providers. If I am unable to comr	municate or make my healthcare decisions because of illness or
njury, I want my healthcare prov	riders, healthcare surrogate (HCS) and loved ones to follow this
iving will.	

In the event that I am unable to communicate or make my medical decisions, my HCS may:

- Talk to my healthcare providers and have access to my medical information
- Authorize my treatment or have it withdrawn based on my choices
- Authorize transportation to another facility
- Make decisions regarding organ/tissue donation based on my choices
- Apply for public benefits, such as Medicare/Medicaid, on my behalf

INDICATE YOUR MEDICAL CHOICES

I understand that this living will only becomes effective when I am:

- No longer able to communicate or when I am not capable of making my healthcare decisions known AND
- 2. Two physicians have determined that I have one of the following:

 - ⇒ A condition of permanent and irreversible unconsciousness, such as a coma or vegetative state
 - ⇒ An irreversible and severe mental or physical illness, such as end-stage dementia, that prevents me from communicating with others, recognizing my loved ones or caring for myself in any way

If I develop one of these conditions, I want my healthcare providers and my HCS to follow the choices I have made in this living will.
