

09 Configuration Lead

Client Summary:

This client is a global IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys.

Location: San Francisco, CA.
Job Type: Contract – W2
Duration: 12-Months
Eligibility: US Citizen, Green Card holder

Job Description:

The contract requires an experienced O9 Functional Consultant / O9 Configuration Consultant, with strong expertise in supply chain planning and enterprise system integration.

Responsibilities:

- Configuration & Data Management
- Design and configure O9 planning solutions tailored to business needs
- Develop and configure data models to support planning processes and what-if analysis
- Identify and specify data sets required for planning
- Perform manual data uploads to the O9 platform
- Functional Support
- Develop rapid Proof of Concepts (PoCs) to demonstrate O9 platform capabilities
- Present PoCs to stakeholders for feedback and validation
- Configure the O9 platform to align with defined business processes
- Technical Support & Integration
- Collaborate with IT and supply chain teams to assess requirements and implement O9 solutions
- Develop and maintain integration flows between O9 and existing systems, including third-party applications

Qualifications:

- 8 to 10 years of IT experience
- 7+ years of Kinaxis Rapid Response experience
- Minimum 5 years of O9 experience and hands-on implementation experience in SCM modules such as Demand Planning and Supply Planning
- Strong understanding of supply chain planning processes including demand planning, supply planning, S&OP, and inventory optimization
