

## How to play SoundTrak!™ The Music Game

### Game Contents:

- 260 Challenge Cards / 30 Groupie Cards
- Each player brings phone, tablet or laptop or device to play music.
- Game works with all music streaming services.

### Game Set Up:

- Participants gather around with game contents.
- Place challenge and groupie cards in center of table (separate stacks).
- Decide who will begin the game and initial direction of play.

### The Play:

1. One player selects the first challenge card. Player choosing card is always the Judge.
2. Judge reads challenge card aloud.
3. Each player in the challenge round will choose a song in response to card's topic and play a sample of the song for the group.
4. Judge declares winner of round and awards challenge card.
5. First Person to collect 5 cards is the Winner (or 7, or 10, or 20. It's up to you!)

### Types of Play:

There are 5 Challenges: DJ Battles, Wild Thing, House Party, Dance Off and Dance Party.

DJ Battles, Wild Thing and Dance Off cards provide direction on:

1. The number of players for the round: 2, 3, or everyone.
2. How players are selected: to the Judge's immediate left or right, or the judge selects the players.
3. Each player plays a song based on the card's topic: Song from the 60's, Favorite High School song, etc.
4. **Note-** For Dance Off and Dance Party cards, the Judge chooses and plays the song based on the card's topic.
5. Judge chooses winner and awards the card.

### Dance Party and House Party Cards:

- Everyone participates!
- For *House Party*, every player plays a song based on the card's topic.
- For *Dance Party*, the Judge chooses the song based on the card's topic.
- Judge chooses the winner.
- "*Wild Thing*" challenge cards allow judge to choose the challenge and participants.

### Playing the Groupie Cards:

- Groupie Cards function as an "appeal" or challenge to the Judge's decision.
- Players may lobby for their song or another players music choice.
- If majority disagrees with the Judge's decision, then a Groupie Card may be awarded to the preferred winner.
- Only One **Groupie** card may be awarded per round.
- Groupie Cards may be included in the total of the cards needed to win game.

We hope you will enjoy playing SoundTrak!™ The Music Game. Your feedback is important to us so we can continue to improve the game, share ideas on ways to play and of course, topic suggestions.
