

Dana's Dogs LLC

Giving personal care to your pets while you're away

Rainbow Bridge Protocol

Pet's Name: _____

Dana's Dogs' policy is to have an Advanced Directive or Rainbow Bridge Protocol for senior and/or pets with a medical or physical condition that could be life threatening. This is a precautionary measure to guide us in following your wishes if your pet passes away while in our care.

Please check of your wishes below:

- I want my emergency contact to be called to pick up and assume responsibility for my pet. However, if my emergency contact is unreachable or unavailable, I understand that Dana's Dogs will transport my pet to a veterinarian or crematorium and the expenses will added to my invoice and payable to Dana's Dogs LLC.

Emergency contact's name & contact information: _____

- I authorize Dana's Dogs to transport my pet to a veterinarian's office or crematorium for cremation and I wish to have my pet's ashes returned. This would be a private cremation.
- I authorize Paw Prints Pet Services to transport my pet for cremation but I do NOT wish to have my ashes returned. This would be a group cremation.
- I do NOT wish to have my pet cremated and would prefer to have my pet returned to me for a private burial. Your pet will be kept at an appropriate facility until your return and your pick up.
- Do you want us to contact you in the event your dog passes away while in our care? If yes, please give us your best contact information to reach you for this trip.
Your best contact information: _____
- If my pet is found deceased, I would prefer to wait to learn about it upon my return.

By signing below, I understand that costs may be incurred for transportation, cremation and/or storage of my pet. I give Dana's Dogs permission to follow through with my wishes as stated above and I agree to make any payment due upon my return.
