## Weekday Summer Adventure Weekly Units of Study

### **Week 1-June 16-20: Super Heroes**

Get ready for an adventure of heroic proportions while learning to be a superhero! Your heroes get strong and mighty in the gym, and build super-smarts exploring science experiments. Campers design their own super-logos, masks, and more to create the perfect superhero secret identity. Non-stop, action-packed fun for all! (Children are welcome to dress in their favorite Superhero costumes!) Superman, Spiderman, Wonder Woman, Batman, Teenage Mutant Ninja Turtles... Don't forget your capes and masks this week because we'll be flying around fighting crime

### **Week 2- June 23-27: Just Beachy**

Where there's an ocean- there's a beach! We will dig deep into what we can find on the beach along the shore! Seashells, seaweed, hermit crabs and more!! We will tie in creatures big and small that live under the Sea. Campers will learn about crabs, turtles, dolphins, angel fish, jelly fish, sharks, swordfish and whales

### **Week 3- July 7-11: Pet Shop**

Summer is the perfect time to celebrate and honor our animal friends; Our pets. Whether it's a dog, a cat, a bird, a lizard, or a horse, for many children, the family pet can become their best friend—a companion who not only provides unconditional love, but who also teaches them about friendship, responsibility, loyalty, and empathy. As they engage in sharing and caring activities, games, songs, rhymes, literature, and snacks we've created for our special pets unit, children will learn which animals will make good pets and that all pets need love, care, food, and shelter. Pets also introduce children to the life cycle in a relevant and meaningful way.

### **Week 4- July 14-18: Ahoy Mateys!**

Ahoy Matey! Are you ready to walk the plank? Maybe designing your own tiara is more your style? Treasure hunts, eye patches, crowns and so much more! Fantasy, dress-up, stories, art and the 'Queen's Ball'. This week is sure to have it all!

### **Week 5- July 21-25: A Camping We Will Go**

Summer is a time for camping out under the stars, snuggling up in sleeping bags, and roasting marshmallows over a campfire! This week's theme offers a mountain of ideas for bringing the fun of camping into the classroom. Included are activities and games that develop the wonders of nature. So, pitch your tent right here and settle in for an outdoor camping adventure!

### **Week 6- July 28-August 1: Not a Box...Or a Stick**

This unit of study proves that a stick is not always just a stick. Whether it's conducting an orchestra, painting a masterpiece, or slaying a dragon—give a child a stick and let imagination take over and the magic begin. When the imagination takes over inside a cardboard box, and through play, a child is transported to a world where anything is possible.

### **Week 7- August 4-8: Shark Week**

It is shark week! One of the most exciting weeks of the summer. I'm not sure what it is about sharks, but they are pretty fantastic. We love how the shark narrative is changing from 'Sharks are terrifying' to 'Sharks are endangered species!'. Sharks will always hold a fascination in people. They're huge, a bit creepy, and mysterious, We will dive deep into finding out some shark facts and to deepen our understanding of these creatures! Come learn everything you ever wanted to know about sharks!
