

# Make your own BABY CHESTER TUMBLE TOY

1. Print pattern (cardstock recommended)
2. Carefully cut out each piece
3. Fold forward along dotted lines and backward along the triangles framing the main body piece.
4. Glue arms and legs together leaving flaps to attach them to the body
5. Put a marble into the body before gluing it all the way (see below)

Your completed Baby Chester Tumble Toy  
will tumble down a slight incline

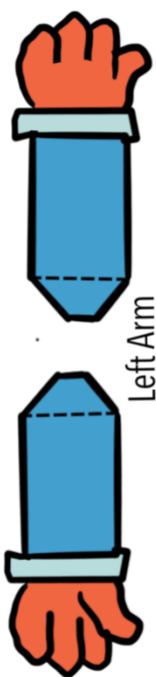

BODY

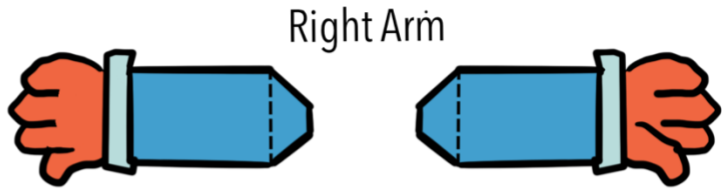

Front of horns

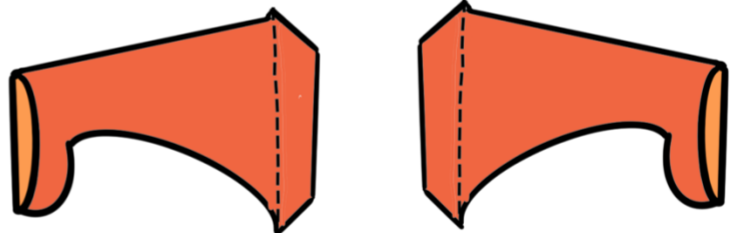

Back of horns

Left Arm

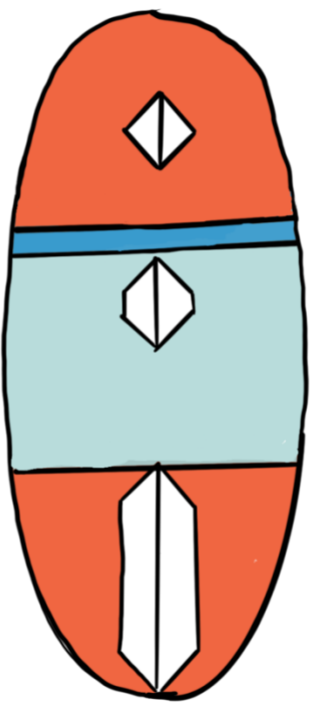

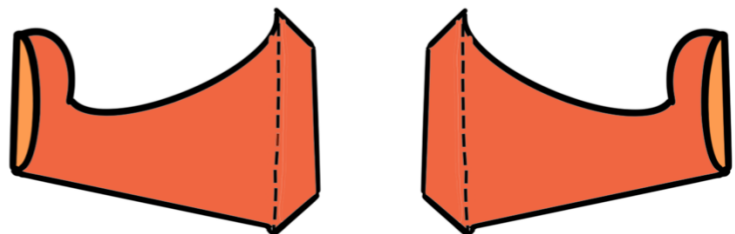

Right Arm
