Weekday Summer Adventure Weekly Units of Study

Week 1-June 10-14: DOTS and Spots

DOTS and Spots allows children at Weekday to connect, collaborate, create and celebrate all that creativity inspires and invites. The Fabulous book called "*The Dot*" helps students to trust in their own ability by being brave enough to "make their own mark". What begins with a small dot on a piece of paper becomes a breakthrough in confidence and courage, igniting a journey of self-discovery and sharing! The Dot guides children to discover the power and potential of creativity in all they do.

Week 2- June 17-21: Super Heroes

Get ready for an adventure of heroic proportions while learning to be a superhero! Your heroes get strong and mighty in the gym, and build super-smarts exploring science experiments. Campers design their own super-logos, masks, and more to create the perfect superhero secret identity. Non-stop, action-packed fun for all! (Children are welcome to dress in their favorite Superhero costumes!) Superman, Spiderman, Wonder Woman, Batman, Teenage Mutant Ninja Turtles... Don't forget your capes and masks this week because we'll be flying around fighting crime

Week 3- July 1-3: Stars and Stripes

We're getting excited for the 4th of July with Week 3 of camp. This short week is full of patriotic activities that includes everything red, white and blue. We'll be outside for some fun in the sun. A run through the sprinkler and a patriotic parade are in store. Chalk and paint and water, oh my!

Week 4- July 8-12: Pet Shop

Summer is the perfect time to celebrate and honor our animal friends; Our pets. Whether it's a dog, a cat, a bird, a lizard, or a horse, for many children, the family pet can become their best friend—a companion who not only provides unconditional love, but who also teaches them about friendship, responsibility, loyalty, and empathy. As they engage in sharing and caring activities, games, songs, rhymes, literature, and snacks we've created for our special pets unit, children will learn which animals will make good pets and that all pets need love, care, food, and shelter. Pets also introduce children to the life cycle in a relevant and meaningful way.

Week 5- July 15-19: Jungle

Oh,my! Tigers, elephants, and monkeys! Jump on board this week to take an exciting tour through the jungle to learn about these and other jungle animals, as well as many types of jungle plants. Your children will move like jungle animals, learn jungle animal names, create jungle murals, and play jungle-themed learning games. Get ready to begin your jungle adventure.

Week 6- July 22-26: It's a process! Art for all.

This week at Adventure camp, children will be inspired to reach beyond and create art that is one of a kind. By doing so, kids feel empowered to be creative and expressive. Children have an innate ability to create! In this process-based art week, we will explore new materials each day. Children will have the opportunity to use art materials such as watercolor and tempera paints, playdough and finger paints. We will investigate the possibilities of each material and experience, many of them through whole-body exploration. We can't wait to see what each children creates with given the freedom to explore and to express themselves creatively. Let their imaginations soar!

Week 7- July 31-August 4: Ooey, Gooey, Icky and Sticky

Goggles, gasses, goop galore- help us mix, fizz and explore! Put on your safety goggles and join us for some chemistry craziness! We'll mix it up in this bubbly, foamy, and slimy exploration of amazing Chemical Reactions! Together we will see how things are made, create a few explosions and experiment and explore different concoctions made with common household ingredients.
