LEADERSHIP ACADEMY: HARTFORD CONNECTICUT

AUG 18-19, 2025 | 8:30 AM - 5:00 PM

Lunch Provided | No Cost to Attend

This is not your typical leadership workshop.

We don't lecture.

We create, we move, we learn together.

● **What is the Leadership Academy?**

The Leadership Academy empowers youth to lead change in their communities through a high-energy, peer-led, experiential learning approach. Over two days, participants engage in interactive activities, team challenges, and deep reflection to grow as leaders and changemakers.

After the Academy, each participant puts their leadership into action by launching a Sustainable Impact Project (SIP) to create real change in their community.

This isn't just training.

**it's a launchpad for your own project to
make a difference.**

● **The Leadership Academy is just the start**

- Spend two high-energy days building your skills
- Then, design and lead a Sustainable Impact Project (SIP)
- Tackle a real issue in your community
- Apply what you've learned to create meaningful change
- Grow your confidence, your impact, and your voice as a changemaker
- **Celebrate your achievement!**
