

# FIRST GRADE MS. SOE'S CLASS

February 2025

## What We Learned

### Reading

This month we will be starting on Module 7. We will continue learning about long vowel sounds. We will also start learning more about soft consonants.

### Math

This month we will continue learning about different ways to group and add or subtract. We will learn more about place value and double digit numbers.

### Science/Social Studies

Scholars will explore a variety of environments and learn about natural changes in the world. We will learn about the importance of recycling and protecting the environment.

## Reminders

I am no longer giving scholars homework to take home. They will be doing their homework during school hours. This ensures that I am grading them based on their knowledge.

## Upcoming Events

- 02/06 - Parent Teacher Conferences
- 02/13 - Valentine's Day Party
