

NEWS FROM KOLKMAN'S KINDERS

WOW! Our year together is almost over! So many events happening in the next few weeks, and yes, we will still be accomplishing some work.

Events:

- End-of-year testing has begun.
- Safety Village trip – Tuesday, May 5
- J.A.-in-a-Day (Junior Achievement) - May 8
- Field Day – May 13
- Kindergarten graduation program – Friday, May 15, 1:00 in gym
- Last day – Wednesday, May 20

School is not over on our graduation day! There are still 3 more days of school to return for when we will be cleaning up and taking lots of items home.

Skills we will still be working on:

Reading/Writing – finishing sight word list and long vowels, then *review, review, review!*

Math – working on measurement and weighing, then going back to review addition and subtraction.

Science – spring plants and animals

Feel free to send in treats for the class on that last week together!

Thank you so much for sharing your child with me this year! They have come so far and are ready to fly off to first grade!

Ms. Kolkman
