.D. to which Heffron added a point. J. Rittling scored the second touchdown. Offensively and defensively the Cards played a tremendous 13-0 game which promised continued victory throughout the remainder of the

FALLON

But the Cards bounced back with tremendous power against Fallon, shutting them out 21-0. A sixty-yard drive, capped by Ingrando's four-yard plunge, gave Dougherty a 6-0 first period edge. It was 15-0 at halftime after tackle Dick nabbed Mason for a safety and Heffron hooked up with MacDonald on a 55-yard TD pass. John Rittling got the other touchdown. Dougherty is now in third place.

CROSS COUNTRY

As we go to press the Cross-Country All-Catholic meet has just settled the standings in this sport of eighteen schools among which Dougherty finished in thirteenth place.

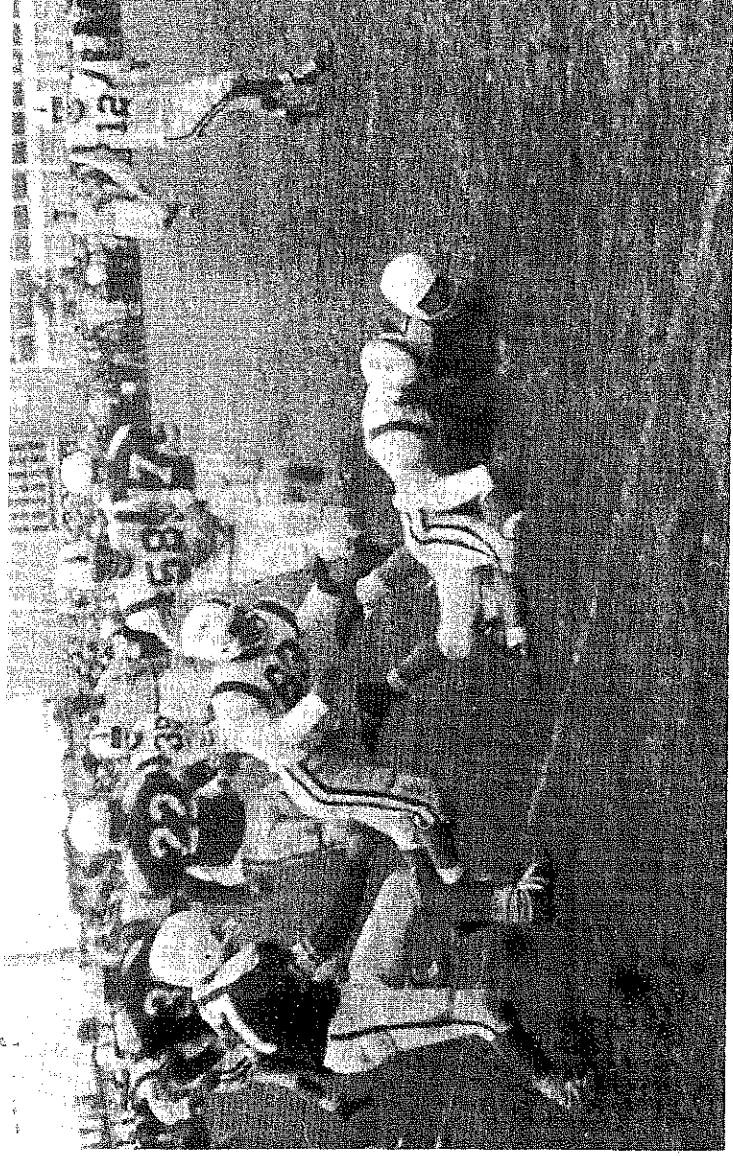

We had a very disappointing season it is true, but not one that surprised us. We only had thirty-one students try-out for the cross-country team; from these eight seniors, four juniors, and three sophomores were selected by the coach, Mr. F. Strasser, for the varsity squad. Two seniors, three juniors and three sophomores participated in the All-Catholic.

We are building this year, and the harriers practically all made substantial progress in improving their running time. Outstanding among these were K. Kessler, R. McCormick and P. Janiga. The most consistent performances were made by W. Janiga and S. Fortin.

Although the team appeared to possess a great amount of potential, it was lacking in depth to produce effective results. We simply must have more candidates representing our school in this sport: the larger the number, the greater the chances of building a winning team.

There may be some hope for help from among the Junior Varsity who, at present, offer three promising young runners in the persons of W. Gwisdowski, C. Kennerly, and L. Kozlowski.

Dougherty had only one victory this year out of eight starts. They won over Ryan by a score of 27-31. They also made a good showing against Turner, losing by just one point, 28-27. Coach F. Strasser is quite satisfied with the hard work done in practice and the consistent effort to improve their time in the meets.

JUNIOR VARSITY FOOTBALL

The statistics concerning the Junior Varsity Football team present our young gridders in a rather unfavorable light. They lost four games, won two and tied one. Statistics however are merciless and though some may think differently, results do not always offer a sound basis for judgment.

If we consider the fact that the J.V. team only had one week of practice to prepare for four games played between October 6 and 15, we readily understand that these first four games lost so badly were in reality practice sessions for these youngsters.

They are to be congratulated for not losing heart and for improving from game to game to the point of not losing a single game in the last three.

It is difficult also to do justice

to all the players who deserve credit for their work on the gridiron. Whether they be mentioned or not, we thank them for trying so very hard to do honor to their school. To the spectators Greg Rittling, Leo Amigon, T. Neeson, M. Monfuletho and G. Gambino seemed to lead the team to success. But to the Coaches many others probably deserve congratulations, and we trust they will acknowledge this in our name.

Coaches too seldom receive the credit they deserve, especially when the teams lose. Yogi Berra could have a lot to say about that! We wish to take this opportunity, however to thank the coaches for their contribution to youth and congratulate them for the probable success in training one or more potential varsity gridders.
