

IN FRAME

KITCHEN COLLECTION

In Frame

The In Frame collection blends the enduring elegance of traditional cabinetry with the precision and performance demanded by modern life. Crafted with meticulous attention to detail, each kitchen is defined by a classic framed construction, enhanced with a smooth painted finish that elevates every space it inhabits.

- 10 year frontal guarantee - Painted
- 20 year guarantee on cabinets

Parchment & Enchanted

Our Powder and parchment paint colours bring a calm, confident energy to our In Frame kitchen design. Powder delivers a soft, contemporary green-grey that feels fresh without trying too hard, while Parchment’s warm neutral tone keeps the space grounded and timeless. Together they strike a balance between cool modernity and classic comfort—perfect for homeowners looking to create a kitchen that feels both current and effortlessly welcoming.

Cobalt & Limestone

Cobalt and Limestone bring a sharp, design-led edge to our In Frame kitchen. Cobalt's bold, inky blue delivers instant impact, while Limestone softens the palette with its understated, warm neutrality. Together they hit the spot between expressive colour and everyday usability. Paired with brushed brass and marble textures, this duo reflects a growing shift towards kitchens that feel curated, confident and ready to impress without overwhelming the space.

Fern, Glade & Cashmere

Combining our paint colours of Fern, Glade and Cashmere create a quietly confident palette that taps straight into the nature-inspired kitchen trend. Fern brings a deep, earthy richness, Glade adds a softer nature lift, and Cashmere grounds the whole look with its warm, modern neutrality. Together they deliver a space that feels calm, curated and effortlessly liveable—perfect for anyone wanting an In Frame kitchen that blends organic character with contemporary style.

Limestone & Sienna

Using the paint shades of Limestone and Sienna bring a confident, design-focused warmth to the In Frame kitchen design. Limestone's soft, understated neutrality keeps the space light and refined, while Sienna injects a hit of earthy, modern colour that feels both inviting and on-trend. Together they strike a fresh balance of calm and character—perfect for anyone looking to create an In Frame kitchen that feels contemporary, expressive and effortlessly welcoming.

Powder & Parchment

Our Powder and parchment paint colours bring a calm, confident energy to our In Frame kitchen design. Powder delivers a soft, contemporary green-grey that feels fresh without trying too hard, while Parchment's warm neutral tone keeps the space grounded and timeless. Together they strike a balance between cool modernity and classic comfort—perfect for homeowners looking to create a kitchen that feels both current and effortlessly welcoming.

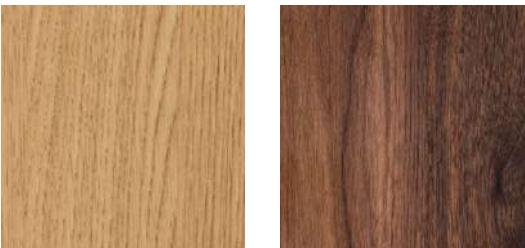

Our Painted Palette

We offers a comprehensive painted colour palette of 26 stocked commercial colours on a paint to order basis with 5-week lead time. All our colour tones have been carefully selected to ensure that the In Frame range is perfectly adorned in any space.

- Mounted on Grass Dynapro runners with full three-way adjustment and quick-release removal (see www.grass.eu)
- 40kg load bearing
- To suit 560mm deep base unit

Handles that Define the Details

In every In Frame kitchen, it's the smallest details that speak the loudest. Our handle collections are designed to bring your vision to life — whether you're drawn to the enduring charm of heritage styling or the crisp sophistication of contemporary design.

Classic Elegance

Our classic handle range has been curated to complement the timeless beauty of in-frame kitchens. From rustic knobs to sleek bars and statement cup handles, every piece is crafted to reflect authentic period style.

Whether you lean classic, modern, or a confident blend of both, our handle collections is designed to harmonise with your chosen cabinetry — adding the perfect finishing touch to your In Frame kitchen.

Choose from an array of distinctive finishes. For a bold, tactile statement, our textured knurled knobs, bars, and pull handles — available with or without backplates — add a refined, crafted edge.
