

COVID- 19 General Policies

- Guests ages 12 and over must provide proof of a professionally administered rapid antigen test taken no more than 24 hours prior to the performance date or a professionally administered negative COVID-19 PCR test taken no more than 72 hours prior to the performance date.
- In lieu of a negative COVID-19 test, voluntary proof of being fully vaccinated against COVID-19 may be presented.
- In all cases, a valid matching photo ID must also be presented.
- Masks are strongly encouraged for all patrons ages 12 and over and required for children between the ages of 2 and 11.

Acceptable Proof of Testing or Vaccination

- Test results from a lab with confirmation of results, including date, time and name matching the ID.
- CDC vaccination card showing full vaccination at least 14 days prior to event. Proof of full vaccination means that the last vaccination dose has been administered at least 14 days prior to the event; if the dose is from a two-dose vaccination series, full vaccination status is not met until 14 days after the second dose.
- Proof of a professionally administered negative COVID-19 rapid antigen test taken no more than 24 hours prior to the event.
- Proof of a professionally administered negative COVID-19 PCR test taken no more than 72 hours prior to the event.
- Photos and printouts are acceptable for all of the above.

We will not accept the following as proof of a negative COVID test:

- At-home tests (e.g., Binax at-home tests)
- Rapid tests brought to the venue to be performed onsite
- Antibody tests
- Test results outside of the required window
