About Stratagen

Stratagen is a professional services company that provides IT consulting and program support to commercial and federal agency initiatives, programs, and mission-critical systems. We leverage our program management and IT expertise and ability to identify and retain top talent to support our customers' program execution, next generation technology implementations, and strategic leadership. Stratagen's proven track record in client delivery, innovative technology solutions, and detail to customer mission requirements make us an ideal partner for DOJ FBI and other federal clients. Stratagen is a General Services Administration (GSA) Schedule holder and HUBZone Certified small business based in West Virginia that is eligible for direct award contracts.

Contact: information@stratagen.us

Stratagen's leadership team brings over 90 years of combined experience and subject matter expertise in the Federal space, with 35+ years of direct FBI CJIS support to drive management, analytical, and IT solutions across all systems, including NCIC, LESS, NGI, and NICS.
