www.homewinemakersclassic.com

\$50 Admission (\$45 pre-sale) - Raffle Tickets \$5.00 each

HOME WINEMAKERS CLASSIC
JULY 27, 2019
"THE ULTIMATE CULT WINE
EVENT"

Our annual fundraiser, "The Home Winemakers Classic," is taking shape. This year we will be celebrating our 36th anniversary!! We are pleased to announce that we will be returning to the CIA at Copia in downtown Napa. So come and have a GREAT time, drink some fantastic wines, eat delicious food, and bid on fantastic silent auction items while supporting your local volunteer fire department. This event has become, without a doubt, the best party for home winemakers in all of California! However, without this fund raising event, the Dry Creek-Lokoya Volunteers would not be able to support our community.

However, I must also announce that this will be the **LAST** Home Winemakers Class for the Dry Creek-Lokoya Volunteer Fire Department. I will be retiring next year and no one has stepped up to take on the work needed to organize this event. We are also short on support staff. But, this has been a **GREAT, 36 year run** with lots to be thankful for.

So, let's party like it is 1999? Go to our website to purchase tickets and to see more information:

www.homewinemakersclassic.com

I must also thank the numerous individuals that have worked hundreds of hours to put on this event year-after-year with spectacular results. Could not have done this without your dedication!

Your Local Volunteer Firefighters Do More Than Just Put Out Fires!

While fires, both structure and vegetation, are the most noticeable and seemingly most dangerous to the most number of neighbors, you local firefighters also respond to medical emergencies (about 95% of our calls), traffic accidents, assist with water and rope rescues, and mitigate other hazards (trees and power lines down across our roads). This is why they train so often and need to have the same training as the paid county firefighters. Below are some of our trainings we must attend to stay proficient in our skills.

Auto Extrication

Entanglement Prop

Wildland Fire Hose Lay

Structure Fires

MVFSC 911 Address Sign Project

911 REFLECTIVE ADDRESS SIGNS

**Help The Fire Department Find Your Home When Every Second Counts!
(You Have Seen This Article Before But Too Important Not To Run Again!)**

Have you noticed all the new, green address signs in our neighborhood? Join your neighbors as seconds count in emergencies. Your local volunteer firefighters have been able to find emergencies much faster due to the 911 green signs.

911 reflective address signs save time when emergency crews are responding to your house. We respond from multiple directions so the address numbers need to be seen from both directions to your location. Many people expect that all help will come from Napa City but that is not true. To aid emergency personnel in finding your home, residents are encouraged to purchase a 911 House Numbering Sign, a reflective address sign made of green reflective metal background with large, 4" white reflective numbers. These 911 reflective address signs can be seen from great distances at night, and are the easiest house numbers for emergency crews to spot. If you have one of these reflective address signs and others on your street do not, tell them they need to have these reflective 911 address signs, as many times we must slow down to check their numbers to be sure we are not passing the house we are responding to. If they had a 911 reflective house number sign, we could pass their house without needing to slow down to see their house numbers.

The Mt. Veeder Fire Safe Council is now offering the 911 Address Signs at a reduced price of \$10.00 (no tax) with free, personal delivery if in our local area. These 911 address signs meet the Napa County Fire Department regulations for house numbering (Fire Safe standard #14).

Go to www.mtveederfiresafe.org to find the order form near the bottom of the website and how to pay. Help the local Dry Creek-Lokoya Volunteer Fire Department firefighters and other emergency apparatus easily find your home when every second counts!

Good Address! Easy to find.

What is the address?
