DID WE TRICK YOU?

Here are the sneaky tricks we hid along the way!

1 PAGE 8 — BLOCKED!
The maze couldn't be completed normally. Go back and break through ONE wall.

2 PAGE 13 — SPIDER TROUBLE!
One of those spiders wasn't quite right — it only has six legs instead of eight.

3 PAGE 15 — SOMETHING'S MISSING!
Question 5 is missing the + sign between the pumpkin and spider.

4 PAGE 16 — DID YOU STOP TOO SOON?
We asked you to find 8 words... but we never said they were the only 8 words hiding there! Go back and look again. How many EXTRA words can you find?

5 PAGE 18 — DOUBLE BOOKED!
The Vampire and Skeleton both want Window 6, while Window 3 is empty. That puzzle was deliberately impossible.

6 PAGE 19 — ONE EXTRA!
You were asked for six differences — but the leaves changed colour too, giving you an extra one.

ONE LAST TRICK...

Tricky Kitty has been popping up throughout your Halloween Pocket Puzzles.

How many black cats can you find hiding throughout the book?
