

# stratagen

Stratagen is a HUBZone Certified, General Services Administration (GSA) Schedule holder, small business based in West Virginia. Stratagen is a professional services company, providing IT consulting and program support to federal agency initiatives, programs, and mission-critical systems. We leverage our management and IT expertise, past performance at the DOJ FBI, and ability to identify and retain top talent to support our customers' program execution and next generation technology implementations. Using industry best practices and best value solutions, we provide the U.S. Government with quality personnel and support to enhance the Nation's efforts for national security and public safety.
