---

ADDITIONAL INFORMATION

- This first bullet is a moniker, it is how the company will recognize you beyond your work experience, this is the one thing that makes you different than everyone else in your program/job – still an accomplishment
- Cool internship or project – include 1 line about something you did
- Perhaps a competition you won, or a pro-bono consulting project
- An impressive certification like Lean Six Sigma or similar – maybe reference a project with numbers
- Technical skills, like macros and VBA programing, Python, etc. – DO NOT PUT MICROSOFT OFFICE
- Something fun, like member of a soccer team, and some passions/hobbies
- Languages: fluent English; conversational Klingon; basic Kryptonian
