

WE NEED YOU!

Sadly Annette Gidman has left Forestfield Estate and moved home so we wish her all the best in her new venture and thank her for all the hard work she put into the estate as a director over the years.

We have welcomed several new volunteers onto Forestfield Committee this year and always welcome residents to join and help where they can.

As a voluntary management we are running low on both committee directors and committee volunteers. So .. whether you are handy with accounts, great with organising paperwork or just able to walk to hand out information to residents.. help is always welcome!

Please keep in mind if we cannot keep the committee on a voluntary basis within the estate, the contract will have to be passed to a paid company to manage which in turn will spike our yearly maintenance fees which we do not want as we already keep this at bare minimum.

Contact one of us to come along to a meeting if you are interested in helping out, we are all a friendly bunch!
