Face to face contact with the minor at her school. The minor was very friendly and told me that she is doing well in her current placement. The minor stated that she likes school and that she is getting good grades and that her foster mother is a good cook and is really nice. The minor has a slight cough and she also went to the dentist and had no cavities. The minor talked about her dog pebbles and her foster sibling who stepped on her foot. [REDACTED]

Phone contact with clients caretaker of clinton high. The minor is at unicorn gardens. The minor still has his visits with his sisters at new directions home with his casa worker mrs shelia frye. The visit this month went well and the minors all got along well and the only thing that occurred is that the minor rebecca his sibling cried when clinton left. The minor clinton continues to act out in his home with punching holes in the walls and also with punching holes in the windows. The minor continues to see his therapist at child guidance kevin earnest. The minor does not act out at school. The minor has periods where he is good and periods where he acts out for a few days and goes on restriction at unicorn garden.

The minor cindy continues to do well in her foster home. Face to face monthly. The minor does not mention her siblings very much. The minor has no health problems besides her scoliosis. The minor has behavioral problems in the home when she does not get her way. The minor will be seen at child guidance. The minor gets along in the home. I have requested updated doctor and medical forms. The minor has a social worker at positive attitudes diane prosser who keeps in contact once a month. The caretaker continues to try and bond with the minor who is pleasant and always smiling at our visit.

SSW met with minor and caretaker at their home for a monthly Face to Face. Care taker informed ssw that minor is doing great in daycare, (caretaker operates a daycare out of home). Caretaker informed ssw that the minor gets along well with the other minors in the home. SSW was informed that minor has had no behavior problems. Minor has weekly visitations with her siblings at her older sisters group. The visits are reported to go well. The minor informed ssw that she loves her placement and she has a lot of friends. Minor stated that she sees her brothers and sisiter and she loves them.
