FIRST GRADE

MS. SOE'S CLASS

What We're Learning

Reading

This month we will be working on consonant digraphs--words that use two letters to make one sound.--like *ch*, *sh* and *th*. We will also be working on a new reading module that focuses on how we can work together as a community.

Math

This month the students will be solving addition and subtraction numbers with unknown or missing numbers. We will practice using our number lines as a tool to solve these problems and to check answers.

Homework

Please have your students work on their homework packets every evening. They should be completing one packet a day on each corresponding day.

Reminder

Please remember to check your child's binders daily. Every student has a behavior chart that needs to be initialed every night. This behavior chart reflects your child's behavior for the day. Students who receive scores of 1 or 2 get a sticker for their sticker chart. Full charts get ice cream!

Upcoming Events

- 11/5 - Picture Retake Day
- 11/26 - E-learning Day
- 11/27, 11/28 - Thanksgiving Break
