

NEWS FROM KOLKMAN'S KINDERS

We are slowly getting closer to spring! Really! For now, please continue sending students to school dressed warmly with a winter coat and gloves or mittens. And socks, too! We are going outside for recess if the temps are acceptable for that.

This is what we're working on in Room 102 this month:

Reading and Writing – we will continue working on reading and writing ending blends – nd,mp,lt,nt, lk, nt, pt – and reading those words in sentences with our sight words. We are now working on question sentences and “excited” ones, too (exclamation point). Our homework being sent home in folders will show you what words we are currently working on. Please go over them every day!

Math – we have been focused on teen numbers and will start to move on to higher numbers on the 100's chart and counting by 10's and 5's. So many students are in the 100's Club now and can count to 100 on their own! Just a few more to add. We also always practice addition and subtraction.

Science – talking about the weather and seasons and all the changes that occur.

Miscellaneous

*Field trip to Science Central on March 12 –this trip is free.

*Please check your child's backpack and folder for work every day and keep backpack cleaned out. Behavior reports also need to be initialed each day.

*We can always use more snacks for a hungry class in the afternoon!

Please call the school office, put a note in the orange folder or email me at brenda.kolkman@tljacademy.org if you ever have any questions, comments or concerns.

Thank you for all your support!

Ms. Kolkman and Miss Marceda
