

# S.T.E.M & HEALTH STUDIES

MS. BYRD

&

MS. PATTON

## WHAT WE'RE LEARNING

6<sup>TH</sup> GRADE: COMPUTER CODING

7<sup>TH</sup> GRADE: OCEANS & ATMOSPHERE

8<sup>TH</sup> GRADE: EVOLUTIONARY HISTORY

HIGHLIGHT OF THE MONTH: 6<sup>TH</sup>

Grade begins their computer science unit programming games & art.

What we're learning in Miss Patton's class!

The Circulatory System!

Did you know that the heart pumps about 100,000 times a day?!

## AT HOME CONNECTION

With your 7<sup>th</sup> grader, follow the weather systems around the world's oceans and track how they move and affect weather on land.

## FAMILY CHALLENGE

Cardio exercise is so good for the heart! I challenge you as a family to do 100 jumping jacks!

## SPOTLIGHT

This month is health class we will be testing our physical health! To do this, we will assess and measure data collected through jumping, balancing, reaction time, grip strength, and flexibility! Be sure to ask your scholar how it goes!
