

OUR Story

More than 25 years ago, ReCreation Adventure Tours began with a simple mission: to help churches travel together with ease. What started as organizing small ministry trips quickly grew into something much bigger.

We recognized the need for a trusted partner to handle the details of group travel, including transportation, flights, and lodging, so that leaders could stay focused on what truly matters, their people and their purpose.

Today, we continue that mission by creating meaningful, worry-free travel experiences built on relationships, faith, and trust.

ISAIAH 52:7 (NIV)

"How beautiful on the mountains are the feet of those who bring good news, who proclaim peace, who bring good tidings, who proclaim salvation..."

Our journey began with church groups traveling together in faith and fellowship. Those early trips were more than travel, they were moments of connection, worship, and shared purpose.

As word spread, so did the demand. We expanded beyond churches to serve travelers across the country, coordinating seamless group travel for thousands each year.

At ReCreation Adventure Tours, we go the whole way with you to ensure a smooth, relaxing, and memorable experience.

We're honored to be part of your journey and grateful for every traveler who chooses to explore with us.
