

A B O U T

KENNY FLOWERS

Kenny Flowers was founded by Kenny Haisfield in 2015 when he quit his corporate consulting job in NYC to move in with his grandma in Bali to start making Hawaiian shirts for his friends.

A few years and a few thousand shirts later, Kenny's best friend, first female customer, and now wife, Christina (luxury travel blogger Jetset Christina), expanded the brand into women's resort and swimwear.

Together, they've created a distinguished, sun-soaked line inspired by their experiences around the world, and designed to complement yours.

"A good vacation outfit should be as exciting as the trip itself. These are the pieces you'll reach for again and again — timeless, flattering, and made for celebrating life in the sun." — Christina, Head of Womens
