

PACKING LIST

REQUIRED

Fully enclosed shoes for horse activities – Riding boots are not required, but shoes must protect the toes and the achilles tendon.

Water shoes - Old or inexpensive sneakers, water shoes, sandals or crocs that strap on. Shoes are required for the creek and/or the sprinkler. NO FLIP FLOPS.

Lunch and water bottle - Children will have time to eat their own packed lunch. Water refills will be available.

Towel and a change of dry clothes (Not a bad idea to keep a towel in your car for pickup time for your sanity.)

RECOMMENDED

Comfortable clothes that your child can move in. Jeans are not required for summer activities. Shorts, leggings, skorts are all acceptable during hot weather.

Sunscreen - This is an outdoor activity. We have lots of shade, but there is also sun. You know your child's skin type. Plan accordingly.

Insect repellent - This is an outdoor activity.

A light raincoat or poncho for light rain. The children will be moved to shelter in the event of inclement weather/thunder storms.

We provide riding helmets. If your child brings their own, make sure it is labeled and is an equestrian helmet (not a bike helmet).

A smile! - But don't worry if your child doesn't have one. They can pick one up while they're here! Our goal is to provide an enjoyable outdoor experience with horses and nature, an opportunity to make friends, and a stress free place to unwind and be a child.

If you forget something, please don't stress. We'll work it out.
