Insurance Reimbursement:

Izabela Beach does not bill insurance companies directly. The patient is expected to pay for therapy sessions and then may apply to their insurance company for reimbursement. Therapy sessions are typically a full hour (more or less as necessary) rather than allocating time for dealing with insurance companies. Receipts are provided using typical physical therapy insurance codes.

When provided by a licensed physical therapist who is also certified as a Schroth Scoliosis Therapist, Scoliosis Specific Exercises and management are considered under the umbrella of physical therapy services. If you have out of network insurance coverage for out-patient physical therapy, you should be eligible for reimbursement at their standard out-patient rate. Izabela Beach is not an in-network provider, and therefore your reimbursement will most likely be at the insurance company's out of network rate.

Please be advised that in the event of a missed, cancellation less than 24-hours prior to scheduled appointment or no-show appointment, there will be a full charge of the session.
