

ACCESSIBILITY STATEMENT

Effective Date: September 1, 2026

Last Updated: September 1, 2026

ELEVARE Business Development, LLC, doing business as ELEVARE Lab Solutions ("ELEVARE"), is committed to providing a website that is accessible and usable for as many people as possible, including individuals with disabilities.

We strive to improve the accessibility and usability of our website and work toward providing an inclusive online experience for all visitors.

Our Commitment

ELEVARE aims to incorporate accessibility into the design, content, and functionality of our website. We are continually reviewing our website and making improvements where reasonably possible.

Our accessibility efforts may include:

- Providing clear and readable website content
- Using descriptive headings and navigation
- Providing alternative text for meaningful images where appropriate
- Maintaining sufficient contrast and readable text
- Supporting keyboard navigation where possible
- Designing pages to work with commonly used browsers and assistive technologies
- Reviewing website content and functionality as updates are made

Because website accessibility is an ongoing process, some areas of the website may not yet provide the same level of accessibility for every visitor. We continue to evaluate and improve the website as technology, accessibility practices, and our content evolve.

Third Party Content

Our website may include links, embedded content, forms, or services provided by third parties. While we strive to work with accessible technologies and services, ELEVARE does not control the accessibility of third-party websites or platforms.

Need Assistance?

If you experience difficulty accessing any portion of our website or have suggestions for improving accessibility, please contact us.

Email: jen@elevarebd.com

When contacting us about an accessibility issue, please describe the page or feature you are having difficulty accessing and, if possible, the type of assistance you need. We will make reasonable efforts to address your concern and provide the information or service you are seeking through an accessible alternative when possible.

Ongoing Improvement

ELEVARE views accessibility as an ongoing responsibility rather than a one-time project. We will continue to review our website and make reasonable improvements to support accessibility and usability for all visitors.
