[CDA Competition Rules](#)

CONDITIONS

Competition to be held under the Rules and Regulations of Canine Disc Australia (judging/scoring details for all events will be announced by the judge prior to the Event). and must adhere to the General Ground Rules of the Maximum Air Disc Dogs Inc...

All dogs and handlers must be a member with CDA.

Organisers reserve the right to refuse entry. Any dog who has had contact with an infectious disease (except kennel cough), will be excluded from any CDA event for 18 days post contact. If a dog on club grounds is established as having an infectious disease (except kennel cough), then all dogs on the ground are excluded from CDA events for 18 days.

Any dog who has kennel cough, or is in the same household as a dog known to have Kennel Cough is excluded from any CDA sanctioned event for 21 days from the onset of clinical signs of kennel cough...

Discentric Game

1. The thrower is restricted to the use of a maximum of two of the same discs for this game.
2. This is a 60 second timed event.
3. The handler and their dog must both be behind the throwing line and within the playing field before time can commence.
4. After receiving permission to start from the Line Judge, time will commence dependent on the timing system used by the host club. After the start the dog may be anywhere on the field to complete the challenge.
5. Each Disc must be thrown separately. The dog does not need to return the disc before the next disc is thrown.
6. Teams must first make a successful catch in one of the two Centre "Target Circles" before moving into the Throw Circle to continue the game. The Throw Circle will be a 7ft (2.1mtr) diameter circle from the centre of the field clearly marked.
7. In order for the catch to be deemed successful, the dog must catch the disc while they have at least 1 paw within the specified scoring zones, or all 4 paws in the Centre most "Target Circle".
8. Teams score points by strategically making catches in different scoring zones.
9. Only throws caught by the dog within the scoring zones will score points. The score is calculated based upon the lowest scoring paw/s at the time the catch is made (on the ground catch) or where the paw/s land after making a mid-air catch. A paw on the line shall score to the lower of the points possible. No additional points are scored for an in-the-air catch.

The following summarises the point scoring zones.

Target Circles (active only until the team's first successful catch)

- 10 Points = this is a 7ft (2.1mtr) diameter circle from the centre of the field clearly marked, all four paws required in this zone to earn 10 points.
- 1 Point = this is a circle with a 10yard diameter outer line & 7ft diameter inner line from the centre of the field, at least 1 paw in this target circle is required to earn 1 point and allow teams to move into the Throw circle to continue the game.

Scoring Zones (Once a team has made a successful catch in a target circle zone and moves into the Throw Circle the following zones become active.

- 0 Point = this is a circle with a 10-yard diameter outer line & 7ft diameter inner line from the centre of the field, at least 1 paw in this scoring zone earns teams 0 points.
- Points = this is a circle with a 20-yard diameter outer line & 10-yard diameter inner line from the centre of the field, at least 1 paw in this scoring zone earns teams 2 points.
- Points = this is a 30-yard diameter circle from the centre of the field, at least 1 paw in this scoring zone earns teams 3 points.
- 4 points = this is the area beyond the 3-point circle and within the boundaries of the playing field, a successful catch in this zone earns teams 4 points.

The qualifying score in the Discentric Game is a minimum of 18 Points. For more information please see the Canine Disc Australia – Rules & Regulations <https://caninediscaustralia.com/rules>
