

FOR IMMEDIATE RELEASE

SpearPoint Global Supply™ Launches to Deliver High-Quality Specialty Fasteners and High-Demand Jobsite Consumables with Global Reach

Backed by decades of industry experience and a global sourcing network spanning the globe.

Dallas, TX — August 2025 — SpearPoint Global Supply, a new global wholesale company focused on specialty fasteners and jobsite consumables for the industrial and commercial markets, officially announces its launch. SpearPoint is led by industry veterans Drew Sundholm and Bobby Gheen through their holding entity, DBX Partners, LLC.

SpearPoint Global Supply will serve **industrial and commercial distributors**, with a targeted portfolio of high-quality, high-demand products. With a vast global sourcing network and over 50 years of combined leadership and industry experience, the company is built to help customers streamline their operations, improve their processes, and accelerate their production.

“Our mission is simple—deliver better products, better reliability, and provide a deep commitment of service to our customers,” said **Bobby Gheen**, Co-Founder. “SpearPoint is built on the trusted relationships we’ve developed over decades, and we’re here to help our customers win.”

The company’s product focus offers customers **private-label opportunities**, as well as access to SpearPoint’s exclusive **DRIVN™** and **TRADEWORX™** product brands.

“SpearPoint is positioned to bring real change to the market,” added **Drew Sundholm**, Co-Founder. “With global sourcing strength and direct ties to dealers and distributors nationwide, we’re giving our customers the competitive edge they’ve been waiting for.”
