### MISSION STATEMENT

Creating a nurturing environment where children and teachers can tingle with discovery is the mission of Bridges School. The school is founded with the conviction that making connections defines the learning process. The whole school community --- teachers, students, and parents --will become the bridges that link life and learning and provide a deeper understanding of the concepts, patterns, and principles that are foundation of knowledge in our world.

Bridges accepts admissions without discrimination based on race, religion, ethnicity, or disability.
