

REGULAR MEETING  
SHERIDAN VILLAGE COUNCIL  
October 14<sup>th</sup>, 2025

The regular meeting of the Sheridan Village Council was called to order at 7:00 p.m. by President McKay.

Pledge of Allegiance was recited.

Present: President McKay, Pro-Tem Edelman, and Trustees: Ritter, Wyckoff-McFarland, and Pomranky.

Absent: Trustee Wagner

Guests in attendance: Pete GeHoski, Mechela Anderson and Mike Vander Ploeg (Fleis & Vandenbrink).

Public Comment: Mike discussed the bids received for the Iron Filtration Building, the Village received twenty bids for the construction; this is an exceptionally good showing of bids, and they were incredibly competitive. One company did withdraw their bid, but Mike presented the recommendation of Fleis and Vandenbrink, along with the bids from all companies. Mike went on to discuss the contingency and the scope of work. Construction will start soon with well rehab and cement pouring. The building will start in March; it will be about 20 x 60 and resemble the DPW building. The residents that were present were asked if they had any questions for Mike, there were none, so Mike then departed, and Pete GeHoski was asked to go ahead with his comments. Pete stated that he would like to see the Village employ a Police Officer, he went on to explain that we have traffic issues in the Village, and they have been reported to local Law Enforcement, who are short staffed and have not been able to patrol the Village. Mechela Anderson agreed with what Pete had to say and added that it is mainly in the evening, cars speeding through Village streets, she has several videos and pictures. President McKay explained that the Village simply does not have the money at this time to employ a full time Police Officer with the large water project that is just starting. He went on to say the Village currently contracts with Stanton Police to assist in enforcement of our ordinances and he is hoping to expand that contract in the future. President McKay asked that they keep reporting and retain all pictures and videos. Mechela stated that she keeps reporting, and no one even comes to speak with her. President McKay asked both residents to bring the recordings to the office and we would see how we may be able to assist. Pete stated that he felt like a part time officer, someone in uniform would help. President McKay went back to the money aspect, and that we must work with what we have. Pete inquired about expanding the Village, for example, the Holland Lake area. President McKay explained that it is not as easy as it sounds, property would have to be annexed to the Village and requires the townships to give that property up, along with several conversations, legal work and all the other issues to fight through.
