

To Whom It May Concern,

I am writing to formally acknowledge and document the assistance I received from the Caribbean Safety Agency, Mr. Anthony Leacock, and additional supporting bodies during my recent domestic abuse crisis.

Following a prolonged and escalating situation of domestic abuse in Barbados, I sought emergency protection and support. The Caribbean Safety Agency, under the direct care and guidance of Mr. Anthony Leacock, acted promptly and compassionately. They ensured my children and I were removed from the unsafe environment, provided emotional support, and coordinated all necessary steps for our safety.

Mr. Anthony Leacock personally assisted in arranging communication with the British Embassy, ensuring I was able to attend the embassy appointment, complete the required processes, and secure safe passage to the airport. This included guidance in obtaining the police report documenting the abuse, which was essential for my travel and protective measures.

Recognizing that my children and I were unprepared for the colder climate in the United Kingdom, the Caribbean Safety Agency helped us obtain warm clothing and necessities. Their intervention ensured the children remained warm, safe, and cared for during a very distressing time.

Upon boarding the Virgin Atlantic flight to the United Kingdom, the cabin crew provided compassionate care throughout the journey. They supplied us with food, clothing, and essential items to support us through the first twenty-four hours, knowing we had left our situation with very little. Their kindness made an immediate and meaningful difference during a vulnerable transition.

I am deeply grateful for the collective efforts of the Caribbean Safety Agency, Ms. Sonia Keaney, the British Embassy staff, and the Virgin Atlantic cabin crew. Their coordinated support allowed my children and me to return safely to the United Kingdom after a traumatic and dangerous situation.

This letter serves as a formal record of the assistance provided.

Yours faithfully,

Natasha
