Digital Transformation and Innovation  
 University of Ottawa

## Partnerships

The 2<sup>nd</sup> Annual Digital Transformation in Government (DTiG) Conference is delighted to make the following partnership opportunities available. The conference will be over 3 days (15-17 June 2021) from 0900-1800 hrs (last 90 minutes will be networking). We will be using Cvent conference software that allows for multiple streams, sponsor booths and scheduled networking.

The conference is both a professional development activity for participants and a means to enhance the ability of the public, private and academic sectors to collaborate and improve the quality and success of digital transformation in government. Partnership is for organizations that are professional and not for profit. Academic faculty and students are accorded ISACA Ottawa Valley member prices and faculties may partner free of charge. Participants may claim up to 21 CPEs or PDUs.

As association revenues mainly consist of member dues, the following breakdown is applicable as a function of organization scope and number of members:

- **Global** – for an association where members are international;
- **National** – for an association that is national in scope;
- **Large Chapter** – for an association chapter whose membership exceeds 250 people;
- **Medium Chapter** – for an association chapter whose membership exceeds 100 but is less than 250; and
- **Small Chapter** – for an association chapter whose membership is less than 100.

<b>Partnership (Not-For-Profit Professional Association)</b>					
FEATURE	Partnership Level				
	Global Assoc (\$2,500)	National Assoc (\$2,000)	Chapter > 250 (\$1,500)	Chapter > 100 (\$1,000)	Chapter < 100 (\$500)
Noon Hour 10 Minute Presentation	X	X	X	X	X
Seat on Conference Committee	X	X	X	X	X
