

Name: Ebert G. "Bill" Beeman

Address: 3439 Adelaide Drive Erie PA 16510

Date of birth: February 2nd, 1949

Education: BA in Mathematics

Occupation: Former welder at General Electric, former truck driver, former Notary Public, now retired.

Experience: Served as Waterford Township Auditor and was a member of Erie County Council.

Question: What is the No. 1 problem facing the 16th Congressional District and what specifically would you propose to solve it? (100 words or less)

The economy. The government is claiming that the economy is doing great but that's not the personal experience of a lot of people. Inflation is destroying the purchasing power of our money. We need to both cut spending and taxes across the board. We need to stop expecting the taxpayers to bail out banks and corporations that make bad business decisions. Government shouldn't be picking winners and losers. We just need to allow the free market to work.
