Ride the Cyclone

Rehearsal Report: 6

Tuesday, 1/28/2025

Rehearsal Summary:	Today was an incredibly productive rehearsal! We hit our goal of choreographing all of #13 <i>This Song Is Awesome</i> , and are ready to dive into Talia tomorrow. We also got through all of our target staging - which was quite the lofty goal! We were all pleasantly surprised with how much we were able to get through today. We have officially staged half of the show, and are going to keep chugging along tomorrow. We are on track to have all of Friday as a review day as we initially hoped, and reach our goal of having the whole show staged and choreographed by the end of week three. Yippee!
In Attendance:	J. Franklin, C. Reilly, G. Cahill, M. Christopher C. Adams, A. Igoe, L. Amann, B. Briscoe, J. Lende, M. Langness, A. Blagg, K. Ottinger, R. Kleim, H. Feeney, H. Iniguez, C. Jessop, K. Denny
Absences (A), Tardies (T), Early Departures (E):	T: C. Adams (6:02)
Illness and Injury:	Lucy was feeling a bit nauseous during choreo today. She sat out for a while and took some medication, then jumped back in once she was feeling better.

Ride the Cyclone

Rehearsal Report: 6

Tuesday, 1/28/2025

Direction - J. Franklin

- Margaret is going to come in and work intimacy choreography.

Music - C. Reilly

- Max, please reach out to Jeremy and Emma to give at least 24 hours notice for any absences.
 - We need a bongo to use as a prop.

Choreography - G. Cabill, M. Christopher

- Jeremy has staged *Noel's Lament/That Fucked Up Girl* so that Noel ends CS on the deck. Behind him are the students in a pyramid formation. Mischa then Ricky behind to SR, Constance then Ocean behind to SL, then Jane directly behind Noel.
 - Jeremy has staged *Every Story Has A Lesson* to begin with Ocean down on the apron, Constance behind her on SR and Jane behind her on SL (on the step), and Mischa behind Constance on SR and Ricky behind Jane of SL. They are in a pyramid formation.
 - Jeremy has staged *Every Story Has A Lesson* to end with the students in the same formation, but landing center stage.

Scenic and Technical Direction - K. Stepanek, B. Bonjour, M. Legate, R. Chang

- Mike, are we planning on putting breaks on the back of the slip stage? If not, we definitely need to rethink that, because it needs breaks.
 - Mike, please send Emma a list of shop carpenters for the program as soon as possible.
 - Where on the Karnak box is the lever?
 - Is there space behind the vaudeville stage to store props?
 - The Karnak booth needs some kind of chord on it so it can be "plugged in" on stage
 - Can we build a seat into the pile of props.

Properties - N. Kowalski

- The side item made out of a cup and yellow tube fell off of the robot head during rehearsal. Can we reattach it more securely?
 - Can we take the chord off of the fan?
 - The robot head strap is not secure at all. Can we do a bike helmet sort of situation so it stays on August's head and doesn't fall off?
 - Jeremy wants a bong for Ocean backstory.
 - Need a bongo to use as a prop.
 - We need a cane back chair for Noel.
 - One of the end caps keeps falling off of the wand. Please fix.

Lighting - J. Legate, N. Cookson

- Nothing at this time, thank you!

Sound - M. Legate, K. Denny

- We need to attach a sound effect to Noel in Taco Bell costume.

Costumes - J. Van Brussel, S. Lewis

- Can you talk to Kaeden and see if he is comfortable taking off his shirt for #13 *This Song Is Awesome*?
 - Discuss having a pocket or something on Ricky's costume to hold wand.
 - Can we have Noel's uniform and heels by the beginning of next week? Or at the very least some sort of rehearsal version.

Hair and Makeup - I. Basham

- Nothing at this time, thank you!
